

LIST OF FIGURES

Figure No.	Title	Page No.
1.1	Population size of India	12
1.2	Youth population in India (15- 29 years)	12
1.3	Pyramid showing average age of the country's population in 2020	14
1.4	Growth of Higher Education Institutions	18
1.5	Distribution of youth (13-35 years) by Level of Education	20
1.6	Conceptual Map	28
1.7	Monograph: Circumscription and compromise	45
3.1	Research setting: India, Gujarat State-Surat District- Surat City (M. Corp)	98
3.2	Veer Narmad South Gujarat University (VNSGU)	100
4.1	Category wise distribution of various courses	114
4.2	Distribution of percentage among category of courses	115
4.3	Distribution of age among respondents	117
4.4	Distribution of caste among respondents	119
4.5	Distribution of religion among respondents	120
4.6	Distribution of number of siblings among respondents	121
4.7	Distribution of pattern of stay among respondents	123
4.8	Level of education among respondent's Fathers and Mothers	125
4.9	Distribution of father's monthly income	127
4.10	Distribution of mother's monthly income	128
4.11	Distribution of medium of Instruction opted by respondents at college level.	133
4.12	Distribution of Influencing factors for the present course of study.	135
4.13	Distribution of felt financial constraints for pursuing studies among respondents	136

Figure No.	Title	Page No.
4.14	Distribution of frequency of working respondents	139
4.15	Distribution of working respondents as per their categories of courses	140
4.16	Distribution of participants in extra curriculum activities	143
4.17	Classification of Level of achievements at higher secondary level among respondents	146
4.18	Distribution of frequency of academic achievement at under graduate level	152
4.19	Classification of level of academic achievement at under graduate level among respondents	153
4.20	Mean plot of academic achievement at U G level	157
4.21	Level of academic achievement at various level of education.	161
4.22	Mean plot of occupational Aspirations among respondents of various courses.	163
4.23	Distribution of level of Occupational Aspiration among respondents	164
4.24	Distribution of level of Occupational Aspirations and types of colleges among respondents	166
4.25	Distribution of fields for the further study	170
4.26	Distribution of level at which parents changed their ambition for respondents	178
4.27	Mean plot of career anxiety among respondents of various courses	180
4.28	Distribution of Career Anxiety among respondents	181
4.29	Distribution of percentage of level of Career Anxiety among respondents	182
4.30	Distribution of level of anxiety and type of colleges among respondents	184
4.31	Distribution of meaning in life among respondents of category of courses	187
4.32	Correlation between Academic Achievement and Career Anxiety	214

Figure No.	Title	Page No.
4.33	Correlations between Academic Achievement and Occupational Aspirations	215
5.1	Career Development Cycle	271
