

LIST OF FIGURES

<u>FIGURE</u>	<u>Page No.</u>
1. Location and Index Map of Kutch	12
2. Sedimentary basin Map of India.	14
3. Geological Map of a Part of Kutch basin showing distribution of Mesozoic Formations.	16
4. Geological Map of Kutch	21
5. Tectonic Map of Kutch... ..	25
6. Physiographic and Tectonic Map of Wagad.	27
7. Geological Map of Wagad Hills	29
8. Distribution of important domes in eastern Kutch... ..	31
9. Isopach Map of Washatwa Formation.	40
10. Washatwa Formation Depositional Patterns.	40
11. Isopach Map of Kanthkot Formation.	43
12. Depositional Patterns of Lower and Upper Kanthkot Formation.	47
13. Isopach Map of Gandau Formation..	49
14. Measured Sections at Washatwa, Chitrod and Mae, showing distribution of facies....	246
15. Composite section indicating facies and Trace Fossil distribution.	248
16. Schematic diagram showing range of environments in eastern Kutch.... ..	266
17. Graphic representation of trace fossil association that define <u>Skolithos-cruziana</u> ichnofacies in Washatwa Formation.	274
18. Graphic representation of trace fossil association that define the <u>Skolithos-</u> <u>Cruziana</u> and <u>Zoophycas</u> ichnofacies in Lower Kanthkot Formation.	280

<u>FIGURE</u>	<u>Page No.</u>
19. Graphic representation of trace fossil association that define the <u>Skolithos</u> , <u>Cruziana</u> , <u>Zoophycos</u> and <u>Nereites</u> ichno- in Upper Kanthkot Formation. ...	284
20. Graphic representation of trace fossil associations in the <u>Scoyenia</u> and <u>Skolithos</u> ichnofacies in Gamdau Formation. ...	289
21. Diagram illustrating ichnofacies, environmental zones and common trace fossils in Wagad Group in eastern Kutch. ...	293
22. Feeding types of Washatwa Trace Fossils...	295
23. Feeding types of Kanthkot Trace Fossils...	297
24. Feeding types of Gamdau Formation ...	299
25. Ichnocoenoses in eastern Kutch... ..	303
26. Diversity and Abundance of ecologically grouped trace fossils in various substrate types.	312
27. Abundance of individual ichnogenra in various types of substrate.	314
28. Simplified model of the relationship between trace fossils and their environment.	316
29. Stratigraphic Section, Trace Fossils and Depositional Environments in Chitrod. ...	318
30. Stratigraphic Section, Trace Fossils and Depositional Environments in Washatwa ...	319
31. Stratigraphic Section, Trace Fossils and Depositional Environments in Halrae ...	320
32. Stratigraphic Section, Trace Fossils and Depositional Environments in Adhoi. ...	321
33. Stratigraphic Section, Trace Fossils and Depositional Environments in Kanthkot. ...	322

<u>FIGURE</u>	<u>Page No.</u>
34. Stratigraphic Section, Trace Fossils and Depositional Environments in Ramwao. ...	323
35. Stratigraphic Section, Trace Fossils and Depositional Environments in Tramau. ...	324
36. Stratigraphic Section, Trace Fossils and Depositional Environments in Mae. ...	325
37. Stratigraphic Section, Trace Fossils and Depositional Environments in Nara. ...	326
38. Stratigraphic Section, Trace Fossils and Depositional Environments in Manfara. ...	327
39. Diagrammatic facies Profile- Eastern Kutch delta system.	365
40. Diagrammatic Cross-section of distributory channel.	365
41. Common trace fossils of channel fill assemblage in modern high energy environments.... ..	365
42. Common trace fossils in modern lagoonal environments.... ..	365
43, 44. Schematic diagram illustrating depositional environments as revealed by trace fossil occurrences in eastern Kutch. ...	376
