

## **ABBREVIATIONS**

ABC	- Activity Based Costing
ABM	- Activity Based Management
AHP	- Analytical Hierarchy Process
AMBITE	- Advanced Manufacturing Business Implementation Tool for Europe
ANP	- Analytic Network Process
APL	- Action-Profit Linkage Model
BEM	- Business Excellence Model
BSC	- Balanced Scorecard
C2C	- Cradle to Cradle
CBS	- Comparative Business Scorecard
CEVITA	- Capability economic value of intangible and tangible assets model
CI	- Consistency Index
CPMF	- Cambridge Performance Measurement Framework
CPMS	- Consistent Performance Measurement System
CR	- Consistency Ratio
CRS	- Constant Return to Scale
CVA	- Customer Value Analysis
DEA	- Data Envelopment Analysis
DMUs	- Decision making units
DPMS	- Dynamic performance measurement system
E.V	- Eigen Vectors
ECI	- Environmental Condition Indicators
EFQM Model	- Business Excellence Model
ENAPS	- European Network for Advanced Performance Study
EVA	- Economic Value Added
FAHP	- Fuzzy Analytic Hierarchy Process
GNP	- Gross National Product
GSCM	- Green Supply Chain Management
HCU	- Hypothetical Composite Unit
IPMF	- Integrated performance measurement framework
IPMS	- Integrated performance measurement system

JIT - Just in Time  
KPI - Key Performance Indicator  
MNC - Multinational Corporations  
MPI - Management performance indicators  
MPPMS - Model for Predictive Performance Measurement System  
MTBF - Mean Time Between Failures  
MTTR - Mean Time to Repair  
OPI - Operational performance indicators  
OPS - Overall Performance Score  
PM - Performance Prism  
PMQ - Performance Measurement Questionnaire  
PMS - Performance Measurement Systems  
PPP - Purchasing Power Parity  
QMPMS - Quantitative Model for Performance Measurement System  
RI - Random Consistency Index  
ROI - Return on Investment  
ROQ - Return on Quality Approach  
SC - Supply Chain  
SCC - Supply Chain Council  
SCM - Supply Chain Management  
SCOR - Supply Chain Operations Reference  
SCPM - Supply Chain Performance Measurement  
SCPMS - Supply Chain Performance Measurement Systems  
SMART - Strategic Measurement Analysis and Reporting Technique  
SOP - Standard operating procedures  
SWOT - Strength, Weaknesses, Opportunities and Threats  
TOC - Theory of Constraints  
TQM - Total quality management  
WIP – Work in Progress
