

LIST OF TABLES

Table no.	Title	Page number
Table 1	Wavelengths of maximal absorption of laccase-oxidisable aromatic compounds.	54
Table 2	Primers used for the quantitative real-time RT-PCR	63
Table 3	List of the primers for preparation of dsRNA and siRNA of 5 laccases and GFP	69
Table 4	<i>MgLac1</i> and <i>MgLac2</i> activity assays with ten different substrates	83
Table 5	Inhibition studies of both the laccases	86
