

## C O N T E N T S

Chapter.		Page.
I.	Introduction ...	1
II.	Materials and methods ..	23
III.	Some biochemical changes associated with the carbohydrate metabolism in ripening mangoes ...	34
IV.	Sucrose biosynthesis in ripening mangoes ...	45
V.	Invertase inhibitor(s) in unripe mangoes ...	57
VI.	Some additional factors controlling carbohydrate metabolism in mangoes ...	82
VII.	Studies on some aspects of preservation of mangoes ...	94
VIII.	Conclusion ...	101
	References ...	111
