

C E R T I F I C A T E

This is to certify that the thesis entitled " Microbial Dewaxing of Lubracting Oil Fraction and S C P Production" submitted by Shri. Dilip Kumar Adhikari in fulfilment of the requirement of the Degree of Doctor of Philosophy in Chemical Engineering is a bonafide record of the investigations carried out by him in the Chemical Engineering Department, M. S. University of Baroda, Baroda under my supervision and guidance. In my opinion this thesis has attained the standard fulfilling the requirements of the Ph.D Degree as prescribed in the regulations of the University. Part of the experimental work was however done at the I .S. P - Proteins Project premises, Baroda, because of lack of facilities at the department.
