

APPENDIX D

Interview Schedule for Teachers

1. What are your general reactions to the program?
2. How do you think this program has been helpful to children in their learning.
3. Can such a program be given by you as a part of your regular teaching? If no, why? If yes, how will you utilize the resources available to you to make the program effective?
4. What kinds of difficulties would act as barriers to your utilization of such a program:
 - (a) Number of children in a class.
 - (b) Lack of material resources. For example paper, pencil, other materials required for preparing work pages as utilized in the program.
 - (c) Any other.
5. Do you think teaching through the way demonstrated would act as a constraint to the completion of the syllabus?
6. If the completion of certain workpages especially of alphabets were made part of the syllabus, do you think that children would have a former foundation for reading and writing.
7. If it is not possible for you to give workpage, can the same things be taught to the group utilizing the black-board as the present investigator did?
8. Do you think that teaching children through the way demonstrated, is more time consuming? If yes, is the time spent worth it?
9. Would you be willing to spend time required for the initial planning of such a program?
10. Would you implement such a program for teaching children in the future?
11. Would you like to give any suggestions for further planning of such a program?
