

## ACKNOWLEDGEMENT

I would like to express my profound gratitude to my research guide Dr. P. Prabhakaran, professor in Mechanical Engineering Department, Faculty of Technology and Engineering – The Maharaja Sayajirao University of Baroda, Vadodara. for his total involvement in the research programme. Professor Prabhakaran has been most generous with his advice, guidance and thought provoking constructive criticism. His insistence on clarity and continuity of thought helped me in presenting the thesis in its present form.

I am deeply indebted to Prof. Baba Pai, Dean, and Prof. B. S. Parekh, and Prof. S. H. Mishra, former Deans, Faculty of Technology and Engineering, The M. S. University of Baroda, Vadodara for extending his cooperation during course of this study.

My sincere thanks are due to Mr. G. D. Karhadkar, Head (I/c), Mechanical Engineering Department for his support.

I would like to express my thanks to Mr Akash B. Pandey (assistant professor), Mechanical Engineering Department for his assistance during this research work and his valuable support.

Thanks a lot to my colleagues in Mechanical Engineering Department and other departments for their advice and support and especially for their help extended to me in Gujarati and Hindi language. Special thanks to Mr. Miland Ebokee and Mr. Ravin Naik (Assistance Professors), Mechanical Engineering Department.

Thanks to the technical staff in thermal engine laboratory, technical staff of other laboratories and workshops, non teaching staff in Mechanical Engineering Department.

I would like to express my thank due to V.C University of Babylon, Dean, Faculty of Engineering, Head, Mechanical Engineering and Prof. (Dr.) Haroun A. Shahad Al Janabi, Dr. Maher Abd Al-Rasul Sadiq Al- Baghdadi and other friends.

All of the thanks to my family in Iraq, they paid a lot of worry and patience to help me and support me to reach this level in my life, my appreciate and grateful to Bushra, Hawraa and Mohammed.

Last but not least, big thanks to Baroda and incredible India.
