

A C K N O W L E D G E -
M E N T

It is a moment of great pleasure for me to express my deep sense of gratitude to late Dr. J.M. Lohar - my guide and mentor and Professor, Applied Chemistry Department, Faculty of Technology and Engineering, M.S.University of BARODA. He not only suggested to me the problem, but took a keen and personal interest in my work and offered valuable guidance during the course of this investigation. It is painful that he is not alive to share the moment of happiness, but I owe him a lot to express in a few lines.

I am grateful to Professor R.C. Patel (Ex-Dean), Professor Dipak De (Ex-Dean) and Professor R.C.Desai, Dean, Faculty of Technology and Engineering, M.S. University of Baroda. My sincere thanks to Professor J.M. Trivedi, Head, applied Chemistry Department for providing

necessary facilities to carry out my investigation.

I am grateful to Dr. Y.K.Agrawal, Head Pharmacy Department, Faculty of Technology and Engineering. M.S. University of Baroda for taking keen interest and providing his able guidance after the sad demise of Dr.J.M.Lohar. His friendly but firm and able guidance helped me a lot in overcoming some moments of frustration and disappointment during the course of this investigation.

I also acknowledge the help of Dr.S.S.Lele, Mr. Madhav Rao and Mr.S.L.Patel, who carried out the micro-analysis of the compounds, and of Mr.Brijeshwar Singh of ERDA for some valuable help.

I am thankful to Dr.Renu Gupta for her precious help and continuous encouragement.

I am also thankful to Mrs. Deoyani Bendale and all my colleagues, friends and laboratory staff whose kind cooperation and active help have been instrumental in completion of this work.

I thank M.S. University of Baroda for award of research scholarship for about three years, which has gone a long way in accomplishing this work.

SADHANA RAJPUT.
