GRAPH NO.		PAGE
1.	Graph showing pre, post-training and group rating of experimental teachers for their humanistic interpersonal skills of study - I	193
2.	Graph showing pre and post experimental ratings of control teachers for their humanistic interpersonal skills of study - I	194
3.	Graph showing pre, post training and group rating of experimental teachers for their humanistic interpersonal skills of study II	196
4.	Graph showing pre and post experimental ratings of control teachers for their humanistic interpersonal skills of study II	198
5.	Graph showing the percentage of mean scores of positive and negative behaviours of experimental teachers and pupils in pre and post tests of study - I.	204
6.	Graph showing the percentage of mean scores of positive and negative behaviours of experimental teachers	

	and pupils in pre and post-tests of study - II.	205
7.	Graph showing pre and post-test mean scores of pupils' personal growth variables in experimental group of study - I.	238
8.	Graph showing pre and post-test mean scores of pupil's personal growth variables in the control group of study - I.	239
9.	Graph showing pre and post-test mean scores of pupil's personal growth variables in the experimental group of study - II	240
10.	Graph showing pre and post-test mean scores of pupil's personal growth variables in the control group of study - II.	241
11.	Graph showing pre and post-test mean scores of pupil's personal growth variables in experimental and control groups of study - I.	242
12.	Graph showing pre and post-test mean scores of pupil's personal growth variables in experimental and control groups of study - II.	243

13.	Graph showing pre and past-test mean scores of pupil's cognitive growth variables in the experimental group of study - I.	279
14.	Graph showing pre and past-test mean scores of pupil's cognitive growth variables in the control group of study - I.	280
15.	Graph showing pre and past-test mean scores of pupil's cognitive growth variables in the experimental group of study - II.	281
16.	Graph showing pre and past-test mean scores of pupil's cognitive growth variables in the control group of study - II.	282
17.	Graph showing the post-test mean score scores of pupil's personal growth variables in experimental and control group of study - I.	283
18.	Graph showing the post-test mean scores of pupil's personal growth variables in experimental and control group of study - II.	284
19.	Graph showing pre and past-test profiles of experimental group in study - I.	303

20. Graph showing pre and past - test
 profiles of experimental group on
 study 11. 307
