

## List of Tables

S. No.	Details	Page No.
<b>Table 1</b>	Stages of Women's Life, Determinants and TheConsequences	2
<b>Table 2</b>	Indicators of Maternal Care in Rajasthan	20
<b>Table 3</b>	Variables Selected for the Study and Their Measurements	28
<b>Table 4</b>	Profile of the Selected Villages	85
<b>Table 5</b>	Frequency and Percentage Distribution of the respondents according to their Background Information	87
<b>Table 6</b>	Frequency and Percentage Distribution of the respondents according to their Socio-Economic Status	89
<b>Table 7</b>	Frequency and Percentage Distribution of the Respondent Regarding Knowledge of Reproductive Health Aspects	90
<b>Table 8</b>	Profile Data of Kerwas Village	95
<b>Table 9</b>	Descriptions of Selected Aspects of Reproductive Health	100
<b>Table 10</b>	Blue Print of IEC Package (Reproductive Health aspects) developed and used for present study	112
<b>Table 11</b>	Description of Research Tool (Interview Schedule)	114
<b>Table 12</b>	Description of Reproductive Health Information and its Measurements	115
<b>Table 13</b>	Categorization of Independent Variables	124
<b>Table 14</b>	Aspects wise Minimum and Maximum Possible Score	125
<b>Table 15</b>	Categorization of other Background Information	126
<b>Table 16</b>	Measures Used for Statistical Analysis	127
<b>Table 17</b>	Frequency and Percentage Distribution of the Respondents According to their Age	130
<b>Table 18</b>	Frequency and Percentage Distribution of the Respondents According to their Educational Status	131
<b>Table 19</b>	Frequency and Percentage Distribution of the Respondents According to their Marital Status	132
<b>Table 20</b>	Frequency and Percentage Distribution of the Respondents According to their Caste	133
<b>Table 21</b>	Frequency and Percentage Distribution of Respondents According to their Occupation	133
<b>Table 22</b>	Frequency and Percentage Distribution of the Respondents According their Family Type	135

<b>Table 23</b>	Frequency and Percentage Distribution of the Respondents According to their Family Size	136
<b>Table 24</b>	Frequency and Percentage Distribution of the Respondents According to their Type of House	137
<b>Table 25</b>	Frequency and Percentage Distribution of the Respondents According to their Monthly Family Income	138
<b>Table 26</b>	Frequency and Percentage Distribution of the Respondents According to their Landholding	139
<b>Table 27</b>	Frequency and Percentage Distribution of the Respondents According to their Media Accessibility	140
<b>Table 28</b>	Frequency and Percentage Distribution of the Respondents According to their Socio - Economic Status	141
<b>Table 29</b>	Frequency and Percentage Distribution of the Respondents According to their Age at the time of Menarche	142
<b>Table 30</b>	Frequency and Percentage Distribution of Respondents According to their Age at the time of marriage and length of Marriage	144
<b>Table 31</b>	Frequency and Percentage Distribution of Respondents According to Total Number of Conception	146
<b>Table 32</b>	Frequency and Percentage Distribution of Respondents in Relation to Information about Pregnancy and Delivery	147
<b>Table 33</b>	Frequency and Percentage Distribution of the Respondents regarding information about Abortion and Miscarriages	150
<b>Table 34</b>	Frequency and Percentage Distribution of Respondents According to the use of Family Planning methods	152
<b>Table 35</b>	Frequency and Percentage Distribution of Respondents regarding information about Reproductive Health Ailment/Disease	154
<b>Table 36</b>	Frequency and Percentage Distribution of Respondents According to their Age at the Time of Menopause	155
<b>Table 37</b>	Frequency and Percentage Distribution of the Respondents According to the use of Cloth/Sanitary Napkin	157
<b>Table 38</b>	Frequency and Percentage Distribution of the Respondents According to the Practices of Using Sanitary Napkin	158
<b>Table 39</b>	Frequency and Percentage Distribution of the Respondents According to the Practices of Using Cloth during Menstruation	160
<b>Table 40</b>	Frequency and Percentage Distribution of the Respondents According to the Disposing Practices of Menstrual Cloth/ Sanitary Napkin	162
<b>Table 41</b>	Frequency and Percentage Distribution of the Respondents According to the Wrapping Practice of Menstrual Cloth/ Sanitary Napkin	164

<b>Table 42</b>	Frequency and Percentage Distribution of the Respondents According to Their Personal Hygiene Practices	164
<b>Table 43</b>	Frequency and Percentage Distribution of the Respondents According to their Food and Diet Related Practices	166
<b>Table 44</b>	Frequency and Percentage Distribution of the Respondents According to their Practices related to Maternal Care	168-169
<b>Table 45</b>	Frequency and Percentage Distribution of the Respondents with Regards to Sexual Activity During Pregnancy	174
<b>Table 46</b>	Frequency and Percentage Distribution of the Respondents According to their Post Delivery Sexual Involvement	174
<b>Table 47</b>	Frequency and Percentage Distribution of the Respondents According to their Family Planning Practices	176
<b>Table 48</b>	Frequency and Percentage Distribution of the Respondents According to their Social and Cultural Practices during Menstruation	177
<b>Table 49</b>	Overall Mean Scores of Pre-test and Post-test of the respondents on Reproductive Health Aspects	180
<b>Table 50</b>	Paired t-test for Overall Effectiveness of the IEC Package on Reproductive Health Aspects	182
<b>Table 51</b>	ANOVA with mean Achievement Scores of Reproductive Health Aspects in relation to Age of the Respondents	184
<b>Table 52</b>	ANOVA with mean Achievement Scores of Reproductive Health Aspects in relation to Educational Status of the Respondents	185
<b>Table 53</b>	ANOVA with mean Achievement Scores of Reproductive Health Aspects in relation to Marital Status of the Respondents	187
<b>Table 54</b>	ANOVA with mean Achievement Scores of Reproductive Health Aspects in relation to Monthly Family Income of the Respondents	188
<b>Table 55</b>	Paired t-test for Aspect Wise Effectiveness of Developed IEC Package on Reproductive Health	190
<b>Table 56</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Stages of Reproductive Health in Relation to their Age	193
<b>Table 57</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Stages of Reproductive Health in Relation to their Educational Status	195
<b>Table 58</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Stages of Reproductive Health in Relation to their Marital Status	198
<b>Table 59</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Stages of Reproductive Health in Relation to their Monthly Family Income	200

<b>Table 60</b>	ANOVA with Mean Difference of pre and post-test score of Respondents regarding Stages of Reproductive Health in Relation to Selected Variables	202
<b>Table 61</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Maternal Care in Relation to their Age	204
<b>Table 62</b>	Post Hoc test for ANOVA Within Various Age Groups	207
<b>Table 63</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Maternal Care in Relation to their Educational Status	208
<b>Table 64</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Maternal Care in Relation to their Marital Status	210
<b>Table 65</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding Maternal Care in Relation to their Monthly Family Income	212
<b>Table 66</b>	ANOVA with mean difference of pre and post – test scores of the respondents regarding Maternal Care in Relation to selected variables	215
<b>Table 67</b>	Post Hoc test for ANOVA Within Various Age Groups	216
<b>Table 68</b>	ANOVA with pre-test and post-test Mean Scores of Respondents regarding STDS and RTIs in Relation to their Age	218
<b>Table 69</b>	Post Hoc test for ANOVA Within Various Age Groups	220
<b>Table 70</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding STDs and RTIs in Relation to their Educational Status	221
<b>Table 71</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding STDs and RTIs in Relation to their Marital Status	224
<b>Table 72</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding STDs and RTIs in Relation to their Monthly Family Income	227
<b>Table 73</b>	ANOVA with mean difference of pre and post – test scores of the respondents regarding STDs and RTIs in Relation to selected variables	229
<b>Table 74</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding Family Planning in Relation to their Age	232
<b>Table 75</b>	Post – Hoc test for ANOVA Within Various Age Groups	234
<b>Table 76</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding Family Planning in Relation to Their Educational Status	234
<b>Table 77</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding Family Planning in Relation to their Marital Status	237
<b>Table 78</b>	ANOVA with pre-test and post-test Mean Scores of Respondents Regarding Family Planning in Relation to their Monthly Family Income	239

<b>Table 79</b>	ANOVA with mean difference of pre and post – test scores of the Respondents Regarding Family Planning in Relation to selected variables	241
<b>Table 80</b>	Frequency and Percentage Distribution of the Respondents According to their Reactions towards Power Point Presentations	248-249
<b>Table 81</b>	Frequency and Percentage Distribution of the Respondents According to their Reactions towards Video Films	251-252
<b>Table 82</b>	Frequency and Percentage Distribution of the Respondents According to their Reactions towards Chart	256
<b>Table 83</b>	Frequency and Percentage Distribution of the Respondents of their Reactions towards Posters	258
<b>Table 84</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Self Learning Cards	260
<b>Table 85</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Flip Book	262
<b>Table 86</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Flash Cards	264
<b>Table 87</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Booklet	266
<b>Table 88</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Pamphlets	268
<b>Table 89</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Aprons	270
<b>Table 90</b>	Frequency and Percentage Distribution of the Respondents of Their Reactions towards Educational Games	274
<b>Table 91</b>	Descriptions of Selected Aspects of Reproductive Health	301
<b>Table 92</b>	Statistical Planning and Measures	305
