

LIST OF GRAPHS AND FIGURES

Graphs

No.	Title of the Figure and Graphs	Page No.
1	Graph showing Organization wise distribution of the respondents	154
2	Graph showing Age wise distribution of the respondents	155
3	Graph showing Education wise distribution of the respondents	156
4	Graph showing Category wise distribution of the respondents	157
5	Graph showing Tenure wise distribution of the respondents	158
6	Graph showing Total experience wise distribution of the respondents	159
7	Graph showing Monthly Income wise distribution of the respondents	160
8	Graph showing status of high average rating of four variables in 3 organizations	290
9	Graph showing status of low average rating of four variables in 3 organizations	291
10	Graph showing status of chi-square test not accepted of different dimensions for all 4 variables in descending order.	295
11	Graph showing status of chi-square test for different dimensions of Emotional Intelligence in descending order.	297
12	Graph showing Status of chi-square test of different dimensions of Organizational Effectiveness in descending order.	298
13	Graph showing status of chi-square test for different dimensions of Productivity in descending order.	299
14	Graph showing status of chi-square test for different dimensions of Work Values in descending order.	300
15	Graph showing coefficient of correlation values for Reliance.	309
16	Graph showing coefficient of correlation values for Essar.	310
17	Graph showing coefficient of correlation values for Adani.	311
18	Graph showing testing of Hypothesis using Paired 't' Test for variable of Emotional Intelligence as compared between Reliance and Essar.	313
19	Graph showing testing of Hypothesis using Paired 't' Test for variable of Emotional Intelligence as compared between Reliance and Adani	315
20	Graph showing testing of Hypothesis using Paired 't' Test for variable of Emotional Intelligence as compared between Essar and Adani.	317

21	Graph showing testing of Hypothesis using Paired 't' Test for variable of Organizational Effectiveness as compared between Reliance and Essar.	319
22	Graph showing testing of Hypothesis using Paired 't' Test for variable of Organizational Effectiveness as compared between Reliance and Adani.	321
23	Graph showing testing of Hypothesis using Paired 't' Test for variable of Organizational Effectiveness as compared between Essar and Adani.	323
24	Graph showing testing of Hypothesis using Paired 't' Test for variable of Productivity as compared between Reliance and Essar.	324
25	Graph showing testing of Hypothesis using Paired 't' Test for variable of Productivity as compared between Reliance and Adani.	325
26	Graph showing testing of Hypothesis using Paired 't' Test for variable of Productivity as compared between Essar and Adani.	326
27	Graph showing testing of Hypothesis using Paired 't' Test for variable of Work Values as compared between Reliance and Essar.	327
28	Graph showing testing of Hypothesis using Paired 't' Test for variable of Work Values as compared between Reliance and Adani.	328
29	Graph showing testing of Hypothesis using Paired 't' Test for variable of Work Values as compared between Essar and Adani.	329

Figures

1	Figure showing Key elements of Organizational Behavior	2
2	Figure showing Goleman's model of Emotional Intelligence	38
3	Figure showing various roles and functions of a professional social worker in an industrial setup.	105
