

Acknowledgement

Thank you, almighty, for giving me this opportunity for expressing my gratitude to each and every person who influenced my Doctoral journey.

My work is dedicated to my Mother Late. Neelam Singh and my Brother Late. Abhinendra Singh (Chotu).

I don't have a better word than "Thank you" for my Mentor, my "Teacher Friend" Dr. Mini Sheth. She has been my power house; she intoxicated me with her immense positivity every time I lost mine and every time I needed it. She is humble, she is friendly, and she is the one with whom one can share almost everything without getting worried to be judged for fallacious reasons.

I am thankful to Prof. Uma Iyer and all the staff of Department of Foods and Nutrition, Faculty of Family and Community Sciences, The MSU Baroda for all kind of co-operation they provided during this journey.

Sincere thanks to all Teachers, other Staff, all the Students, of Navyug Vidyalaya and their Parents, for participating and supporting my research work, without them it would have not been achievable for us. Shweta Rajput (class teacher of Std. I), and all the children made possible for us to convert our plans into a real piece of research.

People who make me move even on the hardest paths during the hardest times have been inevitably responsible for all my achievements including my doctoral work; I am blessed to have them as my family: Daadi (Vidyawati Singh), Bua (Neelam

Singh), Chachi (Durgesh Singh) Chachu (N. B. Singh), my Sister (Anupriya Singh), Tejjaa (Vimla Vishwanath), my Brother Nikky (Tanmay Singh), Mausí (Neelima Singh), my Fuffa ji (Jitendra Singh Chouhan), my Dada ji (Lal Bahadur Singh) and my Father (Sunil Kumar Singh).

My extended family, the one who do not have blood relations with me but are always there in each and every step of my journey and I call them “Dost” Soni (Sonia Grover), Díkku (Reema Rathore), and Swatí (Swati Tandon).

Thanks to my Mates: Abní (Abnita Thakuria), Kiran dí (Kiran Rai), Neha (Shekhawat), Swatí (Yadav), Aparana (Pareekh), Mamta Ma’am (Mamta Singh), and Manvendra Sir (Manvendra Singh), for their beautiful support.

Pawan (Thakur) is the name without which I could have not possibly combined this work. His determination and thorough proof readings helped me especially during the last two months of this work.

My doctoral journey became bit easier because I had the best PhD gang, I am thankful to Shriya dí, Mital dí, Shweta, Trushna dí, Shrutí dí and Arti dí for their love, fights, discussions and sometimes for the gossips which detoxified me innumerable times in innumerable ways.

Lastly, I am thankful to “You” for reading this.
