

ACKNOWLEDGEMENTS

I hereby take the opportunity to express my profound sense of gratitude to my guide Dr.(Mrs.) Sunanda M. Phadke, Reader, Department of Clothing and Textiles, Faculty of Home Science, M.S. University of Baroda for her valuable guidance and encouragement throughout the period of this study. Undoubtedly, I believe that it was a great privilege for me to work under her and it was this spirit that invigorated me throughout my work.

I wish to express my thanks to Mr. B. Balakrishnaiah, Head, Department of Clothing and Textiles, Baroda, for providing the departmental facilities and encouragement. I also wish to extend my thanks to Prof. B.N. Chaulkar and Mrs. S.I. Patel, former Heads of Clothing and Textiles Department, Baroda, for their constant encouragement.

I am extremely grateful to Dr.(Mrs.) K.R. Parlikar, Reader, Department of Home Science Education and Extension, Baroda for her everwilling help, constructive criticism and valuable suggestions during my work. I also thank Dr. (Mrs.) N. Ankleshwaria, Reader, Department of Food and Nutrition, Baroda for her kind help.

My sincere thanks are due to Prof. N.S. Pathak, Dean, Faculty of Education and Psychology, Dr. R.G. Kothari, reader, CASE and Dr. R.K. Parlikar, reader, Faculty of Education and Psychology for their help and suggestions whenever I approached them.

I am thankful to all the judges who have helped in validating the 'Programme' and the 'tools' used in the study.

I owe my heartfelt thanks to Dr. A. Pandya, Dr. A. Phukan and Mrs. B. Baishya for their generous help in evaluation of the garments.

I also wish to express my thanks to Dr. (Mrs.) L. Mazumdar, Associate Dean, Faculty of Home Science, A.A.U., and Dr. (Ms.) A. Gogoi, Head of the Department of Clothing and Textiles, A.A.U. for allowing me to conduct the experiments at their institute and providing me with the required facilities. I also thank my colleagues and friends for their help.

My sincere thanks are due to the subjects of my experiment - the second year B.Sc. (Home Science) students who had registered in the Faculty of Home Science, A.A.U. in the year 1989, for having cooperated with me during the experimentation.

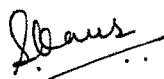

I extend my thanks to Mr. S. Patel for drawing the figures and to 'Midea Point' for typing the thesis with interest and care.

I shall be failing in my duty if I do not acknowledge the help given by the Honourable Vice Chancellor of Assam Agricultural University in the form of study leave.

I am extremely grateful to my family members for their constant encouragement throughout the study and for taking good care of my son.

I dedicate this work to my son who was deprived of my personal attention and care during the course of my study.
