

LIST OF TABLES

Table No.	Title	Page No.
1.1	Sample Design	6
4.1	Temporal Variation in Spatial Characteristics	120
4.2	Temporal Variation in Population and Occupational Structure	121
4.3	Probable Efficacy on Population	126
4.4	Probable Efficacy on Population of Tribes	128
4.5	Probable Efficacy on Tribal Population Density	130
4.6	Probable Efficacy on Tribal Arable Density	131
4.7	Probable Efficacy on Population of Literates	133
4.8	Probable efficacy on Male – Female Literate Population	135
4.9	Probable Efficacy on Main Worker Population	136
4.10	Probable Efficacy on Population of Cultivators	139
4.11	Probable Efficacy on Infrastructure	141
4.12	Probable Efficacy of Catalysts on Different Phenomena	148
4.13	Probable Efficacy of Altitude, Distance from Urban Centres and Physiography on the mean decennial distribution of Phenomena	169
4.14	Probable Efficacy of Altitude, Distance from Urban Centres and Physiography on the Contemporary Distribution of Phenomena	169
5.1(A)	Temporal Variation in Areal Characteristics in the Distance Range of upto 15 km From Urban Centres	199
5.1(B)	Temporal Variation in Areal Characteristics in the Distance Range of 16 - 30 km From Urban Centres	199
5.1(C)	Temporal Variation in Areal Characteristics in the Distance Range of More Than 30 km From Urban Centres	200
5.2(A)	Temporal Variation in Population Structure in the Distance Range of upto 15 km From Urban Centres	201
5.2(B)	Temporal Variation in Population Structure in the Distance Range of 16 – 30 km From Urban Centres	201
5.2(C)	Temporal Variation in Population Structure in the Distance Range of more than 30 km From Urban Centres	201
5.3(A)	Temporal Variation in Areal Characteristics in the Altitude Range of upto 500 feet from Urban Centres	203
5.3(B)	Temporal Variation in Areal Characteristics in the Altitude Range of 501 - 750 feet From Urban Centres	203
5.3(C)	Temporal Variation in Areal Characteristics in the Altitude Range of more than 750 feet From Urban Centres	203

Table No.	Title	Page No.
5.4(A)	Temporal Variation in Demographic Characteristics in the Altitude Range of upto 500 feet from Urban Centres	205
5.4(B)	Temporal Variation in Demographic Characteristics in the Altitude Range of 501 – 750 feet from Urban Centres	205
5.4(C)	Temporal Variation in Demographic Characteristics in the Altitude Range of more than 750 feet from Urban Centres	205
5.5	Mean Decennial Variation in Areal Characteristics (Area / 1000 Hectare)	206
5.6	Mean Temporal Variation in Demographic Structure (Population / 1000 of Total Population)	208
5.7	Mean Temporal Variation in Areal Characteristics (Area / 1000 Hectare)	209
5.8	Mean Temporal Variation in Demographic Structure (Population / 1000 of Total Population)	210
5.9	Concentration of Tribal Population in various Locations	211
5.10	Proportion of village characterized by varying functions i.e. forest village percentage and cultivable village percentage	212
5.11	Village Percentage with Varying Population Density	213
5.12	Village percentage with varying population density and tribal density	214
5.13	Village Percentage with varying Scheduled Tribes Percentage and Literate Percentage	215
5.14	Distribution of Cultivable Area in varying locations	216
5.15	Distribution of Literate Population in varying locations	217
5.16	Distribution of Cultivator in varying locations	218
5.17	Distribution of Forest in varying locations	219
5.18	Distribution of Main Workers in varying locations	220
