

ACKNOWLEDGEMENT

I had the opportunity to undertake my research work under the supervision of **Dr. Dinkar Narsinh Nayak**, Associate Professor of Economics, The M.S.University Baroda. I take this opportunity to express my deepest regards and gratitude to him for his excellent guidance, caring nature and patient approach towards all my shortcomings. During the course of four years of endeavour, he let me experience the research related to ‘Foreign collaboration in Indian industry: a study of FDI in Automotive Industry in India’, understand the practical issues, explore beyond books and patiently corrected my writings.

I sincerely owe thanks to all the authors and researchers whose work I have referred during the course of shaping my own work.

I offer thanks to my mother **Jyostna Dey** and father **Samarendra Kumar Dey** for constantly supporting and encouraging me throughout the period of my research and never letting me feel the exhaustion.

My thanks to my husband **Tapas (T.K)** for being the pillar of my support and standing beside me through thick and thin. My children **Siddharth** and **Gargi** who supported me by keeping a very congenial atmosphere for research at home.

I place on record my sense of gratitude to my elder sister, brother, relatives and friends near and far, for sharing their pearls of wisdom with me and helping me through discussions during the course of this research. I also feel obliged to express my gratitude to late, ***Shri. Vikrant Malewar***, for helping me in all technical aspects related to departmental presentations of my course work related papers.

Finally, I appreciate the support and cooperation of the library and GIC department of The M.S University Baroda, Gujarat, India.
