

LIST OF TABLES

Table No.	Title	Page No.
1.1	Youth population at world level	10
1.2	Proportion of youth population (15-24) India and selected countries - 2010	11
1.3	Average Annual Increment in Youth population (in 1000s)	13
1.4	Age wise projection of population	13
1.5	Educational Composition of Population in India, 1971-2001	19
1.6	Educational Level among Indians (percentages)	19
1.7	Youth population at world level	51
1.8	Programme Area and Components	52
3.1	District wise distribution of college (2011-2012)	100
3.2	Information related to universe of each course and sample size in proportion	104
4.1	Distribution of sample respondents among various courses	114
4.2	Distribution of sample respondents among type of colleges	115
4.3	Gender wise distribution of respondents in various categories of courses	116
4.4	Description of various statistics of age in years among respondents	117
4.5	Gender wise distribution of marital status among respondents	118
4.6	Caste wise distribution among respondents of category of courses	119
4.7	Types of family among respondents	122
4.8	Distribution of standard of education among respondents' fathers and mothers	124
4.9	Distribution of occupation among respondent's Fathers'	126
4.10	Distribution of occupation among respondent's Mothers'	127
4.11	Description of various values of income in Rs. among parents	129
4.12	Level of Income groups among parents of respondents'	129

Table No.	Title	Page No.
4.13	Distribution of various Entrance Tests appeared by respondents to get admission in the present degree course	131
4.14	Gender wise distribution of pursuance of present course of degree as first choice	132
4.15	Distribution of various reasons for not getting admission in the first choice of course	132
4.16	Distribution of various quotas for admission among respondents	134
4.17	Distribution of level at which respondents felt financial constraints during course of study	137
4.18	Distribution of various purposes of financial constraints among respondents	137
4.19	Distribution of various sources of financial assistance	138
4.20	Gender wise distribution felt financial constraints among respondents	138
4.21	Distribution of pattern of employment among working respondents	140
4.22	Gender wise distribution of working respondents	141
4.23	Distribution of reasons among working respondents	142
4.24	Distribution of extracurricular activities among respondents	143
4.25	Gender wise distribution of participation in extracurricular activities	144
4.26	Distribution of category of courses and participation in extracurricular activities	144
4.27	Gender wise distribution of level of academic achievement at higher secondary level	147
4.28	Distribution of type of school and level of academic achievement among respondents	148
4.29	Distribution of various level of academic achievement and place of schooling among respondents	149

Table No.	Title	Page No.
4.30	Distribution of various level of academic achievement and different Medium of instruction at school among respondents	150
4.31	Distribution of various level of academic achievement and Board of examination at higher secondary school among respondents:	151
4.32	Distribution of level of Academic Achievement at H. S. & U G level of education	153
4.33	Gender wise distribution of level of academic achievement at U G level among respondents	154
4.34	Distribution of level of academic achievement and types of colleges at U G level among respondents	155
4.35	Distribution of level of academic achievement among respondents of various categories of courses	155
4.36	Description of mean achievement among the respondents of various courses (in %)	156
4.37	Distribution of level of overall academic achievement among respondents	157
4.38	Gender wise distribution of level of overall academic achievement among respondents	158
4.39	Distribution of various level of academic achievement among various categories of courses	159
4.40	Distribution of type of colleges and level of overall academic achievement	159
4.41	Description of statistics of academic achievements at various level of education (in %)	160
4.42	Level wise distribution of academic achievement among respondents	160
4.43	Descriptive Statistics of Occupational Aspirations among respondents of various courses	162
4.44	Distribution of level of Occupational Aspirations among respondents	164

Table No.	Title	Page No.
4.45	Gender wise distribution of Level of Occupational Aspirations	165
4.46	Distribution of level of Occupational Aspirations among various categories of courses	166
4.47	Distribution of various reasons to achieve higher percentages at final U G Exam among respondents.	167
4.48	Distribution of various options after graduation	168
4.49	Distribution of frequency on Aspirations for further study	169
4.50	Distribution of places for future studies among respondents	169
4.51	Distribution of change in career plans during the course of study among respondents	170
4.52	Distribution of influencing factors for future plans among respondents	171
4.53	Distribution of preparation of competitive exam among respondents	172
4.54	Distribution of preparation about the types of competitive exams among respondents	172
4.55	Distribution of perception of getting job among respondents	174
4.56	Distribution of preferred places for job among respondents	175
4.57	Distribution of confidence of parents in respondent's abilities and interest	176
4.58	Distribution of frequency on ambitions among parents of respondents	176
4.59	Distribution of parent's educational expectation for respondents	177
4.60	Descriptive statistics of Career Anxiety among respondents of various courses	179
4.61	Distribution of frequency of level of Career Anxiety among respondents	182
4.62	Gender wise distribution of Level of Career Anxiety	183
4.63	Distribution of level of career anxiety among respondents of category of courses	185
4.64	Distribution of Meaning in Life among respondents	186

Table No.	Title	Page No.
4.65	Gender wise distribution of Meaning in Life among respondents	187
4.66	Distribution of frequency on attending career guidance program among respondents	189
4.67	Distribution of standard at which respondents attended Career Guidance program	189
4.68	Distribution of usefulness of Career Guidance program among respondents	190
4.69	Distribution of necessity for information on career options for better career choice	191
4.70	Distribution of frequency on feeling of limited knowledge about career options	192
4.71	Distribution of frequency of standard at which respondents felt limited knowledge about career options	192
4.72	Distribution of frequency of appearing test for deciding career	193
4.73	Distribution of appearance of various tests for deciding career field among respondents	193
4.74	Distribution of need felt for availability of career guidance services among respondents	194
4.75	Distribution of level at which Career Guidance services required by respondents	194
4.76	Associations and level of significance of associations between variables and overall academic achievement.	197
4.77	Associations between Schooling and overall Academic achievement	199
4.78	Associations between Socio Economic Status of parents and overall Academic achievement	201
4.79	Associations between various parameters & overall Academic achievement	203

Table No.	Title	Page No.
4.80	Associations between different parameters and level of Occupational Aspirations	205
4.81	Associations between different parameters of schooling and level of Occupational Aspirations	207
4.82	Associations between Socio Economic Status of parents and Occupational Aspirations	209
4.83	Correlations of variables with Academic achievement and Occupational Aspirations	212
