## Shrimant Maharaja Sayajirao Gaekwad III

The purpose of all education is to fit men to play their parts on the stage of the world with efficiency; and indeed if they have no parts to play, the efficiency with which their education has endowed them is likely to become atrophied... But in days of change, of social and political enfranchisement, we especially need in our universities to study to build up in our young men a character which will enable them to cultivate restraint in word and deed. For there can be no rights, no privileges, no genuine freedom, without corresponding duties, obligations and self-restraint.

**H. H. Sir Pratapsinhrao Gaekwad** (29th June 1908 – 19th July 1968)

His Highness Pratapsinhrao Gaekwad was an able administrator, who was properly trained in administration by His Highness Sir Sayajirao Gaekwad - III himself. He was consecrated on 7th February 1939. During his period, the New Constitution was approved in 1940. It was viewed for the welfare of both kingdom and subjects. In 1940, the Shantadevi Trust & the Padmavati Trust for Welfare of T.B. Patients were approved. The M.S. University of Baroda was established in 1949. He said at that time "experts are to be trained from our own people." He also signed the proposal of dissolution of private states.

*Though men be endowed with beauty and youth and born in noble families, yet without education they are like the Palasa flower which is void of sweet fragrance.*

*Taking inspiration from the above subhasita and the ancient Indian scriptures, there is no doubt in the fact that education is the only means to reach to excellence. What good shall it be for a person to be of high social stature but devoid of education? It is very rightfully explained that education is to a person what fragrance is to flowers. With this conviction in the power of education and hard work, and the zeal to be fragrant among other prestigious educational institutes, we began working afresh on this year's Annual Report for the year 2018 - 2019.*

(Scholar and king are never comparable. King is worshipped in his country, but an educated person is worshipped everywhere.)

*It is my privilege to share some thoughts as the Convener of the 70th Annual Report. For me there is no greater joy than being among the learned. While preparing for the Annual Report, this year, I thought it worthwhile to reflect over the purpose for all this hard work and how can it be used to make a difference to the society. It is rightly said that any progress is based on dreams and requires change. With this constant thought in mind, this year, we have put in our best efforts in bringing out this 70th Annual Report. The Annual Report, this year, highlights some of the prominent researches and academic achievements, along with the other major administrative reforms and educational activities carried out during the year 2018-2019. It provides an opportunity to reflect on the significance of academic researches, educational achievements and effective governance gained by The Maharaja Sayajirao University of Baroda and the contribution that The Maharaja Sayajirao University of Baroda makes in assisting the city's transformation into a knowledge hub. The Maharaja Sayajirao University of Baroda has always taken initiatives in the field of teaching and research, and has been in the limelight in areas of extension and co-curricular activities. The significant academic growth of our University is an indicator of the inherent effectiveness of this great institution and of the excellence of the human resources.*

*Self-belief is extremely important for progress. Sincerity is a sign of such self-belief. The ability to accept, evaluate, adapt and adopt new ideas is very essential. Keeping this in mind, our University has put all efforts to generate ideas among students and teachers during the year. The University has received considerable grants during the year from various agencies for development and research activities. To enhance the teachers' and researchers' potential, various faculties and institutions have organized and conducted various regional, national and international seminars and conferences during the year. A good number of research projects have been approved with generous grants in each case. Many teachers from various faculties have been granted financial assistance for participation in conferences and seminars, abroad. During the year 2018-19, many of our faculties and institutions have done a remarkable job and under the able leadership of Prof. (Dr.) Parimal Vyas, Honourable Vice-Chancellor of our University, we have made an effort in collecting entire information for Annual Report online again this year. The details about the decisions of Board of Studies and Faculty Boards, The Opinions, Suggestions and Feedback from Alumni, Parents and Students, the awards and felicitation of individual teachers, the PhD information and unique features of every academic institution have also been incorporated in the Annual Report as special phenomena. We have also made very important progress in the area of Alumni Cell with special emphasis on Alumni activities and their online registrations. # 3. Faculty of Arts

## 1 INTRODUCTION

A premier institution of teaching and research in languages, social sciences and the humanities, the Faculty of Arts, owes its genesis to The Baroda College, established in 1881 by H. H. Maharaja Sayajirao Gaekwad – III of the erstwhile Baroda State. The Faculty is sanctified by the name of the seer and philosopher, Sri Aurobindo Ghosh, who had been appointed by Sir Sayajirao to teach English and also as the Vice-Principal of the erstwhile Baroda College.

The alumni of the erstwhile Baroda College and the present Faculty of Arts included well-known personalities like Acharya Vinoba Bhave, Shri Rang Avadhoot, Shri Mota, Shri K. M. Munshi, Kakasaheb Kalelkar, Shri Rajendra Shah, Dr. M. N. Srinivas, Dr. B. Subbarao, Dr. I. G. Patel, Dr. V. Y. Kantak, Dr. Suresh Joshi, Dr. Sitanshu Yashashchandra and others.

The founding vision of the Faculty was charted, realized, and furthered by eminent academicians and stalwarts in different disciplines, and it remains committed, through its sustained efforts, to the enhancement of this rich tradition as well as the expectations and demands of the present day changing environment. Among other institutions in the region, the position of the Faculty of Arts is distinguished by the wide variety of disciplines in which it imparts training and knowledge.

The Faculty has always endeavoured to establish a network of intellectuals with a view to contributing to the cause of knowledge and imparting education, responsive to the changes taking place in the field of knowledge and technology, to encourage multi and interdisciplinary research, to introduce and develop courses, bringing them in line with contemporary theoretical developments and also relate them to societal concerns and issues. It also attempts at promoting and developing educational opportunities in tandem with the demands of social justice.

In an endeavour to bringing all its Programmes in line with the proposed uniform pattern all over the state and the country, with effect from the Academic Year (2011-2012), the Faculty of Arts introduced a Choice Based Credit System (CBCS), initiated by the National Knowledge Commission, University Grants Commission and the Association of Indian Universities.

### Department of Economics

Established in 1949 the Department of Economics was honored with the establishment of the I.P.C.L. Centre for studies in National and International Industrial Development in 1977 with an endowment fund of Rs.6 lakh.
The Dept. was recognized as a Department for Special Assistance by the UGC in 1985 and was granted IVth Phase from 2002-03 to 2006-07.
The Planning Commission's Centre for Research in Planning and Development was established in April 1995 with an endowment fund of Rs. 30 lakh.
Under UGC Assistance for Strengthening of Infrastructure Humanities and Social Sciences (ASIHSS) Programme, 2005-06 to 2009-10, the Dept. received a fund of Rs. 45 lakhs.

### Department of French

The Dept. of French has achieved much in terms of academic growth and development since its inception in the 1890s when His Highness Sir Sayajirao Gaekwad appointed Shri Aurobindo Ghose to teach French in the erstwhile Baroda College. Despite severe constraints the Department of French has achieved several milestones: started Self Financed Courses in French in 1996; began French Major Courses and Post Diploma in French in 2006. M.A. in French under the Higher Payment Program (H.P.P) commenced in July 2016. Journals and books have been acquired under the UGC Plan as well as proposals for additional teaching staff has been put forward. Regular organization of activities both cultural & academic are held every year and an UGC sponsored National Conference in French Studies was held in February 2015.

Teaching of French Language, Literature, Linguistics, Translation, Civilisation and Culture are the strong academic points of the Department. Students not only from the city of Vadodara but from all over Gujarat and other parts of India enroll for various French courses. Many students from the Department have been placed as language executives in various companies in India and abroad and there is a constant demand for translators and teachers in institutions and companies. Students have been inducted as French teachers into important schools of the city and into Universities like GSFC Univ. Regular seminars and talks are held for students and teachers. Both students and teachers have been recipients of French Government Awards, Scholarships and Exchange Programmes. The Dept. of French has strong ties with the French Embassy and its Cultural Institutions in the region. Constant and regular review of syllabi, methodologies and teaching practices for better and effective teaching and learning of French is done. **1. INTRODUCTION**

His highness late Maharaja Sayajirao Gaekwad has developed Vadodara as "Culture city". He founded "Baroda High School" to enhance education in the state. The ironman of India Shri Sardar Vallabhbhai Patel had also studied in this school. Then in 1951 A.D. this school was put under faculty of Education and Psychology, The Maharaja Sayajirao University of Baroda for teaching practice and experiments hence named as the Experimental School. At that time the school was up to the 11 standard. In each class only 35 students were given admission. The ratio of teacher was 2:5 per each class. In 1976 the science stream and commerce stream were started due to the new education policy of the Government.

The students of this school have brought glory to this school by achieving the first rank to tenth rank in Vadodara city as well as in the Board Examination. Today this school is one of the leading schools of the city. The students have also brought glory to the school in various fields like drawing, music, hobbies and sports. ## Department of Applied Arts

Applied Arts at a glance:

The Department of Applied Art has been part of the Faculty from its inception and is well known for its contribution to the University and the city of Baroda. In over fifty years of its existence, the Department has been running professional courses giving degree and diploma at graduate and postgraduate levels.

The faculty has adopted a four year programme for BVA. The post graduate courses are for two year durations. Our courses have gained wide professional acceptance. The objective of this course is to teach design and its applications in communicative and advertising visual media.

Objectives:

Applied Art as the name itself suggests is an application of the traditional art forms in day to day life adding aesthetics of planned design and making 'art' more practical, adaptable and feasible to use. The idea is not to 'commercialize' art as many wrongly believe. s

The objective is to teach fundamentals of design and its aesthetic applications in communicative and advertising visual media. The guiding and teaching structure of the Department is therefore to facilitate the understanding of a problem and then generate workable visual solutions for effective communication through various exercises and project assignments.

Mission:

Tremendous changes are taking place and information technology is sweeping the world. Traditional methods of mass communication and mass production now largely revolve around the internet - which requires a different kind of mind set.

Our endeavour is to form a bridge between the conventional and the most modern design. Keeping close to the basics and connecting them to modern applications. Applied Art changes with the times because the applications and implications of art keep changing.

Methodology:

The Department facilitates constant improvement of design skills through options and possibilities based on rigorous mental and creative exercises. The staff is highly competent in their respective subjects. We also invite experts for workshops and interaction.

The courses are extensive and practical. Teaching involves interaction and discussions. The teacher-student relation forms a strong bond of trust. Students from diverse backgrounds are brought on one platform although the work maintains individuality.

## Department of Art History and Asthetics

Established in 1965, the Department of Art History and Aesthetics initiated the undergraduate course with specialisation in Art History that was eventually followed by the postgraduate course and the doctoral research program.
Leading academicians holding teaching positions in most Art History depts. of the country and even abroad are alumni of this dept. and so also leading practitioners such as art critics and curators of prominent art galleries.
The department has over 1,30,000 visuals in the form of transparencies, photographs, reproductions and documents, making it one of the best archives of its kind in the country.

The Department received the honor of being recognized by the UGC for the Special Assistance Program from 1987-2007 consecutively for two terms followed by the ASIHSS (2005-2010) and was recognized as a Regional Documentation Center with a thrust area to document Western Indian art.
It has held prestigious seminars on cutting edge areas in Art History and published in these areas. Several eminent art historians have visited the department for giving lectures and interacting with the students.

Materials of these types from ancient to contemporary times contribute enormously to cultural wealth of the country and seek our special care and attention. Conservation of these invaluable art objects from various cultural contexts requires an ethical approach complemented with appropriate art historic and technical studies. These objects face deterioration because of its age, the environment of its location and become vulnerable over the time. These types of objects usually indicate issues of damage, saline deposits, and accretions.<br><br>The present seminar and workshop is designed with an aim to enhance the student participant's understanding of these art forms, familiarize them with the issues of deterioration, preventive, remedial and curative measures for their protection. ## 19(B) ANY INNOVATIVE PROCESS ADOPTED BY THE DEPARTMENTS IN TEACHING AND LEARNING

### Department of Clothing and Textile

Use of Interactive Smart Board: Use of technology for quick and convenient dissemination of concepts. Used at the M.Sc. level for explaining student the concept of weave plotting, before the concept is actually delivered there is a lot of manual drawing involved, which consumes class timing and delivering multiple variants becomes difficult. But with the aid of the Interactive Smart Board, labour is reduced and actual delivery of concepts and its related variations in weave plotting are taught. Students keep abreast with technological advancements in the field, as they also learn through specialized software for that particular plotting.

| | Kalathil whad summared an academic paper of Smita M. Patil entitled as “Revitalising Dalit Feminism ” (2013, EPW) (Please find the attachment).<br><br>This paper revisits the project of dalit feminism through the social spaces that structure the assertions of dalit women from the Mang and Mahar castes in Maharashtra. It attempts to expand the theoretical possibilities of dalit feminism through engaging with the conceptual categories of Karl Marx, Walter Mignolo and Oyeronke Oyewumi and repositions the contextual specificity of the social reproduction of dalit women's social location-based knowledge. Thus, it critically examines the leftist critiques that reduce dalit feminism to an extension of identity politics. It also questions the non-committal inclusive avatars of feminism that welcome the category of dalit feminism, as any other feminist claims without recognising the epistemic turn offered by dalit feminism. | | | |

# 8. Faculty of Journalism and Communication

## 1 INTRODUCTION

The Faculty of Journalism and Communication (FJC) was set up in the M.S.University of Baroda vide Syndicate Resolution Number S.R.2 (4) dated 28. 08.1993. It initially offered a one year post-graduate Bachelors in Journalism and Communication Programme (BCJ), which five years later, in 1997, was replaced by a four-semester Masters in Communication Studies programme. The nomenclature of this course has been recently changed to Masters of Journalism and Mass Communication (MJMC). FJC offers a comprehensive curriculum which encapsulates a range of relevant subject areas and related practical work. One of the key ongoing features of the programme is that during the proceeds of the course, students get ample opportunity for exposure and hands-on training in the field. For instance, students report on the beats and publish the newsletters through daily reportage of varied local events like industrial exhibitions, university Youth Festival, conferences, etc. Their print media lab journal “Itivritt” is also published each year. Similar work is done for Radio and Television too, and many programmes and films have been produced over the years. Such an interface helps student build their confidence and capability to be effective practicing journalists in the future. The New Media component has also been integrated into the theory and practical aspects of the curriculum.

The Faculty has fully integrated the Ph.D Programme, where the registrations are ongoing, and the Bachelors Programme (BJMC) where the first year of the Programme has bee successfully completed.

## 1 INTRODUCTION

The Faculty of Law, M.S.University of Baroda has been a premier law institute in Gujarat since the sixties. It offers various courses like LL.B. (3 years), B.A.LL.B (Hons.) LL.M. (Business Law), LL.M. (Criminal Law), Post Graduate Diploma in Taxation Practice, Post Graduate Diploma in Labour Practice and Ph.D. programme. Over the years, the Faculty has expanded quantitatively as well as qualitatively to meet the ever increasing educational needs of the cosmopolitan city of Vadodara.

Globalization, liberalization and the information technology revolution has had a profound impact on law and legal institutions – worldwide and in India. A rapidly growing global market in legal services and information has changed the structure of the legal profession in India as well. To answer this global need a new and totally innovative legal thinking is required. With this object in mind, Faculty of Law has started “Baroda School of Legal Studies”, which imparts Five Years Law Degree Programme in the year 2005 to advance and disseminate learning and knowledge of law and to make law and legal process an efficient instrument of social development. The Faculty of Law has produced several eminent lawyers and judges of the Gujarat High Court.

| 6 | Launch of Vox-Legis | The Faculty of Law has always given to its students an opportunity to grow and develop, not only as competent lawyers but also as responsible citizens of the country. It is indeed a place where ideas are provided with an appropriate platform for their propagation. As responsible citizens of our country, it is extremely important to voice our opinions on issues that concern our society. Keeping this vision in our minds, the Faculty launched its in house magazine, 'Vox Legis' which means the voice of law.<br><br>Vox Legis is two publications old. In its first edition, the magazine made an effort to revive socio-economic discourses which were perceived to be archaic. The second edition is a sequel which understands that laws are not conclusive. They are on a journey to becoming good laws which aim to make a better society. ### Department of Dramatics

The Department of Dramatics is a foremost constituent of the Faculty of Performing Arts, the Maharaja Sayajirao University of Baroda, established in 1950. It is one of the pioneer theatre departments imparting training at the Univrsity level offering UG , PG Degree and Ph.D Programme in Dramatics as also a two year diploma in the subject. It has nurtured a number of aspiring artists wanting to pursue theatre arts as a profession. The potential training is towards creative performing artists, production/technical designers, academicians who are able to respond to changing times of the contemporary society. The course structure is designed to foster creative and intuitive abilities and the student is encourage to experiment with different theatre techniques in Acting & Productions where by attaining a systematic understanding of the art and science of theatre.

The Department has also acted as a protagonist and catalyst in the societal commitments and development through its varied activities and programmes. The goal is to train students not only in the performing skills but also in their mental and intellectual activities so as to become aware of critical ideas and understand the philosophy of contemporary arts and life. Our endeavour is to form a bridge between the conventional and most modern, keeping close to the basics which evolved over centuries and connecting them to present day modern applications.

### Department of Music(Instrument)

one of the oldest Department imparting train in Pure north Indian Classical Music which was established by linage of " Kalwant Karkhana" of Maharaja Sayajirao Gaekwad of Baroda.

Only one deaprtment in Western region of India providing facilty of education from Diploma level to Ph.D. in Instrument like Sitar & Violin

### Tabla Dept

Department of Tabla, nomenclature & established as a separate entity on 20th August 2014.
Since the University's inception in April 1949-50 the Tabla section remained under the wings of the Department of Indian Classical Music (Vocal & Tabla). It is only now after almost Six & half decades that the illustrious Tabla section has acquired an independent status of a Department. It is undoubtedly a new beginning but with a difference. A new chapter in the history books has already unfolded.

# 15. Faculty of Social Work

## 1 INTRODUCTION

Faculty of Social Work The Maharaja Sayajirao University of Baroda was founded in the post- independence era in 1950, 15th March. It has followed a generic approach to Social Work Education, since its inception.

The Faculty was recognized for its work by the University Grants Commission, New Delhi, and was awarded the DRS and DSA programme. The institute has completed the 1st phase of DSA in Social Work with the theme of Poverty Alleviation and Social Development in the thrust area of Children, Women, Elderly, and Scheduled Caste and Scheduled Tribe.

As a matter of pride, on the basis of the performance of the Faculty in the 1st Phase of DSA programme, the University Grants Commission, New Delhi, has granted 2nd Phase of DSA programme from April 2009 to March 2014 in the thrust areas of Community Development, Family and Gender Studies and Industries and Society. Again, based on the performance of the previous two phases, University Grants Commission has granted 3rd phase of DSA programme starting from April 2015 to March 2020. Moreover, the faculty is granted Dr. Ambedkar Research Centre by the UGC for a period of five years as an outcome of the extensive work done with Women, Youth and Children of the Schedule Caste in the rural and urban areas through research and training programme related to Dr. Ambedkar's life and his work.

The Faculty has been actively engaged in academic, research and extension work closely with the Government, Corporate and NGO Sector in training personnel to enhance service delivery through technical assistance, policy formulation, programme implementation and outreach services.

## Future Plan for 20-21

A number of steps are planned that are aimed at improving industrial research and consultancy in the M.S. University of Baroda. The overall strategy for developing sponsored research and industrial consulting activities at M .S University is to vigorously identify new research projects of interest to industry.

- **Meetings with representatives from different Industries to increase the number of industry-driven projects**
- **To encourage to increase the activity under the ambit of Intellectual Property Rights (IPR). The cell will also help the teachers & researchers to file Patents based on research conducted on the campus. Generally, filling a patent requires payment of fees & some expenditure of its writing & preparation.**
- **To encourage Publication in good journals. The university had sanctioned Rs. 20,00,000 for encouraging and promoting good quality research at MSU for 2019-20. We propose to request the university to extend similar support for the year 2020-2021.**
- **To assist and encourage early-career faculty members in every way possible to enhance their productivity. During previous years the university was supporting entry level junior assistances professors with a small grant of University Sponsored Research Projects. This support was crucial in helping them to establish in their fields & prepare them for undertaking bigger projects from national funding agencies. The general sentiment of the junior staff members of the university is in favour of this scheme. Hence, we request university to reintroduce scheme under University Sponsored Research Projects for the coming financial year & we propose additional grant of Rs. 20,00,000.**
- **Organize talks, workshops and lectures by experts in different areas which will benefit our Ph.D. Students & staff members.**

We shall try to organize few workshops on different aspects of social responsibility and ethics in research will be planned in the coming year. This should include introduction to new areas, new software, new concepts etc. for improving understanding the subject by our researcher.

# 21 E. National Service Scheme

## History and Growth of NSS

In India, the idea of involving students in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should not be to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society. Advising them to form a living contact with the community in whose midst their institution is located, he suggested that instead of undertaking academic research about economic and social disability, the students should do "something positive so that the life of the villagers might be raised to a higher material and moral level".

The University Grants Commission headed by Dr.Radhakrishnan recommended introduction of national service in the academic institutions on a voluntary basis with a view to developing healthy contacts between the students and teachers on the one hand and establishing a constructive linkage between the campus and the community on the other hand.

In 1960, at the instance of the Government of India, Prof. K.G. Saiyidain studied national service by students implemented in several countries of the world and submitted his report under the title "National Service for the Youth" to the Government.

On September 24, 1969, the then Union Education Minister Dr. V.K.R.V. Rao, launched the NSS programme in 37 universities covering all States and simultaneously requested the Chief Ministers of States for their cooperation and help. It was appropriate that the programme was started during the Gandhi Centenary Year as it was Gandhiji who inspired the Indian youth to participate in the movement for Indian independence and the social uplift of the downtrodden masses of our nation.

Community service rendered by university and +2 level students has covered several aspects like adoption of villages for intensive development work, carrying out the medico-social surveys, setting up of medical centres, programmes of mass immunization, sanitation drives, adult education programmes for the weaker sections of the community, blood donation, helping patients in hospitals, helping inmates of orphanages and the physically handicapped.

NSS volunteers did commendable relief work during natural calamities/emergencies such as cyclones, floods, famine, earthquake, etc. from time to time all over the country.

The NSS students have also done useful work in organising campaigns for eradication of social evils, and popularization of the nationally accepted objectives like nationalism, democracy, secularism, social harmony and development of scientific

# Objectives:

The broad objectives of NSS are to:

(i) Understand the community in which they work

(ii) Understand themselves in relation to their community;

(iii) Identify the needs and problems of the community and involve them in problem solving process;

(iv) Develop among themselves a sense of social and civic responsibility;

(v) Utilize their knowledge in finding practical solution to individual and community problems;

(vi) Develop competence required for group living and sharing of responsibilities;

(vii) Gain skills in mobilizing community participation;

(viii) Acquire leadership qualities and democratic attitude;

(ix) Develop capacity to meet emergencies and natural disasters and

(x) Practice national integration and social harmony.

## The Motto

The motto or watchword of the National Service Scheme is: 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day programme.

## NSS Symbol

The symbol of the National Service Scheme, as appearing on the cover page of this Manual is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space.

## NSS Badge

The NSS symbol is embossed on the NSS badge. The NSS volunteers wear it while undertaking any programme of community service. The Konark wheel in the symbol has eight bars which represent the 24 hours of the day. Hence, thebadge reminds the wearer to be in readiness for service of the nation round the clock i.e. for 24 hours.

## NSS Day

NSS was formally launched on 24th September, 1969, the birth centenary year of the Father of the Nation. Therefore, 24 September is celebrated every year as NSS Day with appropriate programmes and activities.
