3.4 : Leprosy in Ancient Chinese Literature.	20
3.5 : Leprosy in Biblical Literature.	21
3.6 : Leprosy in recent period	23
3.7 : Spread of Leprosy	24

CHAPTER 4 : Literature Survey	29
4.1 : Geographical	30
4.2 : Social Science.	31
4.3 : Environment.	34
4.4 : BCG Vaccination	38
4.5 : Epidemiology.	41
4.6 : Clinical Features	46
4.6.1 : Impact of MDT.	46
4.6.2 : Relapse.	50
4.6.3 : Bacteriological Index.	51
4.6.4 : Deformity.	51
4.6.5 : Leprosy in children	54
4.7 : Sociology	57
4.8 : Urban	63
CHAPTER 5 : Distribution of Leprosy	67
5.1 : Introduction to disease distribution	67
5.2 : Geographic distribution of leprosy in the world	68
5.3 : Geographic distribution of leprosy in India.	79
5.4 : Geographic distribution of leprosy in Gujarat.	91
CHAPTER 6 : The Problem	96
6.1 : Rationale for the study.	96
6.2 : Statement of the Problem.	98
6.3 : Study Area.	99

CHAPTER 7 : Objective, Hypothesis and Methodology	101
7.1 : Objective	104
7.2 : Hypothesis	104
7.3 : Methodology	105
7.4 : Sampling Procedure.	106
7.5 : Sample Size	111
7.6 : Survey details	111
7.7 : Source of Secondary data.	123
7.8 : Questionnaires	124
7.9 : Place of interview.	125
7.10 : Mode of detection.	126
7.11 : Data Analysis	127
7.12 : Testing of Hypothesis	127
CHAPTER 8 : Leprosy in Vadodara District	128
8.1 : Disease detection	128
8.2 : Epidemiological Aspects.	129
8.3 : Geographic Distribution	133
8.4 : Distribution of leprosy in Vadodara city.	143
8.5 : Distribution of leprosy by age and sex	145
8.6: Testing of Hypothesis-I	152

CHAPTER 9 : Clinical Features of Leprosy	156
9.1 : Brief discription	156
9.2 : Type of Leprosy cases.	159
9.3 : Nature of Treatment.	161
9.4 : Side effect of Drug.	162
9.5 : Differential Diagnosis.	164
9.6 : Nerve Involvement.	165
9.7 : Relapse.	168
9.8 : Family Contact.	171
9.9 : Effect of BCG Vaccination.	172
9.10 : Testing of Hypothesis-2	176
9.11 : Testing of Hypothesis-3	179
9.12 : Testing of Hypothesis-4	182
 CHAPTER 10 : Role of Physical factors in the distribution of Leprosy	 186
10.1 : Importance of Enviornment	186
10.2 : Tracing physical features by Satellite Technology	189
10.3 : Preparation of Maps.	191
10.4 : Interpretation of Map	194
10.4.1 The Hills	197
10.4.2 The Piedmo nt Zone.	197
10.4.3 The Plans	198
10.4.4 The Badlands	198
10.4.5 Drainage	198

10.5 : Climate	202
10.6 : Soil	205
10.7 : Quarterly Variation.	212
10.7.1 : Limitation	217
10.8 : Testing of Hypothesis-5	217
10.9 : Talukawise classification.	227
10.10 : Classification of Prevalence rate	230
10.11 : Testing of Hypothesis-6	233
10.12 : Testing of Hypothesis-7	236
10.13 : Classification of Population Density	239
 CHAPTER 11 : Social Factors in Leprosy	 243
11.1 : Geographical Importance.	245
11.2 : Classification of leprosy cases by different ethnic group.	246
11.3 : Religion	253
11.4 : Literacy	253
11.5 : Percapita Income	254
11.6 : Family Income & Family size	255
11.7 : Family Type	258
11.8 : Profession	259
11.9 : Other environmental factors	261
11.9.1:Composite score for social condition	266

CHAPTER 12 : Problems related to leprosy	271
12.1 : Diagnosis of psycho-social problems.	271
12.2 : Attitude	278
12.2.1 : Family Attitude	280
12.2.2 : Attitude of Colleagues	283
12.2.3 : Attitude of Community	284
12.2.4 : Marriage Attitude	287
12.2.5 : Treatment Compliance	288
12.2.6 : Negligence	289
12.3 : Leprosy Stigma.	290
12.4 : Knowledge, Awareness & Perception (KAP)	293
12.4.1 : KAP among Sufferers & Non - Sufferers	296
12.4.2 : KAP among Medical & Para medical staff	309
12.4.3 : Spatial Analysis of KAP among Sufferers & Non-Sufferers.	327
12.5 : Problems of treatment faced by Sufferers & Leprosy Para - Medical workers.	331
12.6 : Spatial Distribution of Treatment Facilities	335
CHAPTER 13 : Nutrition	338
13.1 : Recent Geographical concept	338
13.2 : Information of diet in Leprosy Sufferers and Non-Sufferers	341
13.2.1 : Information of Non-Vegeterian food-Stuff	344
13.2.2 : Information of Vegeterian food-Stuff	345
13.3 : Nutritional status of Leprosy sufferers and Non-Sufferers	349

CHAPTER 14 : Disease Diffusion	352
14.1 : Introduction to Disease Diffusion	352
14.2 : Process of Diffusion	353
14.3 : Future Prediction Model.	359
 CHAPTER 15: Conclusion	 363
15.1 : Major Findings	363
15.2 : Recommendation	370
15.3 : Future Research Prospective.	373
APPENDICES	375
