

ACKNOWLEDGEMENTS

It gives me great pleasure to record my deep sense of gratitude to Dr. J.C. George, Professor of Zoology, M.S. University of Baroda for the suggestion of the problem and for the constant guidance and encouragement, but for which this work would not have been in the present form.

My thanks are due to the Director of Fisheries, Government of Gujarat, for permitting me to attend the fishing operations to collect the fishes used in the present study. I am also thankful to Shri D.L. Dholakia, Assistant Director of Fisheries, Bulsar, Shri Dixit, Superintendent of Fisheries, Daman, Shri D.M. Desai, Senior Research Assistant, Kolak, Shri Nair, Shore Officer, Kolak, Shri Deshpande, and Shri Gujjar, teachers of the Fisheries School, Bhadbhut, Shri Pathan, Statistical Investigator, Broach, Shri Maganlal, Assistant Statistical Investigator, Broach and the floating staff, Kolak, for their immense help and cooperation in the collection of the fishes.

I am grateful to my colleagues Shri Arvind Desai and Shri M.M. Joseph for helping me in various ways in the present investigation and to Dr. K.S.S. Nair for criticism in the preparation of the thesis.
