CHAPTER		Page
I	INTRODUCTION	: 1 - 43
	* Women and development	: 1
	* Role and status of women in Bangladesh	: 8
	* Invisibility of women's work	: 10
	* The women wage earners	: 11
	* National statistical data indicating the low status of women in Bangladesh	: 12
	* Factors affecting the status of women in Bangladesh	: 19
	* Recent trends in female labour force participation in Bangladesh	: 23
	* Development programmes for women in Bangladesh	: 25
	* Need for present research	: 30
	* Role of Home Economists	: 33
	* Possible contribution of the present study	: 35
	* Specific Objectives of the study	: 39
	* Limitation of the study	: 41
	* Organization of the study	: 43
II	REVIEW OF LITERATURE	: 44 - 91
	* Studies done abroad	: 46
	* Indian studies	: 57
	* Studies done in Bangladesh	: 79
III	METHODOLOGY	: 92 - 119
	* Some theoretical understanding of the present study	: 92
	* Hypotheses to be tested	: 101
	* Research design	: 105
	* Procedure of data collection	: 106
	* Sample and sampling procedure	: 111
	* Instrument	: 113

CHAPTER		Page
	* Analysis of data	: 114
	* Operational definition of some concepts used in the present study	: 116
IV	FINDINGS AND DISCUSSION	: 120 - 339
	<u>SECTION I</u>	
	* Demographic Background of the households	: 123
	<u>Part 1</u>	
	* Demographic profiles	: 124
	* Religion, type of family and nature of residence of the households	: 124
	* Age structure of spouses	: 128
	* Age at marriage of spouses	: 132
	* Marriage practice	: 136
	* Fertility behaviour of sample housewives	: 138
	* Number of total children born	: 139
	* Number of dead and alive children of the sample	: 144
	* Birth spacing of children	: 150
	<u>Part 2</u>	
	* Socio-economic profiles	: 156
	* Educational level of spouses	: 156
	* Occupation of husbands	: 160
	* Occupation of wives - extent of FLP	: 162
	* Number of working members	: 166
	* Amount of land holding	: 169
	* Income level of household	: 171
	* Saving and Investment status of households	: 175
	* Source of savings	: 176
	* Investment	: 177
	* Credit	: 178
	* Source of credit	: 180
	* Purpose of credit	: 182

SECTION II

* Female Labour force Participation and Status of Women	: 184
---	-------

Part 1

* Nature and condition of work extent of female labour participation	: 186
* Nature of labour participation of women	: 187
* Employed outside home	: 187
* Work-condition of wage employed females	: 190
* Employed within home	: 192
* Working condition pertaining to the lower level of occupation: bidi making and rope making	: 193
* Economic contribution of employed females	: 194
* Age at employment	: 196
* Job satisfaction	: 197
* Reasons for job satisfaction	: 200
* Reasons for job dissatisfaction of the employed women	: 201
* Full-time housewife	: 203
* Reasons for not working outside home	: 205
* Types of skills of sample housewives	: 206
* Management practice in home	: 210
* Division of labour in the household activities	: 215
* Control over family purse	: 217
* Access to membership in community development organization	: 219-20
* Awareness and belief towards family planning	: 221
* Perception towards life	: 228
* Opinion towards small family norm and equality of sex	: 231

Part 2

- * Impact of FLP on the status of women : 232
- * Effect of socio-economic status of households, female labour force participation (FLP), literacy level, religion, family size on the status of women : 236
- * Effect of socio-economic status of households, female labour force participation (FLP), literacy level, religion and family size on : 244
- * Management practices : 244
- * Control over fertility : 253
- * Access to membership in community development organization : 258
- * Perception towards life : 262
- * Opinions towards small family norm and equality of sex : 270
- * Stepwise multiple regression to test the relative strength of 5 determinants affecting the status of women : 283

SECTION III

- * Female Labour force Participation and Consumption Level : 287

Part 1

- * Consumption expenditure pattern of total households in the sample : 291
- * Consumption expenditure pattern of sample households classified according to socio-economic status : 295
- * Consumption expenditure pattern of households classified according to female labour force participation : 302
- * Consumption expenditure pattern of households according to religion : 318

CHAPTER

Page

Part 2

- * Two-variable regression analysis : 324
- * Model I - Linear Regression of
Consumption Expenditure on Income : 330
- * Model II - Double Log or Log Linear
Regression : 331

Part 3

- * The effect of Income, Family size,
Female Labour Participation and Religion
on Consumption Expenditure : 334

V

SUMMARY, IMPLICATIONS FOR POLICIES AND
RECOMMENDATIONS : 340-363

BIBLIOGRAPHY : 364-389

APPENDIX

- I INTERVIEW SCHEDULE : 390-407
- II DISTRIBUTION OF SAMPLE : 408
- III DISTRIBUTION OF SCORES TO
10 INDICATORS OF THE STATUS OF WOMEN : 409
