

ACKNOWLEDGEMENT

First of all, I am grateful to Almighty God, for providing me opportunity, knowledge, courage, ability, and perseverance to accomplish this research work and standing by me at each stage of my life. Without blessings of the God, I might not have leaped a single step toward this milestone.

I would like to express my sincere gratitude to my respected guide **Dr. Vandana J. Rao** for her unabated enthusiasm in instilling in me, conspicuous motivation for excellence and providing inconceivable guidance during every stage of my dissertation work. She always bestowed parental care upon me and evinced keen interest in solving my problems. An erudite teacher, a magnificent person and a strict disciplinarian, I consider myself fortunate to have worked under her guidance.

I am very much thankful to **Dr. Bharat J. Chauhan**, Head of Metallurgical and Materials Engineering Department, for his constant support and guidance. I am also grateful to him to provide facilities in various laboratories of the department.

I would like to express my thanks to **Mr. Raghvendra Joshi**, **Mr. Rakesh Marathe** from Aadhya Engineering and **Mr. Vipul Patel** from Reva Industries, Navsari for providing me testing and characterization facilities at their premises.

I am thankful to all teaching staff and technical staff of Metallurgical and Materials Engineering Department for providing technical assistance and other supporting work.

I would also like to express my thanks to my parent institute, Dr. S. & S. S. Ghandhy College of Engineering & Technology, Surat for providing all kinds of support during my research work. I sincerely acknowledge my gratitude to **Smt. B. H. Goyal**, HOD Metallurgy Department for her constant support and motivation. I am also thankful to Mr. S. F. Parmar, Mr. M. J. Joshi, Mr. A. M. Gautam, Mr. T. K. Kyada, Mr. R. D. Dave, Mr. N. G. Patel, Ms. J. B. Lad and all other colleagues, faculties, and well-wishers for their support and motivation.

I am thankful to Honorable Vice-Chancellor, Registrar, Controller of Examination, Dean and all staff members of the Ph.D. Section of The M. S. University of Baroda, Vadodara for their assistance and support. I am grateful to my Ph.D. thesis examiners for sparing their valuable time to evaluate the thesis.

I offer my sincere gratitude to Dr. I. B. Dave, Professor and Head, Metallurgy Department, GEC, Gandhinagar for providing support whenever required in my research work. I would also like to thank my friends Mr. Naisadh Patel, Mr. Devang Mahant, Ms. Dharmishtha Patel and my student Mr. Fenil Jariwala for their help and moral support.

I would like to dedicate my THESIS to my grandmother, family and guide who have taught, guided, motivated, and supported for achieving my academic goals. I cannot forget to express my humble gratitude to my **Parents** and in laws for their indirect support. My whole hearted appreciation goes to my husband **Jayesh Makwana**, for his care and sacrifices. He always stood by my side in all difficult time of my life and provided support and inspiration to complete research work. I am very grateful to have loving Son **Viyan**, whose innocent smile and love has given me mental support during difficult times.

I would like to express my sincere thanks to all others who have directly or indirectly contributed for successful completion of my Ph.D. work.

Sonam Mukeshkumar Patel

Research Scholar, The M. S. University of Baroda, Vadodara
