## ACKNOWLEDGEMENTS

---

First and foremost, I would like to express my sincere gratitude to my guide Prof. (Dr.) Someshwar S.Bhattacharya for the continuous support of my Ph.D study and research, for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D study.

Besides my guide, I would like to thank my Departmental course work Co-ordinators: Prof.(Dr.) M V.Koranne, Head, Textile Engineering Department, Prof. S T. Vernekar for their encouragement, insightful comments, and hard questions. I would like to thank Prof. A.N. Misra, Dean, Faculty of Engineering and Technology, for his support during the research work.

I express my sincere gratitude to Shri Ajay Sardana, Vice president (Head TRADC/CTS/BD), Shri U.J.Khadilkar, General Manager (Marketing), Shri D Das Chowdhury, Head-Business.Dev.-Trade, Birla Cellulose, Grasim Industries Limited for stimulating discussions and providing me an opportunity to carry out my research at TRADC. My gratitude is extended to Shri Sushil Hada, General Manager – TRADC for his guidance and generosity with which he provided excellent atmosphere for doing research. I would like to thank Shri Kiran Pandya, DGM (Business Development), who has always been a tremendous help no matter the task or circumstance with a smiling face, a warm and friendly heart.

I gratefully acknowledge the contribution of Shri Rajesh Vataliya, Shri Dayal Mahara, Shri Ketan Patel, Shri Ganesh Jadhav and Shri Mitesh Shah. I would like to thank Mr. Ravindra Pal who helped to knit the fabric samples. Other members of TRADC also deserve my sincerest thanks, their assistance has meant more to me than I could ever express.

My sincere thanks goes to all the faculty members, teaching and non-teaching staff of the department for always being so helpful and friendly. Special thanks to Mr. Amrish for his services in connection to Moisture Management Tester.

I would like to thank Management of Sarvajanic College of Engineering and Technology for giving me permission to commence this thesis in the first instance, to do the necessary research work and for providing stimulating support.

Words fail me to express my appreciation to my wife Prof. Chitra N. Joshi whose dedication, love and persistent confidence in me, has taken the load off my shoulder. I owe her for being unselfishly let her intelligence, passions, and ambitions collide with mine.

I would like to thank my parents Rameshbhai G. Ajmeri, Parvatiben R. Ajmeri and brother Dr. Sanjay R. Ajmeri and his family for supporting me throughout my life. I would like to dedicate this work to my father-in law Late Dr. Narendra B.Joshi and mother-in law Prabha N.Joshi who stood by me through the good times and bad, cheering me up.

It is a pleasure to express my gratitude wholeheartedly to Dr.Pitke's family for their kind hospitality. Joshi's and Mujumdar's were sources of laughter, joy and support.

Finally, I would like to thank my friends and everybody who was important to the successful realization of thesis, as well as expressing my apology that I could not mention personally one by one.

Above all, I owe it all to Almighty God for granting me the wisdom, health and strength to undertake this research work and enabling me to its completion.
