

## ACKNOWLEDGEMENTS

My research work has been an enlightening process for me. It has not only been an academic exercise but has added immensely to the growth of my personality.

It gives me great pleasure to express my feelings to those who have helped me in the completion of this work.

I would like first of all to express my gratitude to my **Guide Prof. A.S. Bhatt** for nurturing and being a constant source of motivation and inspiration at every stage of my work. His fatherly guidance and unfailing support are extremely invaluable.

I am thankful to the Dean, Prof. B.S. Patel and to Prof. I.P.Vyas for their constant caring and help throughout the research.

To all my Departmental colleagues, to the teachers from other departments in faculty of commerce, and to all my friends, I owe a lot of thanks.

My sincerest gratitude to my brother Saeed who has been always on my side in times good and bad, his caring and loving pushed me ahead everytime I faced troubles. I do not thank him, but recollect the experience of his deep affection which I still count on.

I will be failing in my duty if I do not mention, if not for thanks, atleast for record, the immense concern and

affliction of my parents, brothers and sisters who have sacrificed a lot to provide necessary resources for me. A lot of thanks owe to my relatives for their encouragement.

Hearty acknowledgement to Mrs. Bhatt who made me feel at home.

Finally, I would like to express special thanks to the many people who have been enormously helpful in the preparation of this work whom I have not specifically named, I think of them, I thank them all.
