

ACKNOWLEDGEMENTS

The investigator wishes to express her profound gratitude to her guide, Dr BN Chaulkar, Professor of the Department of Clothing and Textiles, Faculty of Home Science, Maharaja Sayajirao University of Baroda, Baroda for his invaluable suggestions, patient guidance and keen interest throughout the course of this work.

The author also wishes to thank the Director, Research and Development Organisation, Ministry of Defence, Dighi, Pune for his interest shown in the fabrication of the washing machine with an overhead stirrer.

The facilities provided by the Clothing and Textiles Department and the U.G.C. research fellowship received by the author since 1984 are gratefully acknowledged.

The investigator is deeply grateful to her parents and husband for their moral support and encouragement throughout the study without which the completion of this work would not have been possible.
