

## **Acknowledgements**

I would like to express my deep and sincere gratitude to my research supervisor, **Prof. Prashant K. Mehta**, Department of Physics, Faculty of Science, The Maharaja Sayajirao University of Baroda, for giving me the opportunity to do research and providing invaluable guidance throughout this research. His dynamism, vision, sincerity and motivation have deeply inspired me. He has taught me the methodology to carry out the research and to present the research works as clearly as possible. It was a great privilege and honor to work and study under his guidance. I extend my heartfelt thanks for his acceptance and patience during the discussion on the research work and thesis preparation. This thesis would not have been in proper outline without small but significant contributions from large number of people. It is very tough to thank each one of them to the necessary extent.

I would like to express my sincere gratitude and thanks to **Prof. Haribhai R. Kataria**, Dean, Faculty of Science, The Maharaja Sayajirao University of Baroda for all the valuable support. I am thankful to **Prof. P. K. Jha**, Head, Department of Physics, The Maharaja Sayajirao University of Baroda for all the help in the department. I am also thankful to **Prof. D. K. Kanchan (Rtd.)**, **Prof N. L. Singh (Rtd.)**, **Prof. A. C. Sharma (Rtd.)**, **Prof. J. P. Singh (Rtd.)**, **Prof. M. B. Sureshkumar (Rtd.)**, **Prof. S. Mukherjee**, **Dr. D. G. Rathod**, **Dr. Mitesh Sarkar**, **Dr. K. C. Sebastian (Rtd.)**, **Dr. Keyur Vyas**, **Dr. B. P. Shah**, **Dr. K. R. Jotania** and **Dr. P. H. Soni** for their encouragement and cooperation that they had extended to me while I was in the department.

I would like to thank **Prof. C. J. Panchal**, Department of Applied Physics, Faculty of Technology and Engineering, **Dr. Bharti Rehani**, Department of Metallurgical and Materials Engineering, Faculty of Technology and Engineering, and **Dr. Hemant P. Soni**, Department of Chemistry, Faculty of Science, The Maharaja Sayajirao University of Baroda, for their critical suggestions and help.

I also like to express my profound gratitude to **Dr. V. Ganeshan**, **Dr. Mukul Gupta**, **Dr. Ram Janay Choudhary**, **Dr. V. Raghavendra Reddy**, **Dr. Uday Deshpande**, scientists and **Mr. Anil Gome**, **Mr. Manoj Kumar**, **Mr. Mohan Gangrade**, engineers at UGC-DAE CSR center Indore, for valuable discussions and suggestions which led to the

improvement of my understanding. I also thank them from the bottom of my heart for helping me in the sample characterization and data analysis.

I would also like to heartily thank **Dr. S. K. Mishra**, Scientific Officer, Solid State Physics Division, Bhabha Atomic Research Centre, Trombay, for valuable suggestion and help in the Rietveld analysis and dielectric measurements of my samples.

I also express my indebtedness to **Prof. Ashok Rao**, Department of Physics, Manipal Institute of Technology, Manipal Academy of higher Education, Manipal, for his valuable suggestions for my work and in writing research paper. I would also like to thank him and his student **Ms. Riya Thomas** for helping me for low temperature resistivity measurements of my samples.

It is my pleasure to thank **Prof. Yung-Kang Kuo**, Department of Physics, National Dong Hwa University, Hualien, Taiwan, for his critical suggestions and help in magnetization measurement of my samples.

I am also grateful to the academic and administrative staff of The Maharaja Sayajirao university of Baroda, Vadodara for providing me infrastructure and research facility during the entire period of my study.

I would also like to thank each and every non-teaching staff of Physics department for their timely and valuable help. I am also thankful to faculty office staff for all the help. I also thank **Mr. Piyushbhai Rana** along with his workshop staff, **Mr. Anareji** and **Mr. Chandubhai** for their help.

It is my pleasure to acknowledge the active cooperation of my senior research scholars Dr. Devang D. Shah and Dr. Bhagwati Bhishnoi who helped me a lot to clear my basic level analysis and important guidance to carry out my experiments and analysis along with the thesis writing. I cannot forget the support and amiable moments spent with my other research colleagues from Vadodara; **Dr. Naveen Agrawal, Dr. Ketan Chaoudhry, Dr. Rajnikant Makwana, Dr. Nimesh Patel, Dr. PrajactaJoge, Dr. Vishwanath, Dr. Ashwini Mahadik, Dr. Shilpa Bhavsar, Dr. Gyansagar Patel, Ratankumar Singh, Dr. Basant Rhonde, Dr. Som Narayan, Dr. Jaimin Acharya, Sitara Menon, Nileshkumar Parmar, Chaitanya Limberkar**, and many others.

I would also like to thank my friend **Mr. Arvinder Singh Nagi** who patiently supported me during my journey.

Finally, I would express my deepest gratitude to my Father(**Mr. Jayeshkumar C. Barot**) and Mother (**Mrs. Varshaben J. Barot**) for their constant support throughout my research work and encouragement. It's my pleasure to acknowledge the unending support and patience of my loving and caring wife **Dr. Bhavya N. Barot**, her parents (**Mr. Ravindraprasad Mathur** and **Mrs. Aparna Mathur**), my son **Janmejaya** and the hidden entity that is **GOD**. I thank each and every family member for their constant encouragement and support throughout my research work. Without the blessing and love of all these, it would have been difficult for me to achieve such a milestone.

Finally, I would like to thank and seek apology of all those who provided help to me and I could not recall at this moment.

Barot Nishant Jayeshkumar
