

ACKNOWLEDGEMENTS

This work was carried out in the Department of Botany, The Maharaja Sayajirao University of Baroda. I would like to express my sincere gratitude and thanks to Dr.G.M.Mair for his invaluable guidance throughout the period of this investigation.

Prof. A.R.Mehta, Head, Department of Botany has been a source of inspiration and I deeply acknowledge his help in several ways.

My sincere thanks to Prof.V.V.Modi, Coordinator, Biotechnology Programme, M.S.University, Baroda for allowing me to use the Electron Microscope.

Thanks are also to Prof.S.D.Sabnis, Prof.R.P.Bhatt and Dr.G.P.Senan for their suggestions and good wishes.

A word of praise to my good friend Dr. Kuruvilla P.Kurien for the timely help and kind gesture.

Thanks to Mr.K.J.Joseph and family 'Kalathil' for making my sojourn at Trivandrum a sweet and jovial one.

My colleagues and friends were always with me during the good as well as the badtimes and I appreciate them for making the sweet moments more sweet and sour ones less sour.

Thanks are also due to Mrs R.Titus for a neat efficient typing of the manuscript.

Above all I should thank my parents for their constant encouragement, support and help throughout the tenure of this work for which I fall short of words.

A handwritten signature in cursive script, appearing to read 'Philip John'.

PHILIP JOHN
