

LIST OF TABLES

TABLE No.		PAGE No.
2.1	Components of Teacher Morale	73
3.1	't' test - high innovative and low innovative schools	149
4.1	Distribution of school mean standard scores of organizational climate	151
4.2	Prototype profile for six organizational climate ranked in respect to openness x closedness.	167
4.3	Profiles of 190 schools grouped in respect to climates.	168
4.4	District wise distribution of schools according to climate type.	182
4.5	Distribution of schools according to climate type in Halpin's study.	185
4.6	Distribution of schools according to climate types in Mehra's study.	185
4.7	Distribution of schools according to climate types in Shama's study.	187
4.8	Distribution of P.T.O. items into factors.	188
4.9	Raw to stanine conversion table of P.T.O. scores.	192
4.10	Interpretation of stanine scores.	193
4.11	Mean faculty morale scores of 190 schools.	194
4.12	Distribution of morale scores in terms of morale categories.	191
4.13	District-wise distribution of 190 schools of Tamil Nadu according to morale categories.	204
4.14	Mean percentage scores of pupil performance of 190 High Schools of Tamil Nadu.	206
4.15	Distribution of pupil performance scores of 190 Schools.	205
4.16	Classification of 190 schools in terms of performance categories.	215

TABLE No.		PAGE No.
4.17	Descriptive statistics of the pupil performance scores.	215
4.18	Innovative Index scores of 190 schools of Tamil Nadu.	217
4.19	Distribution of Innovative Index scores of 190 schools.	216
4.20	Classification of 190 schools in terms of innovative categories.	225
4.21	Descriptive statistics of the distribution of innovative index scores of 190 schools of Tamil Nadu.	226
4.22	Mean pupil performance scores and N values according to climate types.	230
4.23	Summary of analysis of variance results - hyp.1.	230
4.24	't' values - hyp.1	231
4.25	Mean Innovative Index scores and N values according to climate types.	234
4.26	Summary of analysis of variance results - hyp.2.	234
4.27	Mean pupil performance scores and N values according to morale categories.	235
4.28	Summary of analysis of variance - hyp.3	236
4.29	't' values - hyp.3	237
4.30	Mean Innovative Index scores and N values according to morale categories.	238
4.31	A summary of analysis of variance - hyp.4	238
4.32	't' values - hyp.4	239
4.33	Product moment "r" between independent variables 01 to 18 and the dependent variables 19 & 20.	244
4.34	Contingency table.	251
