

ACKNOWLEDGEMENT

Last few years of this research work have been replete with challenges of numerous kinds. The completion of this task is not an individual effort at all. I have been showered by various helps from all the sides and I must acknowledge them.

I thank almighty Ishtadev (Bhairavdada) for providing me with an opportunity to pursue higher studies and for blessing me to complete it successfully.

First of all I do thank Dr. Rajesh C. Shah, Associate Professor, Department of Applied Mathematics, Faculty of Technology & Engineering, The M. S. University of Baroda, Vadodara who lead me to this herculean task of doctoral research. He always cleared my doubts and provided vital suggestions. My interaction with him in these years has imparted me with an insight into the subject. He always made it sure that his guidelines enable me to develop my perspective. He embodies the human qualities and bears a rare combination of simplicity and learnedness which make his dealing with students an easy task. Nothing under the sun can replace his guidance. I always felt a glimpse of my elder brother in him.

I am also thankful to the Dean, Faculty of Technology & Engineering, The M. S. University of Baroda, Vadodara for providing research facilities during the pursuit of the present work.

I shall be always grateful to Dr. D. C. Vakaskar, Professor and Head, Professor S. Ramamohan, Professor D. P. Patel, Professor P. S. Kantawala, Dr. B. M. Shah, Dr. T. P. Shah, Dr. P. K. Pandit, Mr. S. B. Rao, Dr. J. P. Sharma, Mrs. N. N. Shah, Dr. B. S. Ratanpal, Mrs. N. S. Pathak, Department of Applied Mathematics, Faculty of Technology & Engineering; Dr. B. I. Dave, Professor Haribhai Katariya, Department of Mathematics, Faculty of Science, The M. S. University of Baroda for their kind cooperation and valuable suggestions during this work. I also acknowledge the help of teaching assistants Dr. Salma Pirzada, Mr. Amar Mangrola, Mr. Anil Chavda, Mr. Nirav Dave, Miss. Nirati Bhadarka, Mr. Shardav and Mr. Yash Sule for their positive attitude and cooperative nature towards my research work.

I am indebted to my doctoral committee members Professor A. N. Misra (Chairman), Professor D. C. Vakaskar (Head of the Department), Dr. Rajesh C. Shah (Guide), Professor P. S. Kantawala, Professor D. P. Patel and Professor R. C. Tandel for their invaluable critical comments during my research work.

My family needs a special mention here. This work is a result of constant encouragement of my parents. My parents taught me the value of education. My special thanks to my elder brother Dr. Hasmukh Patel, who kept me very comfortable during whole period of my research. I am thankful to my daughter Dhriti's smile which made me fresh whenever I was tired. My warm thanks to my wife Pushpa (Nayana) for her encouraging support in any circumstances. I would like to thank my sisters for their unconditional and selfless love who have been the real source of inspiration and constant encouragement in completion of this research.

From the bottom of my heart, I would express special thank to my previous employer NSVKM, Visnagar and Shri B. C. Patel (Chairman), Dr. L. N. Patel (Director), Shri M. L. Patel (Secretary), Shri R. V. Patel and another committee members of NSVKM, Visnagar for their kind heartedness in allowing me to utilize infrastructure resource facilities during this work.

I was obliged by Dr. H. B. Patel, I/c Principal & Head (CE & IT), Sankalchand Patel College of Engineering, Visnagar, as he allowed me to carry on research activities. My special thanks are due to Dr. M. V. Patel, Mr. V. J. Bhavsar, Mr. S. A. Bhanotar, Mr. S. B. Patel, Mr. S. A. Brambhatt, Mr. A. J. Patel, Mr. K. C. Suthar, Mr. M. S. Patel, Mr. Parth Prajapati, Mr. S. P. Patel, Mr. Bhargav Patel, Mr. Srikant Tatosaniya, Sankalchand Patel College of Engineering, Visnagar for their encouragement and help in one way or the other. Mr. C. S. Pandya, Government Polytechnic, Palanpur, Mr. Arayan Patel, Government Science College, Visnagar, Mr. Naresh Patel, SSPC, Visnagar for giving unprecedented moral support, taking interest in my work and providing strength and zeal during this journey of research work.

My sincere thanks are due to my senior research fellows for their helping attitude which paved the path towards the successful completion of this work. I also wish to thank my fellow research scholars Dipak Shukla, Rahul Panchal, Ramesh Katariya, Darshana Patel, Umesh Chaudhary, Himanshu Bhatt, Nayan Patel, Rajiv Shah and K. P. Mrudula for fruitful academic discussions.

I extend my gratitude to the office staff Mrs. Madhuri Wardy and Mrs. Pooja More for their cooperation to carry out the present research work. I also thankful to the peons of the department for their helping hands.

I am grateful to Dr. P. J. Bhatt, former Professor & Head, Dr. M. B. Prajapati, Professor & Head and Dr. A. V. Kadiya, Associate Professor, Department of Mathematics, Hemchandrachaya North Gujarat University, Patan for their blessings, encouragement, concern and for having faith in my abilities.

I am genuinely indebted to Dr. V. A. Kulshrestha who taught me during my post-graduation who, like an ideal teacher, identified the potential within me. Once she said that “You have to do Ph.D. for me.” These words kept on echoing and always boosted up my courage.

I thankfully acknowledge the cooperation from authorities of Hansa Mehta Library, The M. S. University of Baroda, Vadodara and the library staff of Faculty of Technology & Engineering, Vadodara for providing me necessary research facilities.

I also express my indebtedness to the authorities of The Maharaja Saiyajirao University of Baroda, Vadodara, for providing me with adequate research facilities.

Finally, I thank everyone who has directly or indirectly contributed and supported me while pursuing this research work. It is not an individual success but a success of everyone who has concerned for me.

February, 2015

Dilip B. Patel
(M.Sc., M.Phil.)
