CHAPTER IV

Mortality and survival of firms and Growth of enterprises - A time series analysis. 106

4.1 Growth of firm : A brief survey 106

4.2 Measurement of Growth : 119

4.2.1 Problems encountered 119

4.2.2 Methodology adopted 124

4.2.3 Overall Growth performance of enterprises 127

4.2.4 Age and growth of firms 135

4.2.5 Size and growth of firms 138

4.2.6 Growth of firms established before 1975 140

4.3 Mortality and survival of firms. 144

CHAPTER V

Size, Capital Intensity, Productivity and returns to scale. 159

5.1 Introduction 159

5.2 Studies on productivity and returns to scale : A brief survey 169

5.3 Capital intensity, size and productivity of chemical enterprises. 179

5.4 Fitted production function and returns to scale 189

CHAPTER VI

Linkages : Their nature and extent. 199

6.1 Linkages : A theoretical background 199

6.2 Linkage studies : A brief survey 212

6.2.1 Small industry studies 212

6.2.2 Regional studies 223

6.3	The Present study	226
6.4	Petrochemical and chemical industry	232
6.5	Backward linkages	240
6.5.1	Input coefficients	242
6.5.2	Industry linkages	248
6.5.3	Regional linkages	252
6.6	Forward linkages	259
6.6.1	Industry linkages	262
6.6.2	Regional linkages	265
