

### ACKNOWLEDGEMENTS

The author is deeply grateful to Prof. S.S. Merh of the Geology Department of M.S. University, whose inspiring guidance and advice has been a source of abundant encouragement to the author. But for Prof. Merh's support, the realisation of this project could not have been achieved.

The author is thankful to all the staff members and research scholars of the Geology Department of M.S. University during 1984-87, who have unhesitatingly and willingly extended their fraternity whenever the author visited the geology department of the University in Baroda.

The author acknowledges with sincere thanks the help received from Dr. P.V.L.P. Babu, Mr. A.N.Pandey and Mr. Syam Mohan.V, Geologists of ONGC, Baroda, in the completion of the project.

The fine drafting work of Mr.V.A. Ranade and Mr.M.S. Vinay and the excellent typing of Mr.K.G.Sreedhran are acknowledged.
