of his heavy commitments he was always available to lend me the help I needed. Needless to say that without his unfailing interest and encouragement the work I took up would not have been completed. It was one of the finest opportunities to work under his expert guidance.

I am grateful to Dr. N. S. Pathak, Professor and Dean, Faculty of Education and Psychology, M.S.University, Baroda for giving all possible facilities and help to complete this work.

Dr. Manjuli Gon, Professor of Psychology Department, M.S.University, Baroda took keen interest in my work and gave me constant assistance and guidance I needed. I would be failing in my duty if I do not express my gratitude to her.

My thanks are also due to the Principals and teachers of Kendriya Vidyalaya and Basant School of Baroda for providing me facilities to carry on my study and investigation work. I am equally obliged to the subjects who had their part in collecting the data for this work.
