LIST OF TABLES	ix
LIST OF FIGURES	xiii
LIST OF GRAPHS	xiv
CHAPTER I INTRODUCTION	1 - 23
1.1 Teacher Training Importance	1
1.2 Traditional Practice Teaching - Shortcomings	3
1.3 Classroom Interaction Analysis and Practice Teaching	9
1.4 Micro-Teaching and Traditional Practice Teaching	14
1.5 Interaction Analysis and Micro-Teaching	20
CHAPTER II REVIEW OF LITERATURE	24 - 64
2.1 Early Researches	24
2.2 Teacher Education	27
2.2.1 Teacher Effectiveness: A Review of Reviews	27
2.2.2 Interaction Analysis - Pre-service and In-Service Teacher Training	30
2.2.3 Classroom Experiments in Indirect Teaching	31
2.2.4 In-Service and Pre-Service Training - Presage and Process Variable	33
2.3 Literature Related to Micro-Teaching	34
2.3.1 Origin and Development	34
2.3.2 Micro-Teaching at Stanford	36
2.3.3 Micro-Teaching in Other Universities of U.S.A.	39

2.3.4	Far West Laboratory for Educational Research and Development	42
2.3.5	Mini Courses Involving Micro-Teaching	45
2.4	Micro-Teaching Used in United Kingdom	46
2.5	Micro-Teaching in Developing Nations	48
2.6	Studies in India	50
2.6.1	Interaction Analysis and Teacher Behaviour	50
2.6.2	Micro-Teaching and Teacher Behaviour	53
2.7	Combining Interaction Analysis with Micro-Teaching	56
2.8	Review of Literature and Present Study	58
2.8.1	Conceptual Framework	58
2.8.2	Experimental Studies	59
2.8.3	Process-Product Variables	60
2.8.4	Teacher Behaviour - Dependent and Independent Variable	61
2.8.5	Macro and Micro-Research	62
2.8.6	Move Towards Science	63
CHAPTER III	PROBLEM AND PROCEDURE	65 - 112
3.1	Statement of Problem	65
3.2	Design of the Study	69
3.3	Sample	72
3.4	Tools and Treatment	76
	A. Traditional Practice Teaching	79
	B. Micro-Teaching	80
	C. Flanders Interaction Analysis Category System (FIACS)	85
3.5	Tabulation and Interpretation of Matrix	88
3.6	Observation and Data Collection	103
3.7	Measures for Analysis	104
	1. Observer Reliability	104
	2. Matrix	106

	PAGE NO.
3. Use of 't' test	109
4. Comparing Matrices for Statistical Significance	109
CHAPTER IV RESULTS	113 - 170
4.0 Introduction	113
Section I	
4.1 Pilot Study Results	114
4.1.1 Observer Reliability	114
4.1.2 Post-Treatment Matrices	115
4.1.3 Comparison of Variables for Significance	116
Section II	
4.2 Final Experiment Results	120
4.2.1 Inter-Observer Reliability	120
4.2.2 Comparison of Pre-Treatment Interaction Matrices	121
4.2.3 Comparison of Variables for Significance	127
4.3 Comparison of Pre-Treatment and Post-Treatment Interaction Matrices	130
4.3.1 Pre-Treatment and Post-Treatment Matrix Comparison of Control Group	130
4.3.2 Pre-Treatment and Post-Treatment Interaction Matrix Comparison of Experimental Micro-Teaching Group I	136
4.3.3 Pre-Treatment and Post-Treatment Interaction Matrix Comparison of Experimental FIACS Group II	141
4.4 Inter-Group Post-Treatment Interaction Matrix Comparison	145
4.4.1 Post-Treatment Matrix Comparison of Control Group and Experimental Micro-Teaching Group I	146

4.4.2	Post-Treatment Matrix Comparison of Control Group and Experimental FIACS Group II	151
4.4.3	Post-Treatment Matrix Comparison of Experimental Micro-Teaching Group I and Experimental FIACS Group II	156
	Section III	
4.5	Micro-Teaching Results	162
4.5.1	Comparison Between Teach and First Reteach	162
4.5.2	Comparison Between Teach and Second Reteach	162
4.5.3	Comparison Between First Reteach and Second Reteach	162
4.5.4	Comparative Results of Teach, First Reteach and Second Reteach	166
4.5.5	Modification of Verbal Behaviour on Variables at Different Stages	166
CHAPTER	V DISCUSSION OF RESULTS	171 - 202
5.0	Introduction	171
5.1	Hypotheses	171
5.2	Discussion of Pilot Study	172
5.2.1	Inter-Observer Reliability	173
5.2.2	Post-Treatment Matrices	174
5.3	Discussion of Final Experiment	175
5.3.1	Inter-Observer Reliability	176
5.3.2	Comparison of Pre-Treatment Interaction Matrices	176
5.3.3	Comparison of Pre-Treatment and Post-Treatment Inter- action Matrices	178
	A. Traditional Method of Training	178
	B. Effects of Micro-Teach- ing Treatment	181
	C. Effects of Flanders Interaction Analysis Category System Treatment	183

	PAGE NO.
5.3.4 Overview	186
5.4 Inter-group Post-Treatment Interaction Matrix Comparison	188
5.4.1 Control Versus Experimental Micro-Teaching Group	188
5.4.2 Control Versus Experimental FIACS Group II	191
5.4.3 Experimental Micro-Teaching Group I Versus Experimental FIACS Group II	193
5.5 Micro-Teaching Results	195
5.5.1 Comparison Between Teach and First Reteach	195
5.5.2 Comparison Between Teach and Second Reteach	196
5.5.3 Comparison Between First Reteach and Second Reteach	197
5.5.4 Modification of Verbal Behaviour at Different Stages	197
5.6 Conclusions	198
CHAPTER VI SUMMARY, CONCLUSIONS AND IMPLICATIONS	203 - 222
6.1 Introduction	203
6.1.1 Objectives	205
6.1.2 Design	207
6.1.3 Sample	209
6.1.4 Tools and Treatments	209
6.1.5 Measures for Analysis	210
6.1.6 Findings	210
6.2 Conclusions and Implications	211
6.3 Theory of Instruction	219
6.4 Suggestions for Future Research	220
REFERENCES	223 - 238
