

ACKNOWLEDGEMENT

ACKNOWLEDGEMENT

It is my proud privilege to express my deep sense of gratitude to **Dr. R. A. Vora**, Professor, Applied Chemistry Department, Faculty of Technology and Engineering, M. S. University of Baroda, Vadodara for his constant support, encouragement, inspiration and precious guidance. His knowledge and expertise have motivated and given perfect direction for the completion of this research work in time.

I am grateful to Dr. Uma Chudasama, Professor and Head, Applied chemistry Department and Dr. S. G. Shah, Dean Faculty of Technology and Engineering for providing the necessary facilities for the research work.

I also take this opportunity to thank Dr. A. C. Shah, Professor and Head, Chemistry Department, Faculty of Science, M. S. University of Baroda, Vadodara for valuable assistance in providing elemental analysis.

Help rendered by Dr. C. R. Jejurkar is acknowledged herewith in the synthesis of metallomesogens. I am extremely grateful to Dr. K. K. Raina, Head, SBAS, Thapar Institute of Engg. and Tech., Patiala, India, for providing me the facilities for ferroelectric measurements.

I must thank M/s. Alembic Chemical Works Co. Ltd., M/s. Malti Chem. Research Centre., M/s. Vitara Chemical and M/s. Sun Pharma Ltd., for providing facilities for IR, FTIR and NMR spectroscopy. I also thank Dr. S. S. Madhavrao for helping me in

interpretation of NMR spectra as and when required. I thank Mr. S. L. Patel for carrying out element analysis and DSC.

My heartiest thank goes to my friend **Himani Nandedkar** and sister **Mala Patel** for their assistance at different stages of my work, as well as for their moral support and constant encouragement during this study.

My colleagues and the staff of the Applied Chemistry Department deserve a special mention too for their co-operation at various stages of this work.

My parents and my family have no less contribution in the completion of this work. I am very much thankful to them.

Ashish Prajapati
