

## Appendix 4

### Value Test on Gender Equality

-----

Given below are twelve situations. Situations like these occur often in our daily life. You have to say what you would do if you happen to be in a similar situation and then give the reason for your answer. Under every situation four alternatives are given. If you choose one of the first three alternative indicate (\_\_\_) against your choice. The fourth alternative is to suggest an option which is different from the given alternatives. After you have made a choice please give reasons for your choice.

- 
- I. You have gone for mountaineering with your friends. After reaching your destination you come to know that the organisers have not hired a cook. The organisers argue that in the group there are many girls who can cook after completing the day's mountaineering which would help cut down the expenditure and the group members will have to pay less per head.

-----
