

ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude to Dr. M.R. Panchal, Department of Electrical Engineering for his constant help and encouragement throughout the course of this work.

I am grateful to Dr. P. Satyanarayana, Manager, High Voltage & Switchgear Group for the valuable discussions while developing the bias test facility.

My thanks are due to my colleagues M/s G.R. Patel, A. M. Patel and J.M. Desai and staff of Extra High Voltage Laboratory M/s N.R. Patel and V.S. Thakkar, but for their help on various occasions the completion of this work would have been impossible.

I wish to thank the Management of M/s Hindustan Brown Boveri Ltd. for giving me permission to do Ph.D. with M.S. University.

Finally, my thanks to Shri Das for his skilful typing.
