

Acknowledgements

I would like to express my heartfelt gratitude to all the wonderful people without whom the successful completion of my thesis wouldn't have been possible. It is because of their support and guidance that this journey is completed.

Words aren't enough to express my gratitude for my Ph. D. guide **Dr. Hetal Roy**. I am blessed to have guide like her. From the very first day she has continuously supported and guided me in every way possible. Her commitment towards science, vision, and optimism is something that I aspire to have. No one would have supported me the way she as supported me through this journey. Your support has made this journey possible. I would like to express my sincere gratitude to Ajay sir and Dhanuska.

I would also like to extend my acknowledgement to the current Head, Department of Zoology, Prof. B. Suresh for his support and encouragement. Also, I would want to thank **Prof. Vihas T Vasu** and **Dr. Prakash Pillai** and all the faculty members at the Zoology Department who put in their contributions in my Ph.D. journey. Their guidance and support over the years was noteworthy.

I express my sincere gratitude to **Prof. Sarita Gupta** and **Prof. Pushpa Robin**, Department of the Cell and Molecular biology for access of instrumentation facility. I am also thankful to **Pooja ma'am** for her cooperation and support.

I am thankful to **Prof. Rajesh Singh**, Department of Biochemistry for providing me access to their laboratory instrumentation whenever required. Thanks to Fatema and Satakshi for helping me.

I would like to express my sincere gratitude to **Prof. Anuradha Nerurkar**, Department of Microbiology for her kind support to carry out my research.

I would like to extend my thanks to **Dr. Debashis Mitra**, NCCS, Pune for his gift of primary antibody to carry out my research.

I am thankful to Dr. Hemangini Vohra, Gujarat Cancer Research Institute for providing the FACS facility.

My sincere thanks to **Prof. D. N. Rank** and **Dr. Prakash Koringa**, Anand Agriculture University (AAU) for their support and access to their instrumentation facilities.

This thesis would not have been completed without the help of **Mr. Afridi shaikh**. His approach towards science and vision to understand is unmatched. Words wouldn't be enough to define your help in completion of this thesis. I will be forever thankful to you for this help.

A big thank you to **Ms. Helly Shah** who has taught me new theories about the life and science. Her support will be always remembered. You were the ray of hope for me when you joined the lab in Covid times.

Thanks to **Mr. Dhruv Joshi**, the Molecular Docking study would not have been possible without him. Your presence in the lab and chemical preparation was a memorable time. I would like to express my sincere thanks to **Dr. Prashant Murumkar** and Ms. Rasnaa Yadav, Faculty of Science Pharmacy, MSUB. for their help in docking study.

I am thankful to Disha, Devashree, Rajesh and Purvi who had helped in my initial days of my Ph.D. journey. I would like to express my gratitude to current and past members Harshita, Karan, Shruti, Bhargavi, Shailee, Sanjay, Mansi and Jatin. Special thanks to Afreen and Nehareeka for providing me the home-made food.

I am blessed to have amazing juniors; without their support this research work wouldn't have come to an end. They have taught me so many things in this journey till now, there are so many things that are still left to learn. I am still learning from them.

I would like to express my gratitude to **Mr Chirag Savani** and **Ms Shaily Patel** for helping me in data analysis in my initial days.

I would like to acknowledge the CSIR-UGC, New Delhi, India for financial support during my Ph.D. tenure

I would like to express my sincere gratitude to the current Head of P.G. Department of Biosciences **Prof. Ujval Trivedi** for his support and cooperation. He always supported and encouraged me to complete my research work as soon as possible. I express my gratitude to **Prof. K.C Patel**, former head of P.G. Biosciences Department for his unconditional support when I joined the P.G. Department of Bioscience. Your support will be always remembered.

I am grateful **Dr. Bhumi Thakkar** (Bhumi didi) for her kind support in my initial days. Thank you to **Ankita didi** who also supported me.

VVL lab members have made my journey memorable. I am obliged to Mr. Kaushal Chaudhari, who has supported me in every possible way. Never said no to me whenever I needed his help. He has taught me how to deal with failure and how to stay calm in worst situations. Thank you for staying by my side during the standardization of many protocols. Thanks to Ms. Aparna

Golani who is always ready with an answer to why my experiment did not workout or what should I do to make it work. Discussions over coffee with you will always remain special to me. I am also thankful to Ms. Nidhi Nagariya for her friendly support.

I would further like express my gratitude to PPL members Ms. Sangati Pancholi, Ms. Swasti Sukanya and Ms. Swagatama Mukhejee for their kind cooperation. Special thanks to Ms. Pampa Pain for helping in trouble shooting in the western blot experiments.
