

Acknowledgement

With heartfelt gratitude I would like to thank my revered supervisor Dr. M. Nair, for her decisive guidance, support, care and love throughout this work. She made me realize the importance of organizing experiments beforehand and being perseverant to execute them. Her ingenuity, keen knowledge and passion to do good science and interest in the subject proved to be a constant source of inspiration for me. Her immense knowledge of the subject has enriched my growth as a student and researcher. I am indebted to her more than I have ever expressed.

I would take the opportunity to thank Prof. T. Bagchi, (Head, Dept. of Microbiology), Prof. B. B. Chattoo, Dr. J. Manjrekar, Dr. B. Chandani, Prof. Shah and Prof. G. Archana for reviewing my work, suggesting few critical experiments and helping me in the times of need. I thank to Dr. Anuradha, Prof. Ingale, Dr. Vyas and Dr. Baxi for their valuable comments and encouragement, for providing necessary help and support throughout my Ph. D.

I would like to thank Prof. Rodney Rothstein, Department of Genetics and Development, Columbia University, New York for providing *S. cerevisiae* W-9100. I would also like to acknowledge Torrent Pharmaceuticals Limited – Research Centre, Gujarat for providing two New Zealand white Rabbits as gift.

I am greatly thankful to my lab seniors Dr. Soshina Nathan and Dr. Mahima Pandor for their suggestions, support and appreciation throughout the work. I am also thankful to all my lab mates Manikandan K., Anuja, Hasmat, Neerali and Manikandan S. for their timely help and support. I would like to take this opportunity to thank my friends Santosh sir, Dr. Rakesh Sharma, Shreedhar, Aparna, Prashant Desai, Ram, Rahul, Akhilesh, Dr. Harsuk, Jigar, Dr. Priya, Dr. Ruchi and Parul for their constant source of encouragement and moral support even during my tough time.

I would also acknowledge to all the M.Sc. students and the dissertation students of MNL for creating a fun-filled work environment in the Department and our lab. I also wish to express warm and sincere thanks to all the seniors and present research

scholars of Department of Microbiology and Biotechnology Centre. I am also thankful to Department of Pharmacy, MSU, Baroda for providing animal house facility.

I convey special acknowledgement to the office staff including Mr. Jaykumar Nair, Mr. Amwillsu Varghese, Mr. Nitesh Bhatt and Mr. Shirish Nagarkar for their indispensable help and advice and administrative assistance. Thanks are due to all non-teaching staff of Department of Microbiology specially Chiman Bhai and Mukesh Bhai for keeping the laboratory clean. It is a pleasure to express my gratitude wholeheartedly to Mrs. Thomas for providing chemicals, glasswares and plasticwares whenever needed. Finally, I would like to thank everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

I am also thankful to Department of biotechnology, New Delhi for project Fellowship and University Grants Commission, New Delhi for awarding Fellowship under RFSMS Scheme.

And above all, the blessings of all my family members and parents, who strengthened my determination to achieve my goal. A thank is also due to all my dear friends who supported me always.

Ultimately, I bow down to God! The Almighty, who bestowed me with a healthy mind and body as well as the strength to stand up to the expectations of my parents, teachers, family and friends.

Sandip G. Patil
