| <b>DEDICATION.....</b>                                                   | <b>I</b>    |
| <b>DECLARATION.....</b>                                                  | <b>II</b>   |
| <b>CERTIFICATE.....</b>                                                  | <b>III</b>  |
| <b>APPROVAL SHEET.....</b>                                               | <b>IV</b>   |
| <b>ACKNOWLEDGMENT.....</b>                                               | <b>V</b>    |
| <b>ABSTRACT.....</b>                                                     | <b>VII</b>  |
| <b>CONTENT.....</b>                                                      | <b>X</b>    |
| <b>ABBREVIATION.....</b>                                                 | <b>XIII</b> |
| <b>LIST OF FIGURES.....</b>                                              | <b>XIV</b>  |
| <b>LIST OF TABLES.....</b>                                               | <b>XVI</b>  |
| <br>                                                                     |             |
| <b>CHAPTER 1 INTRODUCTION.....</b>                                       | <b>1</b>    |
| 1.1 Overview of Food Image Classification.....                           | 1           |
| 1.2 Overview of Deep Learning.....                                       | 2           |
| 1.2.1 CNN: Convolutional Neural Network.....                             | 3           |
| 1.2.2 RNN: Recurrent Neural Network.....                                 | 4           |
| 1.2.3 RvNN: Recursive Neural Network.....                                | 4           |
| 1.2.4 Transfer Learning.....                                             | 5           |
| 1.2.5 Fine Tuning.....                                                   | 5           |
| 1.3 Problem Description.....                                             | 6           |
| 1.3.1 Research Finding.....                                              | 7           |
| 1.4 Motivation For This Work .....                                       | 7           |
| 1.5 Problem Statement, Objectives, Scope And Research Contributions..... | 8           |
| 1.5.1 Problem Statement.....                                             | 8           |
| 1.5.2 Objectives.....                                                    | 8           |
| 1.5.3 Scope.....                                                         | 8           |
| 1.6 Research Contributions.....                                          | 9           |
| 1.7 Thesis Organization.....                                             | 12          |

|                                                                                   |           |
|-----------------------------------------------------------------------------------|-----------|
| <b>CHAPTER 2 LITERATURE STUDY.....</b>                                            | <b>13</b> |
| 2.1 Introduction.....                                                             | 13        |
| 2.2 Pre-processing.....                                                           | 14        |
| 2.3 Food Segmentation.....                                                        | 20        |
| 2.4 Food Classification.....                                                      | 21        |
| 2.5 Deep Learning Framework.....                                                  | 33        |
| 2.6 Convolutional Neural Network.....                                             | 34        |
| 2.6.1 Input Layer.....                                                            | 35        |
| 2.6.2 Convolutional Layer.....                                                    | 36        |
| 2.6.3 Pooling Layer.....                                                          | 37        |
| 2.6.4 Fully Connected Layer.....                                                  | 38        |
| 2.6.5 Output Layer.....                                                           | 38        |
| 2.6.6 Dropout.....                                                                | 38        |
| 2.6.7 Classification of CNN.....                                                  | 39        |
| 2.7 Time Complexity in CNN.....                                                   | 42        |
| <b>CHAPTER 3 TRADITIONAL GUJARATI FOOD<br/>DATASET (TGFD).....</b>                | <b>48</b> |
| 3.1 TGFD.....                                                                     | 48        |
| 3.2 Data Augmentation.....                                                        | 49        |
| <b>CHAPTER 4 IMPROVED SELECTIVE MEDIAN<br/>FILTER (ISMF).....</b>                 | <b>51</b> |
| 4.1 Preprocessing.....                                                            | 51        |
| 4.1.1 Non-Linear Filter.....                                                      | 52        |
| 4.2 Improved Selective Median Filter.....                                         | 54        |
| 4.2.1 ISMF Algorithm.....                                                         | 55        |
| 4.2.2 Illustration of ISMF.....                                                   | 58        |
| 4.3 Features of the Proposed ISMF.....                                            | 60        |
| 4.4 Experimental Results.....                                                     | 60        |
| <b>CHAPTER 5 SIMULATION AND OPTIMIZATION<br/>USING HYPERPARAMETER TUNING.....</b> | <b>64</b> |
| 5.1 Simulation.....                                                               | 64        |
| 5.1.1 Experimental setup and Result Discussion.....                               | 65        |
| 5.2 Transfer Learning.....                                                        | 66        |
| 5.2.1 Model implementation with Transfer Learning.....                            | 67        |
| 5.2.2 Result Discussion.....                                                      | 70        |

|                                                                                             |            |
|---------------------------------------------------------------------------------------------|------------|
| 5.3 Hyperparameter Tuning.....                                                              | 72         |
| 5.3.1 Model implementation with Hyperparameter Tuning.....                                  | 73         |
| 5.3.2 Result Discussion.....                                                                | 77         |
| <b>CHAPTER 6 DRCNN-DEPTH RESTRICTED CONVOLUTIONAL NEURAL NETWORK.....</b>                   | <b>82</b>  |
| 6.1 Introduction.....                                                                       | 82         |
| 6.2 Hyperparameter Selection for DRCNN Using Empirical Analysis .....                       | 83         |
| 6.3 Proposed Model .....                                                                    | 88         |
| 6.4 Featured of DRCNN.....                                                                  | 94         |
| 6.5 Experiments and Results.....                                                            | 95         |
| 6.6 Testing DRCNN.....                                                                      | 100        |
| 6.6.1 Performance Evaluation of DRCNN on Extended TGFD.....                                 | 100        |
| 6.6.2 The Performance of DRCNN with Different Food Datasets.....                            | 102        |
| 6.6.3 The Performance Comparison of DRCNN with Other Models<br>on the Food-101 Dataset..... | 104        |
| <b>CHAPTER 7 TIME COMPLEXITY OF CNN MODELS.....</b>                                         | <b>106</b> |
| 7.1 Introduction.....                                                                       | 106        |
| 7.2 Factors Affecting Time Complexity.....                                                  | 106        |
| 7.3 Complexity of CNN.....                                                                  | 107        |
| 7.4 Complexity Analysis.....                                                                | 109        |
| <b>CHAPTER 8 CONCLUSION AND FUTURE WORK .....</b>                                           | <b>113</b> |
| 8.1 Summary.....                                                                            | 113        |
| 8.2 Outcome of the Research Work.....                                                       | 113        |
| 8.3 Research Output.....                                                                    | 116        |
| 8.4 Future Work.....                                                                        | 117        |
| <b>LIST OF PUBLICATION .....</b>                                                            | <b>118</b> |
| <b>REFERENCES.....</b>                                                                      | <b>119</b> |
