

APPENDIX - I

COVERING LETTER  
FOR FEASIBILITY STUDY

Dear Respondent,

March 1990.

As you are aware, crime against women is on the rise. This is compounded by the lack of awareness among women about their rights. I propose to identify some issues regarding "Women and Law" which can be communicated to women to increase their awareness in this area. One way of doing this would be to introduce a course relating to this issue in various undergraduate curricula, particularly in Home Science.

To develop this course I am collecting some information about the opinions and awareness of students concerning "Women and Law". You are one of the few whom I have selected as respondent for this questionnaire. Please oblige me by completing the attached questionnaire.

The information collected will be absolutely confidential and will be used for research purpose only.

Looking forward to your co-operation.

Thanking you,

Guide:  
Dr. A. Chandra  
Professor,  
Dept. of Education & Extension  
Faculty of Home Science,  
M.S. University,  
Baroda.

Yours sincerely,

*Rameshwari*
