

Oral and Poster Presentation

1. Oral presentation on paper entitled “Development of Mixed stationary phase for TLC separation of components from Manjistha roots” in **International Conference on Green Technology and Environmental Pollution control, ICGTEPC-2014** held on 27th September 2014 at National Institute of Technology, Tiruchirapalli.
2. Two Poster presentation entitled “Dispersive liquid liquid microextraction of phthalate esters” and “TLC Visualisation: the eco-friendly way” in **Waste 2 wealth international conference and exhibition** held on 8th to 10th October 2015.
3. Poster presentation on paper entitled “Single drop microextraction of phthalate esters in **Water and waste water technology** held on 22nd February 2016 by Environmental Science Department, The Maharaja Sayajirao University of Baroda. (Awarded as 1st prize)
4. Poster presentation on paper entitled “Determination of phthalate esters in water” in **Frontier areas in chemical society** held on 19th March 2016 by The Maharaja Sayajirao University of Baroda.

Conferences and Workshops

1. Attended **International conference on Membrane based separations “MEMSEP”** held in Applied Chemistry department, Maharaja Sayajirao University of Baroda, on 21 – 23rd March 2015.
2. Attended workshop on “**Gas Chromatography**” in Shimadzu corporation, Mumbai on Basics & Fundamentals of GC-2010Plus on 21-22nd October 2015.
3. Participated in workshop on “**Natural Product Analysis**” (Waters) on 18th Feb 2016, at Waters India Pvt Ltd., Ahmedabad.
4. Attended National e-workshop on “**Modern Analytical Techniques for Material Characterization**” organized by Department of Chemistry, School of Science, Bengaluru, on 9-12 Nov, 2020.
