

Acknowledgements

Its my pleasure to acknowledge the help of my supervisor Prof. [Mrs] Surekha Devi, Department of Chemistry, Faculty of Science, M. S. University of Baroda. She gave me the best possible guidance and numerous insightful suggestions, during the course of the work. The discussions were extremely stimulating for me and will remain among the high moments in my life.

I am thankful to Prof. A. K. Rakshit, Head, Chemistry Department, M. S. University Baroda for providing the necessary facilities available in the department.

I am thankful to Dr. S. Sivaram, Director, NCL, Pune for providing Light Scattering and Library facility.

I am grateful to Dr. Mats Lindburg, Lulea University of Technology, Sweden and Dr. S. Sivaram, Head, Analytical Division, Sun Pharmaceuticals, Baroda for NMR analysis.

The help of Dr. Madhavrao, Chemistry Department, M. S. University Baroda for promptly doing IR analysis is gratefully acknowledged.

I wish to thank my seniors Dr. Santanu Roy, Dr. Ishit Thakore, Dr. Sonal Desai, Dr. Naveen Pokhriyal [Smiling Kaka], Dr. Alpesh Patel, Dr. Paresh Sanghvi and Dr. Ragesh Brahmbhatt for helping me in all possible ways. I would also like to express my thanks to my juniors Vikas, Mandhar, Sachin, Majid, Mahendra and Sheetal for their pleasant company.

I would like to remember Sridhar, Naveen, Annyt, Dinesh, Deepak, Hari, Shinu, Anil, Vihas and Gopi for their friendship and generosity and Mukesh Agresera for some useful discussions.

I am thankful to all staff members of the Department of Chemistry for extending their cooperation.

I gratefully acknowledge University Grants Commission, New Delhi and CSIR , New Delhi for financial help.

And above all, the warmth and blessings of my parents kept me in good spirits and strengthened my determination to succeed.

Sumit Bhawal
