<b>Chapter: 1</b>	<b>Introduction</b>	<b>1-30</b>
1.1	Importance and Role of Savings	
1.2	Behaviour of Savings in India	
1.3	Issues	
1.4	Theoretical Background and Literature Review	
	<i>Growth - Saving Causality</i>	
	<i>Life - Cycle Hypothesis</i>	
	<i>Relationship between Saving and Macro Economic Variables</i>	
1.5	Objectives of the Study	
1.6	Methodology	
	<i>Study Approach</i>	
	<i>Model Specifications</i>	
	<i>Time Period of the Study</i>	
	<i>Sources of Data</i>	
	<i>Methods and Techniques of Analysis</i>	
1.7	Thesis Outline	
	<i>References</i>	
<b>Chapter: 2</b>	<b>Definitional Aspects, Behaviour and Composition of Savings</b>	<b>31-94</b>
2.1	Definitional Aspects of Saving	
	<i>Concepts of Saving</i>	
	<i>Saving Classification and Definitions</i>	
	<i>Data Issues</i>	

2.2 Trend and Composition of Saving

*Trend Behaviour*

*Composition of Saving*

*International Saving Comparison*

2.3 Saving Behaviour in India: A Review of Literature

2.4 Conclusions

*List of Abbreviations*

*References*

**Chapter: 3      Growth - Saving Causality in India      95-163**

3.1 Growth - Saving Experience in India

*Growth - Saving Behaviour*

*High Saving and Low Growth Puzzle*

3.2 The Review of Literature

3.3 The Review of Methodological Issues and Techniques

*Granger Test*

*Sims Test*

*McClave - Hsiao Tests*

*Cointegration Technique*

3.4 Methodology

*Problem Stated*

*Specification of Variables*

*Steps in Causality Test*

*Time Period and Sources of Data*

3.5 Empirical Results

3.6 Conclusions

*Notes*

*References*

## 164-242

### Monetary Sector Variables

### *Fiscal Sector Variables*

### External Sector Variables

### Real Sector Variable

### Demographic Variable: Life-Cycle Hypothesis

### Hypotheses

### Variable Definitions and Specifications

### *Time Period and Data Source*

### Estimation Techniques

#### 4.4 Conclusions, Inferences and Policy Options

## Notes

## References

**243-294**

## 5.1 Literature Review

## 5.2 Model Specifications and Hypotheses

### 5.3 Methodology

### Variable Specifications

### *Time Period and Sources of Data*

### Estimation Procedure

## 5.4 Empirical Results

## 5.5 Conclusions and Inferences

## References
