

Acknowledgement

First and foremost, I wish to express a deep sense of gratitude to my guide Dr Shubhada Kanani, Reader, Department of Foods and Nutrition, Faculty of Home Science, M S University, Vadodara. Her valuable guidance, constructive criticism and motivation has helped me towards the completion of this study.

I am thankful to Prof (Dr) Subadra Seshadri, Head, Department of Foods and Nutrition for the support and facilities provided to me during the entire period of the study.

Thanks are due to the Ph D Committee : Prof (Dr) U V Mani, Prof (Dr) Pallavi Mehta, Dr N Ankleshawaria and Dr Uma Iyer for their constructive evaluation of the progress made during the study period.

I am grateful to Prof (Dr) Amita Verma, Honorary Director of Women's Studies Research Centre, M S University, Vadodara for endowing research fellowship under Ford Foundation funded project Women Household Development Studies and Information Centre for a period of two years..

My heartfelt gratitude is extended to Prof (Dr) P V Kotecha, Department of Preventive and Social Medicine, Medical College, Vadodara for guidance in analysis of data and for training to use Epi Info software.

I would also like to thank Dr Anima Anand for her assistance and support given in the initial phase of my study and help rendered in bio-chemical estimations.

Acknowledgments are due for the help, cooperation and support provided by the Baroda Citizen Council, the school principals, teachers, the subjects and their parents who were involved in this study.

It is due to my several friends whose moral support, encouragement, assistance have enabled me to complete this study. I express my sincere and deep gratitude to Dr Veerendra Shandilya for his unstinting support and encouragement through out the study period.

I am particularly indebted to my friends Sefu and Vaiju who have never failed in lending unconditional support, encouragement and understanding throughout the study.

My sincere thanks to Dr Farhat Saiyad, Assistant Project Officer, UNICEF, Hyderabad for her constant motivation during the study period.

I extend my thanks to Dr Minakshi Bakshi and Dr Sirimavo Nair for their valuable suggestions and help during the last phase of my study.

The support and help rendered by Dr Vibha Munshi, Dr Mini Sheth, Dr Annie Kuruvilla , Ms Smita Trivedi are highly appreciated.

I would also like to thank Hasmukhbhai and Unique staff for the help extended during the entire study period and printing of the thesis.

The help I received from my brother Kishorbhai for providing computer facility is duly acknowledged.

My hearty thanks to Jiji, Promilaji, Ravi bhaisa'ab and Hasuben for their unstinting support, assistance and understanding catered to me in every possible way during the study period.

Last but not the least my thanks to mota mama, mota mami and Ranjan mami for their tender love and care rendered during the last phase of the study.

Daksha Solanki
