List of Figures

Sr. No.	Name	Page No.
Figure 1	The Health belief model……..……	17
Figure 2	The theory of reasoned action……..	18
Figure 3	The AIDS risk reduction model……..	19
Figure 4	The stages of change model…….	20
Figure 5	The theory of planned behavior……...	21
Figure 6	The stages of the precaution adoption process model……..	22
Figure 7	The Social learning theory……..	23
Figure 8	The Information motivation behavioral skill model……	24
Figure 9	Core conditions of person- centered therapeutic process…….	26
Figure 10	Phases of cognitive behavioral therapy…….…..	27
Figure 11	The diffusion of innovation theory…….……	28
Figure 12	The model of social influence on behavior…….	29
Figure 13	Networks connecting individuals, groups, organizations and societies……..	30
Figure 14	Levels of influence in the social ecological model……	33
Figure 15	Adapted form of constructivist grounded theory process……	61
Figure 16	Sources of the research data and research method……..	66
Figure 17	Coding process adapted in the research……..	73
Figure 18	An example of initial coding: word by word and line by line coding……...…	75
Figure 19	An example of initial coding: incident by incident and in-vivo coding…….	75
Figure 20	An example of focused coding……	76

Figure 21	An example of axial coding…….	76
Figure 22	An example of theoretical coding……..……..	77
Figure 23	An example of developing core categories and sub categories…	78
Figure 24	Diurnal map of community counselors' working with MSM and FSW TIs: In-depth Interview…….……..	96
Figure 25	Diurnal map of ANM working with IDUs and FSW TI: In-depth Interview…….....……...…….	96
Figure 26	Diurnal map of female counselors' working with MSM an FSW TIs…….……	96
Figure 27	Diurnal map of male counselors' working with MSM and FSW TIs: : In-depth Interview……..….	96
Figure 28	Sub- categories and elements of the counselors' routine: In-depth Interview……...…….….	98
Figure 29	Sub- categories and elements of the counselors' time management: In-depth Interview…….	101
Figure 30	Sub- categories and elements of the counselors' types of counseling: In-depth Interview ……..……	104
Figure 31	Sub- categories and elements of the counselors' counseling documentation: In-depth Interview……	108
Figure 32	Sub- categories and elements of the counseling skills and techniques: In-depth Interview……	110
Figure 33	Sub- categories and elements of the counselors' challenges: In-depth interview……	113
Figure 34	Sub- categories and elements of the documentation: Review of counseling documents…….……	119
Figure 35	Sub- categories and elements of the counselors' practices: Participant observation……..……	121
Figure 36	Photographs of counseling set-up……	122
Figure 37	Sub- categories and elements of the counselors' counseling skills & techniques: Participant observation ……..	126

Figure 38	Sub- categories and elements of the HIV counseling process: Participant observation……..……	131
Figure 39	Sub- categories of HIV counseling process: Participant observation……	134
Figure 40	Sub- categories and elements of the process of behavior change among clients: Participant observation…….……	140
Figure 41	Sub- categories and elements of the factors influencing counselors' experiences: In-depth interview……	146
Figure 42	Sub- categories and elements of counselors 'professional involvement: Triangulation of the data ……	160
Figure 43	Sub- categories and elements of counseling context: Triangulation of the data……	163
Figure 44	Sub- categories and elements of the counselors' characteristics: Triangulation of the data……..	166
Figure 45	Sub- categories and elements of the types of counseling: Triangulation of the data……..	168
Figure 46	Sub- categories and elements of the counseling skills: Triangulation of the data……..	170
Figure 47	Sub- categories and elements of the counseling techniques: Triangulation of the data……..	172
Figure 48	Theoretical framework of HIV counseling practice in the TI context……..……..	174
Figure 49	HIV counseling process: Triangulation of the data…….…….	177
Figure 50	Theoretical framework of HIV counseling process in the TI context……..…….	178
Figure 51	Behavior change process: Triangulation of data…….……	180
Figure 52	Theoretical framework of the behavior change among clients in the TI context…….…..…….	182
Figure 53	Counselor's experiences: Triangulation of the data…….……	184

Figure 54 Theoretical framework of counselors' experiences in the TI context…….. 186

Figure 55 Constructivist Grounded Theory of HIV counseling practice in the TI context…… 189

Figure 56 HIV counseling in Indian cultural context…… 207
