

ACKNOWLEDGEMENT

I express my sincere gratitude to Prof. S.S. Katyare for his valuable guidance, discussions and encouragement throughout the course of this work.

I take this opportunity to thank Prof. L.J. Parekh, former Head, Department of Biochemistry and presently Dean, Faculty of Science, and Prof. T. Mehta, Head, Department of Biochemistry for providing the infrastructure and instrumental facilities for the research work.

I greatly appreciate my colleague Dipak V. Parmar who has been extremely cooperative and helpful at all the times.

My special thanks to Dolly S. Desai and M.B. Sureshkumar, for their help during the course of this research work.

I am extremely grateful to Mr. Suresh Nate whose kind help in providing the animals as per requirement helped me in finishing the work in time and Mr. Jayantilal Kacchiya for efficient maintenance of accounts.

I wish to thank all my friends and my family members for the support and encouragement that they have given.

And above all to my PARENTS, I say thanks, thanks for being there when I needed you, for being with me during the period of this work and for providing me with moral, psychological and emotional support. Your faith in me was a constant source of inspiration and encouragement during the course of this research work.

The Research Fellowship from the CSIR is also gratefully acknowledged.
