Vision

The progress of a nation requires that its people should be educated. Knowledge is a necessity of man. It instils in him a desire to question and to investigate, which leads him on the path of progress. Education, in the broadest sense, must be spread everywhere. Progress can only be achieved by the spread of education. Cooperation is necessary to achieve any worthy end and this readiness to cooperate will not be found in people if they are not educated.

H.H. Maharaja Sayajirao Gaekwad III

Mission

- Promoting and enhancing high standards of teaching, learning and research for an all-round development of students.
- Providing a learning environment that nurtures critical reflections, exchange of ideas and innovation among students to help them realize their optimum potential.
- Increasing access to education by all sections of the society.
- Relating knowledge to the contemporary socio-economic needs and moral concerns.
- Building mutually enriching linkages with the society and its institutions.

क्रियाशक्त्या विना कापि ज्ञानशक्तिर्न दृश्यते ।
तेनेवं ज्ञानशक्त्यर्थं कृतं वेश्म क्रियामयम् ॥

There is nowhere seen the power of knowledge without having the power of action; therefore, for the attainment of power of knowledge, this action prone 'home' (in form of human body) is fashioned.

(No. 11763, *Mahasubhasitasangraha*, Vol VII, Ludwik Sternbach, VVRI, Hoshiarpur, 1999, pp. 3309-3310)

His Highness Shrimant Maharaja Sayajirao Gaekwad III

I do not mean education merely in the sense of book-learning. There are other ways which you well understand and upon which I need not enlarge. Education is one part of the temple of knowledge and it should be available for all without restriction of cast and creed. When this has been done intelligently, we may then be able to ascertain the extent of human progress.

“The education of the masses is certainly very important, but my profound conviction is that the higher education, though necessarily of a small number is still more important in the present condition and circumstances of India.”

- His Highness Maharaja Sayajirao Gaekwad III

The Maharaja Sayajirao University of Baroda (MSUB) is recognized as one of the premier institutions of higher learning and research in the country. Since its inception in 1949, the University has demonstrated a keen interest and a commitment to the sustenance and promotion of an environment, favourable to the growth and development of academic excellence – a commitment that forms a part of the rich legacy of the institution.

Educational institutions which preceded the Maharaja Sayajirao University of Baroda and which went on to forming a part of its foundational legacy, included the “Baroda College”, one of the oldest centers of learning in Western India, founded in the year 1881 by His Highness Maharaja Sayajirao Gaekwad III. The enlightened ruler in the year 1909 established the “Kalabhavan”. His Highness Maharaja Pratapsinhrao Gaekwad pursued the idea of establishing a University and on the recommendation of the committee, the Government of Baroda, in its order No. (R) 169-39 dated 21st February 1949 set up the University.

The Maharaja Sayajirao University of Baroda, a State University with English as its medium of instruction is a premier unitary residential University, established on 30th April, 1949 recognized by Government of India under the Indian Universities Act, 1958 and is accredited by National Assessment and Accreditation Council with 'A' Grade with CGPA of 3.16 in the year 2016. It has one main and 6 satellite campuses, spread over 275 acres of land.

The University comprises of 111 Departments under the umbrella of 14 Faculties, 3 Constituent Colleges, 8 Institutions and 13 Centers of Specialized Studies, wherein more than 44,000 students pursue higher studies under the care and supervision of more than 1450 highly qualified and experienced teaching staff.

The University has 16 Hostels, Health Centre, Sports Union Pavilion, Convocation Ground, Printing Press and Stationery Unit, Guest House as well as other academic and administrative units spread across the campus. Besides these, there are 9 Multipurpose Auditoriums, 8 well Equipped Seminar Halls, 2 Open Air Theatres, an Amphitheatre, a Play Box, an Art Gallery, an Arboretum, a Botanical Garden, several lecture theatres and Conference Rooms and an Archaeological Museum having collection of Harappan Unicorn Seals, Holy relics of Lord Buddha, Toraman, terracotta Buddha images etc. The University has an observatory for Astronomy set up in the year 1939 to promote the field of Science, which holds an 8-inch refractor telescope.

The University offers a wide range of academic programmes from early childhood to Under-Graduate and Post-Graduate levels Degrees and Diplomas as well as Ph.D., with Choice Based Credit System (CBCS) for UG & PG students enabling them to select value added subjects of their interest, other than Grants-in-Aid academic programmes. The University also offers innovative Science and Technology programmes through some cutting edge research centers like Centre for Biotechnology, Prof. Bharat Chattoo Genome Research Centre, Centre for Molecular Genetics, Cluster Innovation Centre, Centre for Excellence in Polymer, Siemens Centre of Excellence for industry automation.

Profile of The Maharaja Sayajirao University of Baroda

The University interacts extensively with the Industry and the civil society in the curriculum development and updation process. The University has signed MOU's with International Universities/Institutes like University of Cambridge, University of Laval, University of Stuttgart, University of Cornell, Ithaca, University of South Carolina, Keio University etc. for the exchange of students and teachers which adds to the enrichment of curriculum from global perspective.

The Centre for Life Long Learning and Extension offers 29 short term and 22 long terms courses on Ancient Indian studies, Art and craft, Human Social Development, Language Proficiency, Computer Education, Hotels/ Cookery, Personal Grooming etc. The All India and Central Services Training Center conducts classes for preparation of UPSC, State PSC and Staff Selection Commission pattern examination and provide guidance for exams like NDA, CDS, IB, SHO, Police, RBI and other banks.

Smt. Hansa Mehta Library is the Central Library in addition to 13 constituent libraries and 25 Departmental libraries with over 8 lakh books/periodicals and above 14000 digitized Dissertations/Theses. It has the single largest air-conditioned reading room which can accommodate about 1600 readers at a time, and the library is open to the readers 14 hours a day.

The MSU has one of the largest Hostel Campuses in western India with 12 Boys' and 4 Girls' Hostels with all modern amenities. Hostel admission is an online process from application to allotment of room to the students. The University Health Centre provides routine medical treatment to the students and staff of the University and has a physiotherapy unit, a Pathology Laboratory and Marg Counselling Centre. The University has a magnificent union pavilion overlooking a large ground which has an athletic track, a cricket ground, hockey and football fields, two tennis courts, two basketball courts, four volleyball courts, two kabaddi grounds, malkhamb, a kho-kho ground and a handball court and a swimming pool.

The University has developed student digital life-cycle under MOU with MKCL and has adopted Online Admission Application System and all faculties are brought under MSU Examination Portal (MEP) system.

Career and Counselling Center and Placement Cell looks after the placement and also imparts training to students for facing interviews, coordinating with the agencies for arranging the placements drive. The Faculty of Social work and Faculty of Management Studies have achieved 100% placement and average 65% placement is the normal trend of placement on and off campus. The Directorate of Students' Welfare disburses scholarships to the students belonging to economically weaker sections.

An Incubation Centre and Start Up Centre has been set up at the campus to encourage the spirit of innovation that provides a platform to the youth for exploration and implementation of innovative ideas and their conversion into start-up ventures. Academic, Social and Technical Events, to name few - Prerna, Paramarsh, Footprints, BBA Baazigar, Cyberia and Yuvaantas are initiatives exclusively planned and managed by the students. Office of Alumni Affairs' of the University compiles information about various alumni associations, initiates monthly interactive sessions, coordinates for Reunions, collects details of eminent alumni, Alumni Registrations and such other activities. Xplore MSU – A Heritage Walk gained interest amongst large public. Institute of Leadership and Governance primarily focuses on training and trans-disciplinary aspects of leadership and on good studies of Governance structures, practices and processes which are highly essential today.

अधनस्य कुतो मिलममिलस्य कुतः सुखम् ॥

(आलसी को विद्या कहाँ, अनपढ़/ मूर्ख को धन कहाँ |
निर्धन को मिल कहाँ और अमिल को सुख कहाँ||)

A lazy person can never acquire knowledge or a Skill, and such a foolish person can never acquire wealth and remains poor.

A poor person has no friends and how can such a person remain happy in his life?

Taking inspiration from the above subhasita and the ancient Indian scriptures, there is no doubt in the fact that education is the only means to reach to excellence. There is no point in being lazy or procrastinating things which can be accomplished today. Procrastination only delays the progress. What good shall it be for a person to be of high social stature but devoid of education? Education should be so revolutionized as to answer the wants of the poorest villager, instead of answering those of an imperial exploiter. It is very correctly thought that education to a person is what fragrance is to flowers. With this conviction in the power of education and hard work, and the zeal to be fragrant among other prestigious educational institutes, we began working afresh on this year's Annual Report for the year 2019 - 2020.

The preparation and presentation of the Annual Report of the Maharaja Sayajirao University of Baroda (MSUB) is the resultant outcome of critical reviews and reflections on Academic, Research, Extension, Curricular, Co-Curricular as well as Social Outreach, and various other developmental activities of the university. It gives me great pleasure to present before all the stakeholders 71st Annual Report of the Maharaja Sayajirao University of Baroda, for the academic year 2019 - 2020, which has been prepared under a thoroughly revamped format with various innovative features. It highlights the important developments & significant achievements of the 14 Faculties along with 03 Constituent Colleges, 111 Departments, 07 Centers, 02 Institutes, 14 Constituent Libraries, 16 Hostels, Health Centre, Sports Pavilion, 05 Multi-purpose Auditorium, Sadhana Printing Press and Stationery Unit, Green Guest House of our University and various other Academic and Administrative Units, spread across the 07 Campuses of our university. This year, to foster the concept of "Digital India", the entire data for the Annual Report has been collected and compiled online under indigenously developed software called as Annual Report Management System (ARMS). The MSUB has made substantial progress over the past one academic year.

The Maharaja Sayajirao University of Baroda was placed in the Band 100-150 in the 2019 NIRF Ranking of Indian Universities. Our University was also placed in the Band 150-200 in the Overall Category, which includes Universities and Institutes. We are happy to share that with all of you that the MSUB

also featured in the Times Higher Education (THE) World University Rankings too this year too like the past three years since 2016. From India, this year only 56 Universities/Institutes could make into this ranking list and the MSUB was the only university from the State of Gujarat to sustain its rank in this global ranking category. We are also ranked at the 4th place in India in the Female to Male student ratio (55:45) in the aforesaid released rankings. The MSUB also featured in the QS Asian and BRICS University Rankings in the year 2018-2019. The Maharaja Sayajirao University of Baroda was Placed at the 37th Rank in India by the Survey of Multi-Disciplinary Universities conducted by Week-Hansa Research (2018-19). The MSUB was also placed at the 28th Rank in the survey carried out by Outlook-ICARE India University Rankings 2019.

It is our continual attempt to keep on improving the quality of research and higher education to place the MSUB among the top ranked leading universities nationally and globally. Our university is renowned academic institution of learning and education striving to achieve excellence in academic, research and extension activities. Considering the academic stature of the University, the University Grants Commission, New Delhi has allotted a grant of 24 Crores for the XII Plan period. The total worth of the Research Projects sanctioned to The Maharaja Sayajirao University of Baroda in the year 2019 - 2020 was of Rs. 28.67 Crores. In the same duration, the university received the first installment of PURSE (Phase-II) Scheme and now we are gearing up to receive the Grants for the second year. There are total number of ongoing 84 Research Projects in progress including Central Projects and Other Sponsored Projects, with a receipt of financial assistance of over Rs. 40 Crores. During the time period of 2015-2019, the Maharaja Sayajirao University of Baroda has mobilized funding of more than Rs. 130 Crores including Rupees 20 Crores allotted to us under the RUSA Grants along with receipt of total funding of Rupees 110 Crores from the Education Department, Government of Gujarat for infrastructural work of repairs, renovations and construction of new buildings towards infrastructural development in the university. We were also able to get sanction of the Government of Gujarat for filling up of 682 vacant Teaching Posts.

Research and Consultancy Cell as well as Institute of Interdisciplinary Studies were set up by the University to promote collaboration between academia, research institutes, industries & corporates. Our faculty members executed 57 consultancy projects or other individual consultancies work sponsored by various funding agencies approximately worth Rs. 3.63 Crores in 2019-2020 (up from Rs. 2.2 Crores in 2018 - 19).

Within a very short span, our university has achieved active academic collaborations and partnerships with some of the reputed top ranked academic institutions and universities around the world. During the year 2019 - 2020, the MSUB has signed 39 MoUs with National Institutes/Agencies and 09 MoUs with International Institutes/Agencies. Significant International MoUs includes those with Montfort University Leicester UK, R2STOP Research Funding Agreement (RFA) effect-Hope (The Leprosy Mission Canada), University of Durham UK, Australian National University, Nutrition International (Micronutrient Initiative), Ottawa Canada.

Other significant national MoUs include those with Indian Institute of Public Health, Gandhinagar, National Digital Library of India, Kharagpur, Larsen & Toubro, Tata Consultancy Services, Entrepreneurship Development Institute of India (EDI) Ahmedabad, National Mission for Manuscripts, CSIR-Central Salt & Marine Chemicals, Research Institute (CSIR-CSMCRI) Bhavnagar, Department of Biotechnology, National Academy of Indian Railways (NAIR), United Nations Children's Fund, Bhaskar Acharya Institute of Space Applications & Geo-informatics (BISAG). Staff members of the University also has collaboration with many universities around the world including Cambridge, Laval, Stuttgart, Cornell, Kieo, Durham and Leicester. The MSUB also has academic collaborations with National Institutes/Universities like IITs, IISERs, IISc, NCBS, NCL, TIFR, BARC, RRCAT, PRL, IPR etc.

We have made our Smt. Hansa Mehta Library Centrally Air Conditioned for students and users in the year 2015. The University Grants Commission (UGC), New Delhi has also sanctioned grant of Rs 1 Crore for developing Sports Infrastructure and Equipment Scheme to build Gymnasium for promoting sports activities for our students and staff of the university. The University has also established the Institute of Policy Research and International Studies in the name of one of the most beloved Prime Ministers of the country, Bharat Ratna Shri Atal Bihari Vajpayee ji.

The Maharaja Sayajirao University of Baroda, this year, celebrated 150th birth anniversary of Mahatma Gandhi, as part of this celebration, various programmes related to swachhata and safai were organized by the various faculties in university & communities.

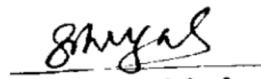

The MSUB has also reorganized Syllabi of most of the academic programs being offered based on Learning Outcomes, including Program Specific Outcomes and Course Outcomes which would lead to an improved Teaching-Learning Process to better enable the students to understand the course content. The MSUB is also in the process of allowing MOOCs as a part of the Curriculum and providing weighted Credit to the student for Courses taken through such platforms and transferring the Academic Credit in Final Grade Sheet. Our university is also focusing upon offering of Twinning Programs especially with foreign Institutions.

The MSUB has been progressively moving towards becoming a Centre of Excellence in the field of higher education thereby proving to be a model University to other universities not only in the State or the country but on the global front as well. The MSUB has also participated actively during National Education Policy 2020 and we have organized more than 100 webinars to create awareness deliberations and preparation of 'Road Map for Implementation of the NEP 2020' in our university w.e.f. academic 2019-2020. The Covid-19 has affected all of us, still our university has initiated cent percent online teaching and online examinations to benefit and support continual education for our students.

To conclude, successful functioning of a higher education institution requires continuous and sustained efforts from all the stakeholders including students, teaching and non-teaching staff, academic and administrative bodies. support is also required from employers of graduating students, peers, and society and above all from the State and Central Governments.

I would like to express special thanks to our beloved Hon'ble Chancellor, Rajmata Shubhangini Devi Gaekwad, for her continuous guidance to us. We also appreciate support and efforts of the Senate and Syndicate Members, Deans, Principals, Heads of Institutions, Directors of various Units and Cells, Heads of Departments, Faculty Members, University Officials, Ministerial Staff, Alumni, and above all our beloved students and research scholars for their valuable support, contribution and commitment to help the university in achieving its set goals and realizing our vision and mission statements of the university.

We also convey greetings and word of high appreciation to the Convener and entire team of the Annual Report Preparation Committee, Director IQAC, Development Officer - GCU section for their relentless efforts for improving the quality and contents of the Annual Report for the year 2019 - 2020.

(A student while pursuing education should contemplate to gainfully utilize every single moment of his/her time and an entrepreneur while pursuing acquisition of wealth should take care of even the smallest unit of money, because by sacrificing valuable time and small sums of money there are no chances of becoming learned and acquire wealth.)

It is my privilege to share some thoughts as the Convenor of the 71st Annual Report of The Maharaja Sayajirao University of Baroda. It is my profound joy to be associated with the Annual Report Committee in capacity of the Convenor as it keeps me updated with all the latest additions to the University's functioning.

This year, the Annual Report preparation was a bit different than usual. It took a lot of contemplation on the end of the team to figure out the methodology of compilation of the report. The academic year 2019-2020 was indeed very challenging as most of the year was spent under lockdown. I thought it worthwhile to reflect over the purpose for all this hard work and how it can be used to make a difference to the society. It is rightly said that any progress is based on dreams and requires change. With this constant thought in mind, this year, we have put in our best efforts in bringing out this 71st Annual Report. The Annual Report, this year, highlights some of the prominent research and academic achievements, along with the other major administrative reforms and educational activities carried out during the year 2019-2020. It provides an opportunity to reflect on the significance of academic research, educational achievements and effective governance and the contribution that The Maharaja Sayajirao University of Baroda makes in assisting the city's transformation into a knowledgebase. The Maharaja Sayajirao University of Baroda has always taken initiatives in the field of teaching and research and has been in the limelight in the areas of extension and co-curricular activities. The significant academic growth of our University is an indicator of the inherent effectiveness of this great institution and of the excellence of the human resources.

Self-belief is extremely important for progress. Sincerity is a sign of such self-belief. The ability to accept, evaluate, adapt and adopt new ideas is very essential. Keeping this in mind, our University has put in huge efforts to generate ideas among students and teachers during the year. The University has received considerable grants during the year from various agencies for development and research activities. To enhance the teachers' and researchers' potential, various faculties and institutions have organized and conducted regional, national and international online seminars and conferences during the year. A good number of research projects have been approved with generous grants in each case. Many teachers from various faculties have been granted financial assistance for participation in conferences and seminars, abroad. During the year 2019-20, many of our faculties and institutions have done a remarkable job and under the able leadership of Prof. (Dr.) Parimal Vyas, Honourable Vice-Chancellor of our University, and we have made an effort in collecting entire information for Annual Report online (ARMS) again this year. The details about the decisions of Board of Studies and Faculty Boards, The Opinions, Suggestions and Feedback from Alumni, Parents and Students, the awards and felicitation of individual teachers, the PhD information and unique features of every academic institution have also been incorporated in the Annual Report. We have also made very important progress in the area of Alumni Cell with special emphasis on Alumni activities and their online registrations. We also, continuously, keep on organizing intramural and extramural activities through various faculties and departments. National Service Scheme (NSS), NCC, Physical Education and various academic cells and institutions have incessantly worked for the benefit and overall development of the students, throughout the year. This year, owing to the Coronavirus Pandemic, the university undertook the mammoth task of

conducting online examinations for the final year students online. This was a great achievement for the university and it also showed our firm belief in the power of technology and digitalisation.

The students showed their inclination towards research and innovation, which is very well evident from number of doctoral degrees awarded during the year 2019-2020. To promote health and fitness and to encourage sports activities, the university always encourages and supports students' participation. Students of various faculties have participated in state and national level tournaments in various sports disciplines, individually and in teams. Career counselling centres for students have also been developed and all Students' activities have been positively emphasized by all faculties. The Institute of Leadership and Governance organized various need-based educational programs for the benefit of the students at large. To meet the industrial requirements, the students have also been trained accordingly leading to secure placement with various Government, Private and Multinational Companies. The Maharaja Sayajirao University of Baroda has also strengthened its ties with the various industries and corporate in and around the city of Vadodara as well as the state of Gujarat and the national level.

The University has taken a great initiative in the field of higher education and actively participated in promoting National Education Policy and has organized number of programs to create awareness about new education policy. We acknowledge the efforts and hard work of our staff members for making this University a Centre of Excellence. The university is also committed to work for the upliftment of nearby community by adopting number of villages. Series of rural development & awareness programs were arranged as a part of Unnat Bharat Abhiyam.

The Hansa Mehta Library of The Maharaja Sayajirao University of Baroda has added 9,346 books making the total collection of books to 8,82,152 during the year 2018-19. A total of 15,000+ e-Resources have been added to the Library for facilitation of teachers and students which include e-Journals and e-Books. The library also has the facility of Open Knowledge Gateway (OKG) which provides access to free academic resources without geographical boundaries.

The University has introduced several progressive steps towards digitization of administrative processes and other technological advancements. We have efficiently managed students' cycle from admission to obtaining mark sheets in programmes where they have sought admission. An interesting e-Initiative of the university is MSU Examination Portal [MEP] for examination related activities with minimum use of paper. The recruitment of teaching and non-teaching staff is also a completely online process. Online Human Resources Management System (HRMS), which is an effective tool to unify, control and maintain the employee life cycle is also in use. This year, an online mechanism of Performance Appraisal of staff has also been undertaken in digital format to ensure continuous improvement of the staff and greater good of the beneficiaries.

Apart from managing students' requirements, various Staff Development Programs have also been organized in the year 2019-2020 for our Teaching as well as Non-teaching Staff.

I am grateful to the Development Officer, GCU Section, Computer Center, IQAC, all faculty level coordinators and University Officials, University Press in completing the compilation of this Annual Report.

I wish that The Maharaja Sayajirao University of Baroda reaches the pinnacle of excellence and proves to be a model University to other universities not only in the state or the country but on the global front as well.

DEVELOPMENT REPORT OF THE MAHARAJA SAYAJIRAO UNIVERSITY OF BARODA

Professor Parimal H Vyas

Vice Chancellor

18 March 2021

The whole world is still going through the effect of COVID-19 pandemic and last year has been an unprecedented one. It was a year of great challenges, hurdles as well as one ripe with great opportunities. The strong willingness to overcome the challenges presented by the situation was the defining characteristic of the past year. Education sector, including higher education sector has borne the brunt of the situation, but has adapted and to a large extent was able to overcome it. In these times of challenges, uncertainty and pain, it was gratifying to see the faculty members and students of the Maharaja Sayajirao University of Baroda adapting to the new normal and embracing digital platforms for teaching, learning, evaluation, mentoring, research, and collaboration purposes.

Last year also saw the implementation of much awaited National Education Policy 2020 (NEP: 2020). This policy has the potential to restructure education system of India by providing holistic education to the masses, thereby creating Job creators instead of job seekers. Our university has the unique identity as a multidisciplinary university catering to large masses as envisaged in NEP:2020 and has a large role to play in its implementation to the truest spirit. We had earnest deliberations on various facets of the NEP:2020 and has created a roadmap for implementing it.

The Maharaja Sayajirao University of Baroda (MSUB) is presently (Cycle-3) accredited with Grade "A" by National Assessment and Accreditation Council (NAAC) with a 3.16 CGPA. This year, the Maharaja Sayajirao University of Baroda is gearing up for NAAC re-accreditation process (Cycle-4) under the Revised Accreditation Framework (RAF). For the last 4 years, MSUB has been implementing various quality improvement initiatives at Faculty as well as Department Level for the holistic development of the university keeping in mind NAAC quality framework. The MSUB has also strengthened its Internal Quality Assurance Cell (IQAC) by creating task forces for Data Assimilation, Data Analysis, and proposal of Policies for Corrective Action and Improvement of each of the 7-Criteria framework of NAAC Re-Accreditation (Under RAF).

MSUB has also conducted workshops, seminars, and webinars on various aspects of teaching, learning, research, extension, social outreach, community development and administrative processes.

This report gives a brief account of the progress and achievements of the Staff and Students from The Maharaja Sayajirao University of Baroda in the areas teaching, learning, evaluation, research, collaborations and extension activities.

Key Awards and Excellence:

In 2020, The MSUB was placed in the Band 100-150 among in the 2019 NIRF Ranking of Indian Universities. We were also placed in the Band 150-200 in the Overall Category, which includes Universities and Institutes. The faculty of Pharmacy was placed 14th in India in the Pharmacy Category and Faculty of Technology and Engineering secured 116th place in India in the Engineering Category. I am also happy to share that the MSUB featured in the Times Higher Education (THE) World University Rankings this year too alike the past four years. From India, this year only 63 Universities/Institutes could make into this list and MSUB is the only one from Gujarat to make its place in this list. We are also the 7th in India in the Female to Male student ratio (55:45) in the released rankings. The MSUB also featured in the QS Asian and BRICS University Rankings in the year 2018-19. The MSUB was Placed 39th in India by the Survey of Multi-Disciplinary Universities conducted by Week-Hansa Research (2018-19).

In 2018, the Ministry of Human Resource Development [MHRD] has accorded the status of Inter-University Center for Teachers' Education (IUCTE) under the aegis of Pundit Madan Mohan Malaviya National Mission on Teachers' Teaching to the Department of Education (CASE and IASE), Faculty of Education and Psychology and a total of Rs. 21.48 Crores has been sanctioned and the Center is being developed to give a new stimulus and focus on practices and issues related to teachers, teaching, teacher-preparation, professional development, curriculum design, designing and developing assessment and evaluation methodology, research in pedagogy and developing effective pedagogy.

Research Initiatives and Outcomes:

COVID-19 pandemic has affected the research activities of MSUB for bulk of 2020. Research labs were closed and were in limited use only for most of 2020. MSUB followed all the protocols and directives set by the Government of India and Government of Gujarat in the functioning of research labs and its access by faculty members, research staff and Ph.D. scholars. But, this did not affect the enthusiasm and focus of researchers of MSUB, which is evident from the number of research publications and research projects undertaken by the researchers of the MSUB in the same duration.

I am also very happy to share with you that, all the 49 research scholars of MSUB who applied for the SHODH (Scheme of Developing High Quality Research) instituted by the Education Department, Government of Gujarat in 2020, were awarded the research fellowships. This is indeed a great a great achievement for the university. This year also many students have applied for the similar fellowship.

MSUB Research Scholarship Scheme:

Quality, Quantity, and visibility of the Research output from MSUB depends mainly upon the research scholars who pursue Ph.D. from various Departments/Institutes/Colleges of the university. MSUB so far provided 15 Ph.D. scholarships every year, having an emolument of Rs. 6,000 per month. But, looking at the present scenario with more than 1050 scholars pursuing Ph.D. in MSUB campuses, it is the need of the hour to provide scholarships to more Ph.D. students as well as increase the scholarship amount. Keeping this in mind, from this year onwards, MSUB has instituted a new Scholarship scheme for Ph.D. students called as the Maharaja Sayajirao University of Baroda Research Scholarship (MSUBRS) Scheme aimed at those students who are registering for Ph.D. in a prescribed time window and not receiving any other emoluments or scholarships. 100 such Ph.D. scholarships under the scheme will be available to those students who will register for Ph.D. in the University after November 2020. The tenure of this scholarship will be for two years. The selected scholar will get Rs 10,000/ per month as scholarship and contingency of Rs 10,000/ p.a. for students of Science & Technology and Rs 8,000/ p.a. for students of Humanities and Social Sciences. The allocation of number of scholarships shall be determined after every PET Exam, Faculty wise and Department wise, depending upon on actual number of students registering for Ph.D. in a particular department. The selected students shall be required to publish a paper in SCOPUS/Web of Science/UGC-care list indexed journal or any other journal and present a paper in conference/seminar. The scholarship will in effect, increase the research output of the university. MSUBRS scheme is in addition to the existing MSUB supported Ph.D. research scholarships.

Faculty/College Level Research Cells:

To build, sustain and enhance research culture in the Maharaja Sayajirao University of Baroda, the University will be establishing 'Research Cell' at each of the Faculty/College level for orienting, channelizing, and enhancing research skills and abilities among students and faculty members. The Research Cell shall provide academic, managerial, and administrative and liaison support to students and faculty members to carry out various research activities. These research cells will build, nurture, develop, and enhance research culture in the University. The research cells will develop awareness among all students including Ph.D. Scholars for participating /organizing/ different sets of research activities and will also facilitate and support faculty members for the conduct of research activities. Research Cells will also identify the potential thrust areas of research considering domain area and departments of the faculty to form various clusters based on its specialization and facilitate preparation and submission of research proposals by faculty members and students to various Funding Agencies/Corporate/Donor/Alumni etc.

Another important function of the cells will be to Interact with researchers from inside and outside MSUB to enhance interdisciplinary and multi-disciplinary research activities and coordinate inter-disciplinary and multi-disciplinary research internally within the faculty/College and university and externally with other universities/corporate/ industry/institutions/Government Departments/ NGOs and other organizations. These research cells will also assist the faculty members and students in publishing activities providing advice to research students how to publish, where to publish and what to publish. This will be done by coordinating with publication houses for conduction of sensitization programmes on quality research publications.

Research Citation incentivization:

Quality Research Publications and institutionalization of Awards by the MSUB form an important for continuous high-quality research output. Quality research outcome is beneficial for the discipline, industry, region, society, and

the nation. Sharing of knowledge especially theoretical and practical findings of research through various media enhances quality of teaching and learning. Research acumen is an evolving feature reflecting various research outputs with clear records such as- doctoral, post-doctoral, projects, inventions and discoveries, number of patents obtained and number of research publications. Accordingly, it is proposed under the Internal Quality Assurance Cell (IQAC), MSU Baroda to institutionalize awards consisting of a Certificate and monetary incentives for impact and influence measured in terms of citations earned for the quality research publications by the teachers presently serving in MSUB or Research Scholars pursuing research degree in MSU Baroda in the faculties of Science, Technology and Engineering, Family and Community Science, Pharmacy and Medicines. The awards for citations will have a 'Life Time Citation Award', which will consider the cumulative citations for publications from a researcher at MSUB and will be awarded yearly. The 'Highly Cited Article/Research Paper Award' will be based on citations received for a Research Article/Research Paper by the MSUB researcher, which receives more citations than h-index of MSUB. Yearly citation awards will be given to MSUB researchers receiving more than 150 citations a year.

Research Publication incentivization:

Research and development in basic and applied areas is one of the important tasks of the MSUB, and our university is devoted to it. We have implemented several initiatives in this direction. MSUB has continually put efforts to improve its quality and visibility in terms of research activities. In 2019, MSUB started incentivizing quality research output of the Researchers of the University, to improve the research profile of the university and encourage quality research from them. This will also encourage faculty members to publish in Quality Care Reference list of Journals of UGC, New Delhi. The MSUB has implemented scheme of offering monetary rewards for publications in High Impact Research Journals. These incentives are based on the Journal Impact factor (Clarivate).

To illustrate, in the case of Science and Technology, Rs. 10,000 will be given to authors of the article/research paper which is published in Journal with Impact Factor above 10 and 5 for Arts and Humanities. Even Full conference Proceedings Paper Indexed in Scopus too will be rewarded. MSUB will also be giving 50 per cent of the overhead charges of Research Projects to the Principal Investigators that can be used for Travel (International and Domestic) for exchange visits or attending conferences, to pay conference registration fee, per-diem while on travel as well as for publication charges. It may also be used, towards boarding, lodging and travel expenses, of invited collaborators and subject experts. Filed and Published Patents will also be monetarily rewarded. This will be in addition to Rs. 80,000 per Patent as filing and legal charges. The incentives for the year 2019-20 will be disbursed soon.

Incentives for Awards and Recognitions:

Awards and recognitions for research, extension, and other activities received by faculty members and students from outside agencies bring laurels to the university as well as put MSUB in the world map. To appreciate such faculty members and students, from this year onwards MSUB has instituted monetary incentives and certificate of gratitude.

Research outcomes:

Different research promotion initiatives by MSUB has resulted in high volume of research publications (961, up from 852 in 2019) in Peer- Reviewed Journals and Conference Proceedings by the researchers of the university. The number of Research Articles from MSUB indexed in Scopus too has also increased from 353 in 2018-19 to 361 in 2019-20. In the same duration of time, the average impact factor of the publications has increased from 2.91 in 2018-19 to 3.06 in 2019-20, indicating that the increase in overall quality of research publications from MSUB. 31 research articles from MSUB were published in Journals with journal Impact Factor above 5. H-index of the University has reached to 95 (from 87 in 2018-19). i-10 index of the university has jumped to 2408 (from 2090 in 2018-19) and the total number of citations have gone up to 9763 (up from 8146 in 2018-19). All these numbers reveal the quality, relevance and visibility at world level of the research conducted by the researchers at the MSUB, even in these testing times.

This year the MSUB was granted Rs. 13 Crores under the DBT-BUILDER Programme to establish interdisciplinary School of Life Sciences for advanced research and education in the University. This programme is expected to promote interaction of existing departments of universities stimulating interdisciplinary modern Bioscience research through creation of new research agenda aiming to develop world-class school of life science in

universities doing both advanced research and education. Also, various other funding agencies like DST, DBT, SERB, AICTE, DAE etc. have continued to provide financial assistance to the MSUB through their flagship programs. Currently, Departments of Gujarati, Botany, History and Applied Physics have been receiving support under UGC-DRS (Departmental Research Support) Scheme. Departments of Education, Human Development and Family Studies and Chemistry are supported through UGC-CAS (Center for Advanced Study) Scheme. Departments of Social Work, Educational Administration and Foods and Nutrition are being supported through UGC-DSA (Department of Special Assistance) Scheme. Departments of Geology, Statistics, Civil Engineering, Microbiology, Bio-Chemistry, Zoology, and Applied Physics are supported through DST-FIST (Fund for Improvement of S&T Infrastructure in Universities & Higher Educational Institutions) Scheme. Faculty of Social Work has received support from the Ministry of Social Justice and Empowerment (MISE) and under Dr. Ambedkar Chair Program. The total worth of the Research Projects sanctioned to MSUB in the year 2019-20 is Rs. 38 Crores. In 2018-19, the university received the first installment of PURSE (Phase-II) Scheme. During 2016-20, MSUB received more than 230 sponsored research projects from more than 50 funding agencies worth more than Rs. 100 Crores.

Long term support to Research and Development is the need of the hour and towards this MSUB has proposed and implemented grant earmarked for research activities on a yearly basis. This grant is towards publication charges, travel grant and conduction of seminars/workshops as well for inviting scholars from outside the university to improve the quality and visibility of research conducted at the university.

The Maharaja Sayajirao University of Baroda is continuously encouraging the young teachers especially from Humanities and Social Sciences to undertake research and consultancy. It also provides financial assistance to them through Research and Consultancy Cell (RCC). University through R & C Cell has so far funded 133 research projects worth around Rs. 97.3 Lakhs from its own funds. The grant for the qualifying MSUB research projects for the year 2020-21 will be disbursed soon.

Consultancy:

Research and Consultancy Cell, set up by the University focuses on promoting collaboration between academia and industry and it is acting as a liaison between the university and private or Industrial funding agencies to undertake consultancy projects and other forms of consultancy. Our faculty members executed consultancy projects or another individual consultancy work worth approximately Rs. 3.90 Crores in 2020-21.

Linkages Created and Collaborations:

Collaboration is the way forward on academic and research. Keeping this in mind, the MSUB has evolved a system for Staff and Student Exchange with leading institutes/Universities from India and abroad. Even during the COVID-19. MSUB is Partner in the prestigious European Union Erasmus Mundus Mobility Consortium – EUPHRATES (for Student and Faculty Exchange) and many student and staff members from the University has utilized this scheme for academic and research visits to European Nations and molded several collaborations. During 2016-20, MSUB has signed 35 MoUs with International Institutes/Agencies and 96 MoUs with National Institutes/Agencies. Significant International MoUs includes those with Montfort University Leicester UK, R2STOP Research Funding Agreement (RFA) effect-Hope (The Leprosy Mission Canada), University of Durham UK, Australian National University, Nutrition International (Micronutrient Initiative), Ottawa Canada. Significant national MoUs include those with Indian Institute of Public Health Gandhinagar, National Digital Library of India Kharagpur, Larsen & Tubro, Tata Consultancy Services, Entrepreneurship Development Institute of India (EDI) Ahmedabad, National Mission for Manuscripts, CSIR – Central Salt & Marine Chemicals, Research Institute (CSIR-CSMCRI) Bhavnagar, Department of Biotechnology, National Academy of Indian railways (NAIR), United Nations Children's Fund, Bhaskaracharya Institute of Space Applications & Geo-informatics (BISAG). Staff members of the University also has collaboration with many universities around the world including Cambridge, Laval, Stuttgart, Cornell, Kieo, Durham and Leicester. It also has collaborations with national institutes/universities like IITs, IISERs, IISc, NCBS, NCL, TIFR, BARC, RRCAT, PRL, IPR etc.

Academic initiatives:

End of academic year 2019-20 was plagued by the COVID-19 pandemics. The university took initiatives to complete the syllabus of all the programmes through online mode. Towards this, groups comprising of teachers and students for classes of all the programs offered by the University are formed in Microsoft teams. Teachers and students are trained for the use of Microsoft Team. Online Moodle Training Programme is conducted for large number of teachers and students. MSUB has also implemented its own MOODLE Learning Management system in 2020.

Teachers can upload course materials as well as lecture notes and students can access these from anywhere using the right credentials. This platform can also be used for student evaluation like conducting online quizzes, assignments, and other type of evaluation.

In addition to Microsoft Teams, teachers also make use of various other online platforms viz. Zoom, WebEx, Google Meets, Skype etc. for online teaching and various other academic activities. Teachers have conducted online classes along with effective use of various innovative pedagogical tools for teaching as well as continuous internal evaluation such as Online assignments, Presentations, Interactions, Submissions, Seminars as well as Online Quizzes, Objective test comprising of Multiple Choice and Short Answer type Questions etc.

To complete the syllabus, all the teachers engaged classes through online mode. Online problem solving and remedial sessions were also conducted. Also, regular online meetings were conducted with project students (Masters and Bachelors) and PhD scholars. It indeed gives me great happiness to share with you that the Ph.D. Coursework was also conducted online. Video recording of laboratory experiments are prepared by the teachers and were distributed to the students. Teachers also developed simulations of some of the laboratory experiments and was distributed to the students along with the source code. The university has completely Wi-Fi enabled campus supported with required IT infrastructure for conducting online teaching, research, and extension activities. Online classes held has been recorded and shared with the students via multiple information sharing applications. The students are also provided with study materials, digital board-work, information about online resources etc. Students are also provided career counselling and other kinds of mentoring to combat with anxiety, mental stress, and fear of unknown, by faculty members, counsellors and outside experts using online platforms. During the lockdown period more than 1000 online classes were conducted by teachers of MSUB to complete the syllabus. Classes for first semester of academic year 2020-21 was also held online. 2019-20 also saw, organization of more than 140 Webinars providing live interactions to students and faculty members with experts in various fields.

MSUB followed Merit Based Progression System as per the directives of Government of Gujarat for all students (UG and PG) except for Final Year Final Semester(UG) and PG Students and PG). To conduct examinations for the Final Year, Final Semester and Post Graduate students, the Computer Center of MSUB has indigenously developed an online examination portal for conduction of online examinations of all final year, final semester undergraduate and all the postgraduate students. The online examination portal contains teacher as well as student modules. Teachers can submit questions through the teacher module of the portal. Examination section can then schedule the examination, which is then attempted by students using the student module. MSUB has successfully conducted online examinations of more than 40,000 students using the university's indigenously developed examination portal till date. This portal is also used for the conduct of mid-semester examinations.

MSUB is in the process of launching of the Ph.D. Portal of the university to allow prospective students to register for Ph.D., upload their progress reports, seminar reports, and research papers. It would also enable the Ph.D. supervisors to monitor the progress of the Ph.D. Scholars. The Online Framework for Ph.D. Program provides complete information and process from Registration to Submission of Ph.D. Thesis.

Implementation of NEP2020, has led to a sea change in thinking in the introduction new and innovative academic programmes and courses. The need of the hour is courses and programmes in disruptive and emerging areas like Machine Learning, Artificial Intelligence, Systems Biology, Computational Life Sciences etc. with strong interdisciplinary aspect. MSUB has formed committees to explore these aspects concerning implementation of NEP:2020 to explore possibilities of introducing new academic programmes and courses in distinctive areas.

Teachers' Achievements:

Teachers' of the MSUB have bought many laurels to us. Few of the awards/recognitions/achievements of the Teachers of this MSUB is given below:

Prof. Parimal Vyas, Vice-Chancellor, The Maharaja Sayajirao University of Baroda was awarded "MTC Global Rooshikumar Pandya Life Time Achievement Award 2019" by Management Teachers Consortium-Global (MTC Global). Ms. Radhika Rathore of the same faculty secured second position in rifle shooting by Gujarat state rifle association. Ms. Riddhi Vachhani of Faculty of Science secured First Prize in Minaxi-Lalit Science Award Test -2020. Mr. Hitesh Khungla also received the same prize. Ms. Charmy Mehta of Faculty of Technology and Engineering was awarded the 1st prize in National Physics quiz competition as well as in competition on physics experiments. She also qualified for the international astronomy and astrophysics competition.

Extension Activities:

During the COVID-19 pandemic, Staff members, students and NSS volunteers of MSUB conducted multiple activities to spread awareness about the pandemic as well as to help those in need. "WE TEAM MSU" provided hygienic food to the needy in Baroda every day during lockdown. Hand sanitizers were prepared in the Faculty of Science and Faculty of Pharmacy and was distributed to various hostel and to volunteers. These Sanitizers were also distributed in Rural areas of Gujarat. MSUB distributed Mask, Hand gloves and Sanitizer to Police Personnel and NSS Volunteers assisted the traffic police at various parts of Vadodara. NSS Volunteers delivered medical drugs

and to the doorstep of MSU staff, senior citizens and retired employees. NSS team in association with Government Ayurvedic College distributed Ayurvedic Kada to media personnel, university security, vigilance staff, university cleaning staff and university administrative staff. NSS has been a part of the best out of waste initiative under which homemade masks were made after collecting discarded cloth materials from tailors. These were distributed among vendors, senior citizens and the less privileged. Students of the MSUB and NSS Volunteers made an innovative and creative video on the theme of learn from corona: Cover yourself. Obey police. Value time. Implement instructions. Distance yourself 19 Unite-teen.

Extension and Outreach Activities with Societal Impact is of utmost importance at the MSUB. We have adopted 4 villages under the Unnat Bharat Abhiyan, which is a flagship program of Ministry of Human Resource Development, Government of India. The villages are Kotana, Radhiyapura, Sakaripura and Road Fajalur. Our university carries out various Development Activities in these villages with the help of staff members and students of the University.

Training and Placement:

For any university, placement and progression of the Graduating students is of paramount importance. Training and Placement Cells of various faculties provides training to students. These training sessions involved Interactive Meetings, Expert Talks, and Field Visits etc. The MSUB also provides Employment Opportunities for the students particularly in General Stream. The Placement Cell has prepared an Extensive Database comprising of information of Companies, who are interested in employing MSUB Graduates. It also conducts Campus Placement Fairs. Overall, more than 3,000 Graduating Students from the MSUB were employed through on and off campus placement during the year 2019-20. In the same duration more than 5000 Graduating Students were selected for Higher Studies in India and Abroad.

Seminars, Conferences and Exhibitions:

COVID-19 has bought a new normal to the world. It presented in itself new opportunities to connect and collaborate with peers around the world. MSUB organized more than 140 webinars on academics, research, extension, mentoring, and culture during the last one year. The varying subjects provided multiple opportunities for the staff members and students to learn and discuss with the leading academicians, researchers and experts from all over the world. Out of the more than 140 webinars 15 were international with experts and participants from many countries. Some of the major webinars included following.

“Health and Health Care in the Current Scenario - COVID19” conducted by Internal Quality Assurance Cell and Institute of Interdisciplinary Studies had experts from USA and India talking especially about viruses, their identification and eradication. In the webinar “Modern Trends in Experimental Research: Optics and Imaging in Healthcare” experts from Israel, Germany and India spoke about optical techniques for healthcare applications. Institute for Interdisciplinary Studies also organized an International webinar on “Modern Trends in Experimental Research: Insights from Regenerative Medicine and Metagenomics”. Faculty of Performing Arts conducted a One Day Webinar on “International Webinar on Virtual Classrooms: A Necessity in Performing Arts Education”. Faculty of Social Work and Faculty of Management Studies jointly organized a webinar on “Managing People's Function in the World of COVID-19”. Faculty of Social Work also organized a 5 Day international Training Programme on “Social Work Interventions During COVID-19”. Office of International Affairs Jointly with Faculty of Science and Faculty of Technology and Engineering organized One Day International Webinar on “Mathematics in Industry: Challenges and Frontiers”. Office of International Affairs, Faculty of Science, MSU and TU Eindhoven, The Netherlands jointly organized One day International Webinar on 'Sudoku: Fun and Serious Mathematics'. Department of Geography, Faculty of Science organized One day International Webinar on 'Challenges of Identifying Geographic Trends in COVID-19 Cases and Effect of COVID-19 Lockdown on Air Quality in India'. Department of Food and Nutrition and its Alumni, Faculty of Family and Community Science, MSU organized Two Day international online Symposium on 'Global Virtual Symposium: Investing in Maternal Infant and Young Child Nutrition (MIYCN) for Sustainable Development'. Office of Alumni Affairs & Donors Relations, MSU organized 'MSU Vision 2020, MSU Alumni Network Initiative' online. Internal Quality Assurance Cell of MSUB organized 5 days National Webinar on 'Some Aspect of Research Methodology'. Faculty of Management Studies and Internal Quality Assurance Cell jointly organized webinar on 'Management Knowledge: Useful or a Waste in Covid -19 Crises'. Institute of Leadership and Governance (ILG) organized 'Countrybution- 2020- Self Reliance driven Leadership: Work Local and Lead Global' online. Department of Physical Education organized One Day Webinar on “Mental Preparation for Rejoining Sports During COVID-19”. One day National Webinar for School Students on 'Biodiversity and its Conservation' was jointly organized by Faculty of Science, MSU and Viganana Bharti and Vigyan Gurjari. Internal Quality Assurance Cell,

MSU organized One day National Webinar on 'NAAC Accreditation Under Revised Framework: Challenges and Strategies'. IQAC also organized webinar on 'Revised NAAC Assessment and Accreditation Process for Affiliated Colleges' inviting experts from NAAC, Bangalore. Computer Center MSU Baroda organized National webinar on 'Cyber Security and Challenges'. Centre for Start-up and Innovation, MSU organized Six days National Webinar Series on Pathways for Start-up and Innovation on Webinar -1 'SSIP Policy and State Approach'. Dr. Vikram Sarabhai Institute of Cell & Molecular Biology, Faculty of Science, MSU organized national webinar on 'Research and Education During COVID-19 Pandemic: An Opportunity Foretold'. Faculty of Technology and Engineering, MSU and Gujarat Science Academy (GSA); and Indian Association of Physics Teachers (IAPT RC-o7); Indian Physics Association (IPA Baroda Chapter) jointly organized Three days National Webinar on 'Century of Quantum Mechanics and Still Going Strong'. IQAC organized national webinar on 'The Quality of Research Publications'. Faculty of Commerce organized One day National Webinar on 'Post COVID Challenges and Opportunities in Banking Sector'. Faculty of Journalism and Communication, MSU organized One day National Webinar on 'Infodemic in the time of a Pandemic: What Public Health Professionals and Media can do better?'. Faculty of Law, MSU organized One day National Webinar on 'Transformative Constitutionalism'.

MSUB also conducted a series of webinars on NEP:2020, where experts and dignitaries including Shri Vijaybhai Rupaniji, Hon'ble Chief Minister Government of Gujarat; Shri Bhupendrasinh Chudasamaji, Hon'ble Cabinet Minister of Education, Government of Gujarat; Prof. D. P. Singhji, Chairman, University Grants Commission, New Delhi; Prof. B. Patwardhanji, Vice-Chairman, University Grants Commission and Chairman, ICSSR, New Delhi; Shri Atul Kothariji, National Secretary, Shiksha Sanskriti Utthan Nyas, New Delhi; Dr. Pankaj Mittalji, Secretary General, Association of Indian Universities, New Delhi; Prof. K.K. Aggarwalji, Chairman, National Board of Accreditation; Prof. Aniruddh Deshpandeji, BMCC College Pune and President, CEDA, Pune; Prof. T.V. Kattimaniji, Vice Chancellor, Central Tribal University of Andhra Pradesh; Prof. Yogesh Singhji, Vice Chancellor, Delhi Technological University, New Delhi; Prof. Sanjeev Kumar Sharmaji, Vice Chancellor, Mahatma Gandhi Central University, Motihari Bihar; Prof. N L Mitrajji, Former Vice Chancellor, National Law School of India University, Bengaluru; Prof. Dr. Sushma Yadavji, Vice Chancellor, Bhagat Phool Singh Mahila Vishwavidyalaya, Khanpur Kalan, Sonapat, Haryana; Prof. Dr. G. Gopa Kumarji, Former Vice Chancellor, Central University of Kerala; Prof. R. S. Dubeyji, Vice-Chancellor, Central University of Gujarat; Prof. J P Joorel, Director, INFLIBNET Center Ahmedabad; Prof. Navin Sheth, Vice Chancellor, Gujarat Technological University, Ahmedabad, interacted with the participants on various aspects on NEP2020.

Various other departments of different faculties of MSUB also organized seminars, workshops and webinars on different subjects during this period.

Administrative Reforms, e-Governance Activities, other Initiatives and their Outcomes:

COVID-19 also changed the way in which we conducted our administrative tasks with most of the administrative duties especially in the period of March-Sept 2020 being conducted online. During the lockdown period Faculties and departments conducted online meetings of teaching and non-teaching staff members.

During this period Departments also conducted online meetings of the respective Board of Studies regarding Examination Reforms required in the ongoing scenario. Online meetings of Post-Graduate Council of Studies and Research were conducted by the MSUB regarding completion of syllabus and conduction of online examinations. Meeting of Deans/Principals of the concerned faculties/Colleges as well as Heads of the Departments of various faculties too were conducted online by the university.

The MSUB is also in the process of restructuring its administrative processes by extensive use of Digital Technology. The MSUB has begun to recruit teaching and non-teaching staff in various cadres. Digital initiatives play a major part in whole recruitment process. An Online Application Recruitment Portal too has been developed indigenously by the MSUB Computer Centre adhering to the Rules and Regulations set out by the UGC, AICTE and other Statutory Bodies as well as the Government of Gujarat for a smooth recruitment process. MSUB also revamped its Annual Report Management System (ARMS) by incorporating queries about information that is mandated by different Rating and Ranking Agencies. In the year 2019-20, more than 90 percent of the MSUB teaching staff has filled up Online ARMS.

MSUB has also done away with the Paper Based Pay-Slip of its Staff by introducing Digital Pay-Slip. The MSUB has also developed Audit and Accounts Management system for Billing, Account and Audit related services of the University. We have developed our own Alumni Portal in the year 2018-19. The MSUB library has developed a system for Tracking of Books and Journals.

It should also be noted that the reforms led to significantly larger number of students, i.e. 44,000+ in 2020-2021, up from an average enrollment figure of 36,000 Students (last 15 years). In the period 2016-20, MSU was able to mobilize more than Rs. 130 Crores from RUSA (20 Crores) and Government of Gujarat (110 Crores) towards infrastructural development in the university.

To conclude, successful functioning of a University requires continuous and sustained efforts from all the stakeholders including Students, Teaching and Non-Teaching Staff, Academic and Administrative Bodies. Support is also required from Employers of Graduating Students, Peers, and Society and above all from the State and Central Governments. It should also be noted here that, Annual report this year is prepared keeping in mind the NAAC re-accreditation and hence in several criteria, data from 2016 has been included.

At this time, I would like to acknowledge and thank the support received in plenty especially from the Government of Gujarat, Ministry of Human Resource Development, Government of India, and various funding and Sponsoring Agencies, the Collaborating Industries, Institutions, and Above All our supportive and esteemed Alumni. I personally acknowledge the support and reassurance; I have received from esteemed members of Syndicate in particular and also from Senate members and my fellow colleagues in the university, officers of the university, and last but not least my beloved students who will take MSUB to greater heights in the near future.

Thank you one and All!

Jai Hind!!

Prof. Parimal H Vyas
Vice Chancellor

Swachh Bharat Abhiyan

Students from First and Second year of Programme of Fashion Communication, Institute of Fashion Technology, The Maharaja Sayajirao University of Baroda, participated in Swachh Bharat Abhiyan, a five day workshop and street play guided by a team of teachers and supervised by Prof. Raneshwar Pandya. The students remained present at G. Bhawal Shreeva Bhowal, a Tourism Stakeholders Workshop held on 19th December 2019 at Revival Lords Inn, Vadodra and played Nukkad/Street play on 20th December 2019. The workshop and play was organised by Swachh Bharat Swachh Pariksha by Indian Institute of Tourism and Travel Management, an autonomous body under the Ministry of Tourism, Government of India.

The teachers Ms. Ritu Shukla, Ms. Shakti Patel and Ms. Priyanka Patel from Fashion Communication guided hukkaas to the students. The street play was to spread awareness about the importance of cleanliness in and around the areas we live and visit. It was to reveal the significance of how Swachhta is directly linked with the India tourism, leaving a learning experience for both students and the audience.

'Technology, globalisation challenge for constitutional law'

SC Justice Delivers Dr B R Ambedkar Lecture

His Baroda connection

Dr. Justice Dhananjaya Y Chandrachud, who is the 10th member of the Supreme Court, delivered the 10th Dr. B. R. Ambedkar Chair Lecture on Constitutional Law at the Faculty of Law, The Maharaja Sayajirao University of Baroda, on Saturday, July 27, 2019. The lecture was titled 'Technology, Globalisation and the Challenge for Constitutional Law'. The Justice spoke for an hour and a half, discussing the challenges of technology and globalisation to the Indian Constitution. He highlighted the need for a robust judicial system to protect the rights of citizens in a rapidly changing world. He also mentioned his personal connection to Baroda, where he spent his childhood. The lecture was well-attended and was a significant event for the university.

मनुष्य तू बडा महान् है

धरती की शान तू भारत की सन्तान
तेरी मुठ्तियों में बन्द तूफान है रे
मनुष्य तू बडा महान है भूल मत
मनुष्य तू बडा महान् है ॥धृ॥
तू जो चाहे पर्वत पहाडों को फोड दे
तू जो चाहे नदीयों के मुख को भी मोड दे
तू जो चाहे माटी से अमृत निचोड दे
तू जो चाहे धरती को अम्बर से जोड दे
अमर तेरे प्राण ---२ मिला तुझको वरदान
तेरी आत्मा में स्वयम् भगवान है रे ॥१॥

---मनुष्य तू बडा महान है
नयनो से ज्वाल तेरी गती में भूचाल
तेरी छाती में छूपा महाकाल है
पृथ्वी के लाल तेरा हिमगिरी सा भाल
तेरी भृकुटी में तान्डव का ताल है
निज को तू जान ---२ जरा शक्ती पहचान
तेरी वाणी में युग का आव्हान है रे ॥२॥

---मनुष्य तू बडा महान् है
धरती सा धीर तू है अग्नि सा वीर
तू जो चाहे तो काल को भी थाम ले
पापोंका प्रलय रुके पशुता का शीश झुके
तू जो अगर हिम्मत से काम ले
गुरु सा मतिमान् ---२ पवन सा तू गतिमान
तेरी नभ से भी उंची उडान है रे ॥३॥
---मनुष्य तू बडा महान है
