

## **ACKNOWLEDGEMENT**

At the moment of finalizing my research I would like to express my sincere thanks and deep sense of gratitude to my guide Prof. (Dr.) A.S.Patel, Professor and Head, Civil Engineering Department, Faculty of Technology & Engineering, The M.S. University of Baroda for his personal and keen interest in my research. Without his encouragement, help and guidance it would not have been possible to carry out this research.

I am thankful to the authority of The M.S. University of Baroda and my Faculty for their supportive role at various stages of this research. At the outset I remember Dr. Anil S. Kane, Hon'ble Ex-Vice Chancellor, The M.S. University of Baroda, Vadodara, who inspired and motivated me to take up this research. I also thank Prof.Dr.Y.K.Alagh, for recommending my name to Shri N.M. Sadguru Water and Development Foundation, Chosala, Dahod for obtaining information related to the research.

I am thankful to Shri N.M.Sadguru Water and Development Foundation, Chosala, Dahod for providing me information and data for the research. I specially remember Shri Harnath Jagawat, Dr.Rakesh Padey and Ms.Sunita Chowdhary of NMSWDF for their help during my research.

I can not forget most noble persons like Dr.V.M.Yagnik, Ex-M.D., GWRDC, Gandhinagar, Gujarat. and Shri Bharatbhai Gandhi for their warm support and help in obtaining information and data. They have left deep impression on my mind and heart. I am highly thankful to Shri K.D.Verma, Retired Geologist, GWRDC, for his help in geological study of the area.

I take here opportunity to thank International Water Management Institute (IWMI) for awarding a research project related to my research. I specially thank Dr.Tushaar Shah of IWMI for his keen interest in my study.

I remember Professor (Dr.) Raju K. George, Department of Mathematics, Faculty of Applied Sciences, Indian Institute of Space Science and Technology, ISRO, Trivandrum for his thorough guidance and genuine help in conceptualizing the mathematical formulation of the model I developed. I am also thankful to Dr.D.C.Wakaskar and other staff members of Applied Mathematics Department, Faculty of Tech.& Engg., The M.S. University of Baroda, Vadodara for their help.

I specially thank Shri Mitesh Mistry, Executive, The Neilsen Company, Vadodara for his continuous and invaluable help in research. I can not forget his support and help in analysis. I also thank here parents of Shri Miteshbhai and other family members for their co-operation during my long sessions of discussion at his home.

I also have a deep sense of gratitude towards Shri V.G.Bhave of CPWRS, Pune, first person who used Tank Model in India. His support in understanding and conceptualization of the Tank Model is unforgettable. I vividly remember his warm welcome and nice food at his home during my visits to Pune.

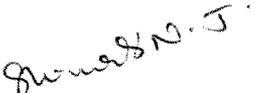

I am heartily thankful to various Government agencies like Gujarat Water Resources Development Corporation (GWRDC), Gandhinagar, State Water Data Centre, (SWDC), Gandhinagar, Gujarat Engineering Research Institute (GERI), Vadodara, office of Machhannala Irrigation Scheme, Nansalai, Jhalod, River Gauging Department, Vadodara, Soil Survey Sub-Division, Vadodara and Godhra etc. for providing data for the research and analysis.

I take this opportunity to express my sincere thanks to Prof.P.N.Sutaria and Prof.P.D.Vyas, both Ex-Head of Civil Engineering Department, for helping me administratively for collection of data for the work. I am also thankful to the staff members of the Civil Engineering Department, my all colleagues, for their co-operation and help whenever I needed.

I also remember the help rendered by my beloved students Mr.Sanjib Mukherji and Shri Ashish L.Guruji through their M.E. dissertation research on the topic related to my research. I would also like to thank sincerely, all the staff members of the Civil Engineering Department, Faculty of Tech. & Engg., for their support during my course of research.

I feel lucky myself for having a friend like Dr. Vilin Parekh. I express my heartiest thank for all his support from the starting of planning for this research up to the end.

It would be injustice if I do not acknowledge the support of my family members whose sacrifices have paved my path to success.
