

## Acknowledgments

I would like to take this opportunity to express my immense gratefulness to all those persons who have given their invaluable support and assistance and would like to extend my profound gratitude to the following.

I would like to thank my research guide Prof. C Ratna Prabha, whose admirable expertise and guidance helped me to do my research. Her critical remarks, corrections and skill to write or present in a scientific way have boosted my abilities in scientific communications. I am thankful to her for the opportunity of working in her laboratory with complete scientific freedom. I offer my sincere appreciation for learning opportunities provided under her guidance.

I extend my sincere gratitude to Prof. Sarita Gupta, Head of Department of Biochemistry for supporting and providing infrastructure and resources in the form of a central instrumentation facility that was needed to complete my work.

Thanks to my doctoral committee members Prof. Pushpa Robin (Department of Biochemistry) and Prof. Anuradha Nerurkar (Department of Microbiology) for their support throughout the years. I would extend my thankfulness to them for evaluating my work and providing important advice.

I would like to thank Prof. G. Naresh Kumar, Prof. Rasheedunnisa Begum, Prof. Jayashree Pohnerkar, Prof. Pushpa Robin, Dr. Shashikant Acharya, Dr. Laxmi Priya, Dr. Rajesh Singh, Dr. Devesh Suthar, Dr. Sanjeev Kumar and Dr. Ravi Vijayvargia for their encouraging words, criticism, valuable suggestions support throughout the years.

I sincerely acknowledge Dr. Mukesh Kumar for the opportunity to work with him at the Solid State Physics Department, Bhabha Atomic

Research Centre, Mumbai. I am grateful to him for boosting my morale through scientific discussions and providing an amicable laboratory environment to carry out my work. I would extend my thanks to Dr. Vishal Prashar, Dr. Lata Dr. Gagan, Dr. Subhash Bihani, Dr. Amit Kumar for their valuable scientific advice and helpfulness.

I want to give a special mention for Prof. Arun Arya, Department of Botany, The M. S. University of Baroda for being an advisor and supporter from time and now. I am also thankful to all the teachers of the Department of Botany for their kind words.

I am highly grateful to all the office staff of the Department of Biochemistry including Pethe Sir, Akshitaben, Vyasbhai, Manishbhai, Shaileshbhai, Rameshbhai and all non-teaching staff members for their help and guidance in all the official matters whenever I needed. I thank Milind Bhai, Kaushik Bhai and Mayur Bhai for their conducive and friendly support at university protocols.

I extend my thanks to BRNS for providing funds to carry out my research work. I am also thankful to The Maharaja Sayajirao University of Baroda for providing me JRF.

This journey would have not been possible without two of my closest friends Varsha Raimalani and Arpita Dave. They made the toughest time joyful with their presence. I will always cherish endless talks and discussions over coffee. It has been an unforgettable experience of Ph.D. tenure. I am grateful for having such wonderful friends. I would also like to extend my thanks to all other friends who have been there for me with fun and wishful thoughts. I want to extend my thankfulness to Varsha Raimalani who made my time in the laboratory enjoyable and allowed me to keep my sanity.

I want to give a special mention to Megha Chaudhari for being one of the most helpful person during my last year of Ph.D. work. She has been a good friend and a humble human being. I am thankful to all the lab members

of CRPL, Pradeep sir, Mrinal sir, Swapnali, Prranshu, Jinal, Sandeep, Ankita and Rushikesh for showing their keen interest in my work and provided me valuable suggestions. I would like to thank all of the dissertation students, Chaitra, Daksha, Maitryee, Yesha, Meghna, Hamsa, Vani and Rinkal and for being a great helping hand all along and for creating a fun-filled lab atmosphere.

I would like to extend my heartiest thanks to all the research scholars of the Department of Biochemistry and the Department of Microbiology for providing me help from time and now. My work would have not completed without their external support for executing my experiments. A special mention is mandatory to acknowledge Riddhi Vyas Pandya, for helping with facilities to execute many of my experiments.

Finally, the most important thank to the most important people of my life, my mom, Usha Panchamia and my brother Shanil Panchamia. They have stood by me through all ups and downs and encouraged me to keep going. My mom cared so deeply for my education at every step and gave me strength whenever it was necessary. She has been my backbone and support for all my decisions. Shanil has always helped me with discussions and suggestions. I would also like to extend my thanks to my brother Parth Panchamia and family.

Lastly, I want to thank myself for staying strong and not giving up.

**Brinda Panchamia**
