

## **ACKNOWLEDGEMENT**

I would like to record my profound gratitude to Dr. Anwar Ali Ansari under whose Supervision this study was conceived, executed and concluded. In spite of numerous preoccupations and tight schedule due to burden of work, he was good enough to accommodate my request for discussion and guidance at every stage of this work, and without his support this work would not be possible.

My special thanks to Shri C.V. Soni of INDEXTb Industrial Extension Bureau, Bhuj who not only provided me necessary reports but also gave me some primary and raw data of industries that are coming in Kutch in the coming future. These data are very useful, as they have given new shape to my work. He acknowledged me with the post status of industrial development and the present economy of Kutch after the earthquake.

I owe a debt of gratitude to Dr. G.R. Rao, Hydraulic Engineer of Kandla Port Trust, Gandhidham who has given the clear picture of environmental scenario of coastal region and part played by the development of Ports.

I am thankful to Shri Mahesh H. Trivedi of Mundra port who has guided me to concerned person, which saved my lot of time.

Ms Mansi Anand of Abyyan cell, Mr. Tushar Parmar of Gujarat state Disaster Management Agency, Shri J.K. Chauhan Asstt. Estate Manager & Shri K.C. Vyas of Kandla Port Trust, these officials of Bhuj and Gandhidham cannot be forgettable, as they were great help and I will always remain grateful to all of them.

I have great gratifications in my heart for Dr. Rolee Kanchan, which are definitely inexpressible in words. She is the inspiration behind this work and person who has helped me in each and every way to complete my task. She is not only a good teacher she is a great person who always believe in giving and helping others.

I am thankful to Mr. Shashikant of Green Eminent Consultant, who helped me in making maps with software of Geographic Information System, the help is indeed grateful.

My greatest inspiration for all these work are my great parents who are always with me in thick and thin. My youngest sister Upasana was the backbone of my task as every computerised section of my work was attended with due care by her. The moral support was provided by elder sister Sanvedan. Her thoughtfulness has always been an inspiration. My special thanks are due to my brother Anupam who helped me in the initial stages of printing of chapters.

Last but not the least, I remain indebted to my husband Deepak Kohli who not only helped in my work but also morally supported me with the positive words. He is the whole sole inspiration behind the work. My harmless son has cooperated me in his own innocent way, which was very indebtful for me.

The consultation work was done in Hansa Mehta Library of M.S.University of Baroda and Center for Environmental Planning Institute Library, Ahmedabad The staff was very cooperative and I am grateful to them for the needful support.
